Battle Echoes

PHIEW! What a primary election this one turned out to be. As this is written it seems almost certain that Governor Martin is defeated for nomination...

Organized labor will claim the victory as its own in retaliation for what was considered to be an unfriendly attitude on the part of Governor Martin.

Of them all, it is likely the latter was the most potent. It was that vote which Peter Zimmerman polled four years ago as an independent candidate...

So far as the New Deal influence, whatever it really was, is concerned, the writer of this column believes that it was purely incidental.

Out over the nation, however, the defeat of Martin will be heralded as a New Deal victory. The rest of the country will not know the facts. Here in Oregon we know that the entrance of the New Deal into the Martin-Hess battle was the least of all influences in that struggle.

The results in the other state contests were not surprising and had been generally predicted. In the general election in November Rufus Holman and Willis Mahoney will fight it out for the job of being United States senator from Oregon.

The returns for Douglas county offices were interesting especially because of what they revealed concerning the Townsend organization vote. All avowed Townsend candidates were defeated.

The smashing defeat of Commissioner H. B. Roadman by Morris Bowker was surprising. Before the election it was generally talked on the streets that Roadman was putting on a hard and effective campaign whereas Bowker worked at the courthouse full time and did practically no work in his own behalf.

The battle for county commissioner nomination on the republican ticket was one that nobody was willing to make a guess on prior to election. Four of the six candidates were rated as strong and it was thought that the confusion caused by two men of the same name running for the same nomination might have an effect upon the result since both of the Thomases were admittedly strong candidates.

Douglas county is fortunate that this fall it can elect either of the nominees—R. O. Thomas of Elkhorn or J. Ross Hutchinson of Kellogg and have an excellent county commissioner. For nearly ten years we have been overworking our county commissioners by keeping them on duty almost full time. Neither Thomas nor Hutchinson will want to be imposed upon in that way which will result in a cash saving for Douglas county.

Editorials on News

(Continued from page 1) us. Trying to get something for nothing ALWAYS hurts. But they have only SLOWED US DOWN. They haven't taken

away our future. (ENGLAND, you'll remember, had her New Deal about a dozen years ago, and it nearly bankrupted her, France, 15 years ago the richest and soundest country in Europe, has been fooling with a something-for-nothing New Deal, and she is nearly bankrupt now. England scrapped her New Deal, and is coming out of her business troubles—having nothing to worry about now but war.)

JUST give us time and we'll come out of our troubles. After we've tried it long enough and have suffered enough in the process, we'll discover that there is NO SUCH THING as something for nothing and that taking away the other fellow's wealth isn't a satisfactory substitute for CREATING NEW WEALTH by the application of honest labor to our abundant raw materials.

Taking it away from the other fellow doesn't create any new wealth, and there MUST be creation of new wealth if there is to be prosperity.

WHEN we finally quit monkeying with the uncount and four since discredited idea of taking it away from the other fellow and get back to work and SAVING, this country will go ahead in a way that will amaze the world.

Lord Robert le SMART. If he's willing to wait a while for returns, he'll never regret his investment.

JUNIOR SOFTBALL CLUBS ORGANIZED

Junior softball is being organized throughout all of Douglas county under sponsorship of the local post of the Veterans of Foreign Wars. The V. F. W. has adopted softball for youngsters of the county as a national project, and the local post is cooperating to the fullest possible extent.

Boys and girls from every community will be organized into teams, and will participate in an elimination series, which will go to a national championship to be decided at the Memorial stadium in Columbus, Ohio, during the third week in August.

Any business firm, organization or individual desiring to sponsor a softball team is requested to contact Riddle Ritzman, the local chairman, or R. L. Preston. Any boy or girl in the county who will not reach his 17th birthday before August 20, 1938, is eligible to play, and all such young persons desiring to participate are invited to list their names with Mr. Ritzman or Mr. Preston.

During the summer months elimination contests will be held throughout the county, and the winners will be matched in sectional contests which will lead to the state title play in Salem in July.

SENIORS AT R. H. S. PRESENT PROGRAM

Seniors at Roseburg High school last night presented one of their last programs of this year, class night. The program opened with a selection from the school orchestra, "The Toy Trumpet," followed by the reading of the history of the class of '38. The last will and testament of the class were given by Wayne Howe and Maxine Henninger. Lavola McMillen read the class poem.

The far-distant futures of members of the class were seen by a marvelous invention of Professor Addis "Einstein" Lockwood. Each student portrayed a scene from his future life.

A short play, "Objections Overruled," was then given by Mary Leahy, Andy Cora and Maxine Bartley. All seniors were then massed on the stage to sing the class song, written by Thelma Carter and Lavola McMillen.

