POPPIES TO BE WORN HERE MAY 20-21ST

Poppies which will be worn here in memory of the World War dead on Poppy days, May 20-21, have been received by Umqua unit of the American Legion auxiliary from the veterans' administration facility where they have been made by disabled war veterans. The flowers are crepe paper replicas of the famous poppies of France and Flanders, that flourished and bloomed amid the war's desolation. They are being arranged for city-wide distribution on Poppy day. "Each flower has been made with palms and care by some disabled World War veteran," Mrs. V. J. Miceli, poppy chairman of the auxiliary, explained. "They are made to represent as closely as possible the little red flowers that these men saw on the fields of France where so many of their comrades still lie. Their significance comes from the sacrifices of those thousands of brave young Americans who died in the country's service on the battle fields of France."

"Making the poppies has provided employment for many hundreds of disabled men through the winter and spring months. The work not only has enabled them to help support themselves and families, but also has been valuable as occupational therapy. It has been conducted in veterans' hospitals and in special poppy workrooms in every part of the country."

"Disabled veterans receiving little or no government compensation are the only ones employed in the poppy program. Preference is given to those with dependent families. The work is a Godsend to these men who could not possibly find or perform other employment."
