CAESARIAN BRINGS TWIN FAWNS; 1 DIES

PLUMMER, Idaho, May 20.—(AP)—Dr. Charles Weinberg said today he performed a caesarian operation to save the life of a fawn deer.

The mother deer's legs were broken when she was struck by a train. Twin fawns were delivered, but one died. The other, Dr. Weinberg said, is thriving on a bottle.

PHOSPHATE SUPPLY STUDY IS ADVISED

WASHINGTON, May 20.—(AP)—President Roosevelt recommended today a congressional study of the nation's life-giving phosphate supply with a view to shaping a policy covering both domestic consumption and exports.

In a message stressing that this chemical is necessary to all forms of life—human, animal and plant, Mr. Roosevelt declared it was "high time for the nation to adopt a national policy for the production and conservation of phosphates for the benefit of this and coming generations."

The nation's principal phosphate deposits, he advised congress, are in the Rocky mountain states centering around Idaho, and in Florida and Tennessee with small deposits in a few other southern states. So far the principal phosphate products have come from the relatively limited Florida and Tennessee supplies, while the vast deposits of the west remained little developed.

The recommendations for a study by a joint senate-house committee indicated the possibility that emphasis may be placed in future on development of the western deposits and that there may be undertaken some revision of the nation's phosphate export policies.

The chief executive put much stress on the fact that "the very large percentage of known phosphate rock," probably about three-quarters of the whole supply is on government-owned land.

He also underscored his assertion that the eastern supply, while in private ownership, is today being exported in such quantities that when and if it is wholly depleted, eastern farms will have to depend for their phosphate supply on the far western lands."

CAMAS VALLEY

CAMAS VALLEY, May 20.—Mrs. Louise French has moved to Elk Valley to make her home. Her son-in-law and daughter, Mr. and Mrs. Ed Joyce, have been living there for several years. Elk Valley is 12 miles south of Camas Valley, the last two miles of the distance being only a trail.

Mr. and Mrs. Ray Morgan and family have moved into the farm home on the Jim Conns place. Curley Garrett was quite badly hurt again last Wednesday shortly before noon. He was thrown from a log on which he was standing when the whistle wire broke.

As he attempted to send in a signal, his hand struck on a sharp stump when he fell. It was at first reported that his neck was broken, but on examination at the Myrtle Point hospital, where he was rushed immediately, it was found not quite so serious. A vertebrae in the back of his neck was cracked and a big gash cut. He will probably be in the hospital six weeks. The latest report was very favorable.

Mr. and Mrs. Adrain Standley went to Myrtle Point last week to see Mr. Garrett.

Thelmar Farmer went to see Mr. Garrett, Monday evening, and was very much pleased with his improvement.

Mr. and Mrs. Doyle lived here several months last year when the former was employed at a nearby logging camp. Last summer they went back to Clintwood, Virginia, to visit Mrs. Doyle's parents and were on their way to their home at Arago when they stopped over here. The baby was born in Virginia last November.

A. B. Smith, who has been working near Marshfield for some time, was quite seriously hurt last Thursday when a car ran into him as he was working on a bridge. He was taken to the Elzer hospital in North Bend. Mr. and Mrs. Wayne Reiter took Mrs. Smith to North Bend that night as soon as word was received of the accident. They found him in a serious condition but on Sunday when they went a second time to see him he was improving. He was badly cut on the forehead and otherwise bruised from the accident.

Mr. and Mrs. Everett McCall have 600 more Hampshire Red chicks which they will raise for broilers. Mr. McCall dresses poultry every week for Coos county markets. He has been getting hatching eggs from Mr. and Mrs. Willard Brown and having them hatched at the Shlan hatchery in West Roseburg.

Mr. and Mrs. Ernest Wheeler took a load of dressed hogs to Coquille Friday.

Mrs. James McCulloch and a son and daughter, Jimmie and Geraldine, of Myrtle Point, visited Sunday at the home of Mrs. McCulloch's daughter, Mrs. Thelmar Farmer. They took little Darline McCulloch home with them for a visit. Mrs. Farmer has taken care of her little niece, Darline, since her mother's death.