LOCAL MEN GO TO INSURANCE MEET

H. O. and R. E. Parzinger, local agents for the Oregon Mutual Fire Insurance company, left today to attend the annual agents' convention of the company at McMinnville, Ore., May 23 and 24, in which they are scheduled to take an evening party.

CAMPBELL RITES SET FOR SUNDAY

Funeral services for Walter W. Campbell, who died Thursday at Mercy hospital, will be held at 2:30 p. m. Sunday at the Methodist church at Myrtle Creek. Rev. James Wilson officiating. Interment will follow in the Canyonville cemetery. Arrangements are in charge of the Roseburg Undertaking company.

VETERAN'S BODY TO BE TAKEN SOUTH

The body of Anton Anderson, 79, who died Wednesday at the Veterans hospital here, will be taken to Eureka, Calif., today for burial. The arrangements are in charge of the Douglas Funeral home.

OUT OUR WAY

TRIAL FLIGHT BY ADELAIDE HUMPHRIES

CAST OF CHARACTERS: JACKIE DUNN—heroine; she wanted to fly. ROGIE BRECKNER—hero; he wanted to test the stratosphere. BERYL MELROSE—wealthy widow; she wanted Roger. EVELYN LA PARGE—Jackie's mother; she wanted a son-in-law.

Yesterday, tripped up at her own game, Jackie decides to play it out with Roger to the end, but she finds it is as dangerous as any flight to the stratosphere might ever be.

Roger did not get to take off for the west coast quite as soon as he had anticipated. He was obliged to "hang-around," as he expressed it, until the weather was more favorable.

"I don't want anything to happen on the way out—before I get to make my flight," he told Jackie, who, Jackie, before I go—that is, if you'll wear it." He looked as though he did not know quite how to say what he wanted to say; as though he still felt uncertain as to how Jackie would react to it.

She said, "What do you want me to wear?" carelessly, not prepared for what would come next. "Why not?"

He looked at her another moment searchingly, then he unfastened the small aviation pin, symbol of his achievements, that he always wore clasped to his lapel. "I want you to wear it," he said, offering it to Jackie. "Until I come back... and if anything should happen... Well, I haven't anything else much to leave you, my love."

For once Jackie did not ask him not to call her that. He had said it in such a different way, not on that light note of mockery. He had said it as though he had meant it. But that had not been what made Jackie draw back. "No, no," she said. "I can't take it, Roger." This was going a bit too far with her joke. Somehow it might make the last laugh bitter-sweet.

North Umpqua District: All roads are open and in fair condition. The new North Umpqua highway is in excellent condition from Steamboat to Dry creek, near Hills. Along this highway, and situated on the bank of the river, are two splendid forest camps, Island and the new Apple Creek camp. Both camps are free to the public and ready for occupancy. The North Umpqua is fairly high and extremely cold, as it is carrying off a great deal of snow water. Very few fishermen are fishing the upper river, but a few catches of large cut-throat have been reported. Fly fishing should be good in the smaller creeks. In the tidal section jack salmon and a few chinooks have been taken.

Bobemia District: The Brice creek road is open as far as Crystal creek, 10 miles above Diston. Sharp creek road is open to Brice's cabin, 10 miles above Red bridge. Fishing conditions are ideal with fish taking both wet and dry flies. Gray and brown hackles fishing wet has been giving excellent results the past few days. Officials of the Cottage Grove Rod and Gun club state that snow and water conditions indicate a favorable fishing season. The scenery in the lower elevations is very attractive, with many species of wild flowers and flowering shrubs in full bloom.

Diamond Lake District: Snow still blankets the larger part of this district. The temperature at Diamond Lake has been varying from 45° in the heat of the day to 25° or 30° at night. Trail maintenance has been started on the lower trails and the road east from Big Camas ranger station.

Daily Devotions

By DR. CHAS. A. EDWARDS, D.M. in Christ's Wounds. "If we have never sought, we seek These now; Thine eyes burn through the dark, our only stars; We must have sight of thorn-pricks on Thy brow. We must have Thee, O Jesus of the Scar." If when the doors are shut Then drawest near. Only reveal those hands, that side of Thine. We know today what wounds are—have no fear. Show us Thy scars, we know the counterpane. The other gods were strong, but Thou wast weak. They rode, but Thou didst stumble to a throne. But to our wounds only God's wounds can speak. And not a god has wounds but Thou alone."

CINCINNATI BLANKS NEW YORK GIANTS

By SID FEDER (Associated Press Sports Writer) Johnny Vandermeer, Cincinnati hurler, blanked the slapping Giants, 4-0, with a five-hit job of elbowing yesterday. Only one of the Giants got as far as third base against him as he handed the National league champions their second straight shutout defeat and made it three wins in four starts for the Reds against the league leaders. The win boosted the Reds into the 500 class, with 14 victories in 28 games.

For the Giants, the setback cut their league lead to 3½ games over the second-place Cubs, who almost tore down the fences in the Philadelphia "telephone booth" ball park with a 22-hit attack for a 16-7 victory.

In the only other National league game the Dodgers topped the Pirates, 7-5, although Van Mungo was belted out of the box. Cleveland Holds Lead Cleveland's Indians maintained their slim first-place margin in the American league by trouncing Washington's slumping Senators, 6-3. The second-place Boston Red Sox stayed in the thick of the fight by belting St. Louis pitching for 22 hits and a 16-2 decision over the Browns. Lefty Grove won his seventh straight in this one, not only pitching an eight-inner, but driving in four runs as well.

Schoolboy Rowe lasted seven innings, just long enough to be charged with the defeat, as the Athletics trounced the Tigers, 5-2. The Yankees-White Sox and Cardinals-Bees games were rained out.

The Standings

Behind the Scenes in Washington

WASHINGTON, May 20 — No one can tell yet how well or badly the new farm program will work out, but events have progressed far enough to indicate that it may be headed for plenty of trouble. The wheat carryover threatens to be the largest in history and the government is fairly certain to be up to its neck in loans to farmers on that commodity. The cotton carryover is being estimated at around 12,000,000 bales and although a 35 per cent cut in cotton acreage has been called for, farmers are reported piling so much fertilizer on their soil that the effectiveness of the cut is problematical.

RECREATION NEWS

Douglas County Conditions Summarized in Forestry Service Bulletin. South Umpqua District: Road conditions in this district are somewhat improved, with the South Umpqua road open its entire length from Tiller to Camp Comfort. Devils Knob road is open to the Summit guard station. The Tiller-Trail highway will be open this weekend for light traffic. Streams are clearing rapidly and fishing should be fair during the next few days. At Fish Lake fishing is reported to be excellent. Salmon may be seen jumping at South Umpqua falls. Horses may be hired at Camp Comfort for trips to Fish Lake or other places of interest.

NOTICE OF ANNUAL MEETING OF THE DOUGLAS BUILDING AND LOAN ASSOCIATION

The annual meeting of the stockholders of the Douglas Building and Loan Association of Roseburg, Oregon, will be held at the office of said Association in the city of Roseburg, Oregon, at the hour of 7:30 o'clock p. m., Monday, June 13, 1938, for the election of a board of directors and any business which may properly come before said meeting.

NATIONAL AIR MAIL WEEK MAY 15-21, 1938

9TH INNING HOMER DEFEATS PORTLAND

(By the Associated Press) Little Brooks Holder, San Francisco Seals' outfielder, rated as a mighty man at the bat today. Holder came up in the ninth inning against Portland last night with the score tied 3-3; took a healthy swing at one of Radonitski's fast ones and crack!—the ball went sailing over the right field fence for a homer and the winning run.

Despite the 3-4 defeat Portland remained at the top of the Coast leagues' standings by two full games. San Diego climbed into second place, winning 4 to 2 over Oakland, while Hollywood, defeated 6 to 5 by Sacramento's Solons, slipped back to a tie for third with the Senators.

Marchand and Spindel of Seattle hit homers in the first inning, the latter with two on, to start the scoring that gave the northern club a 7 to 1 win over Los Angeles. Nearly 7,500 fans, who saw Holder paste the pill out of the yard to break up the game at Portland, also saw the night's "honor" player carried from the field.

Many of them had turned out to honor Harvey Storey, Forest Grove, Ore. boy, playing right field for the Seals. He connected for a single in drive in a run but was severely spiked in the kneecap sliding into third a few minutes later and was taken to a hospital where the injury was reported serious. He was snugged by his own spikes. Barton and Cullop of Sacramento hit circuit clouts in aiding the Senators conquer Hollywood.

BARBS

In England the busy signal will be supplanted in the near future by the phone operator's announcement, "The line is engaged." When two women are talking, the announcement ought to be, "The line is married."

A report comes that Americans are toiling in the fields of a half ponds of crackers a year. This must be tickling the clothes-brush people.

A man in Chicago has confessed to writing 12,000 rubber checks. If a judge lays all the offenses end to end, they'll certainly make a long stretch.

An inventor has discovered that friction can be used as a substitute for domestic fuel. Now why doesn't somebody discover a substitute for domestic friction?

A factory in California burned down the other day while two women monopolized a telephone that should have been used for calling the fire department. That makes one factory and a large assortment of ears that were burning at the time.

Hitler's safe in allowing the notes of the Liberty Bell to be heard in a coming symphony concert. He knows nobody'll recognize them by this time.

Berlin recently had an "out more cheese" celebration, and a number of big cheeses were carried through the streets in a parade. Several absent-minded citizens gave the Nazi salute.

Potatoes can be cooked twice as quickly in Boston as in Cripple Creek, Colo., as a result of the difference in atmospheric pressure.
