

CATERESS SLAIN BY STREET ATTACKER

OAKLAND, Calif., May 21.—(AP)—Mrs. Ruth A. Minta, 38, a cateress, was slain early today by a mysterious assailant who attacked her with a paving brick at a street corner.

The attack occurred about a block from Mrs. Minta's home while she was returning from a theater.

Police Chief Wallman said he believed the man trailed Mrs. Minta from the theater and suddenly rained blows on her head with a concrete paving brick wrapped in a newspaper.

Mr. and Mrs. C. J. Moore, living nearby, were awakened by screams and saw a man carrying Mrs. Minta. He then vanished into an alleyway but reappeared shortly, still carrying his victim.

Moore said the man dropped her on the sidewalk and started to run away, halted and returned.

"Get away from me," the prostitute woman pleaded and the man, Minta said, raised his arm and struck another vicious blow.

Chief Wallman said he believed Mrs. Minta knew her attacker and there was a possibility the slayer had attempted to attack Mrs. Minta criminally and had beaten her when she resisted.

CZECHOSLOVAKIAN TURMOIL RENEWED

(Continued from page 1.)

ernment called up a class of army reserves but denied this constituted mobilization for defense. Premier Hodza, however, had said Czechoslovakia was "ready for the conflicts which await us."

Italian-French differences, which some have seen as a fascist device to divert France while Hitler pressed his central European ambitions, were heightened by Italian plans for a military and air demonstration in western Libya, near French Tunisia, while the French Mediterranean fleet maneuvered off the Tunisian coast.

In Spain, insurgent artillery pounded Madrid, killing 12 and injuring about 25 persons, and insurgent forces continued their slow infiltration of rain-swamp mountain terrain on the Teruel to the sea front. The Spanish war map had changed but little during a week of stormy weather.

BUDAPEST, May 21.—(AP)—Well informed quarters tonight reported Czechoslovakia had closed her Polish and German frontiers as the result of mounting tension and disorders over tomorrow's municipal elections.

The same quarters said troops were being moved on both sides of the German-Czech border, one-half of little Czechoslovakia's mountain-fringed frontier.

Four points on the Hungarian frontier also were shut, though officials in Hungary said the borders were open as far as they were concerned.

Premier Inrudi's cabinet held a four-hour session which was understood to have been concerned with important developments in anxious Czechoslovakia. As far as could be learned the Hungarian government had made no move but was standing pat watchfully waiting for any break.

RELIEF FUND GETS COMMITTEE BOOST

to be made available immediately. Hopkins told the committee, WPA would not increase its present rolls of 2,600,000 persons by more than 200,000.

Flood Control Approved

The senate commerce committee approved today without major change an omnibus flood control bill passed by the house.

The bill would authorize construction of projects to cost \$375,000,000 during the next five years.

It would retain the principle of local participation through a contribution of 30 per cent of the cost of lands, easements and rights of way for reservoirs.

The committee rejected proposals to increase or lower the amount of local contributions.

BOWKER RECEIVES NOMINATION FOR DOUGLAS JUDGE

less than 50 per cent of the total registration. Approximately 6,000 votes were cast out of a total of 13,650 voters registered for the election.

Republican voters in the U. S. senatorial contest gave Rufus Holman, state treasurer, almost a two to one lead over Robert Stanfield, former senator from Oregon, while Willis Mahoney, former mayor of Klamath Falls, also had a two to one lead over U. S. District Attorney Carl Donough of Portland for the democratic nomination.

Congressman James W. Mott has

right to feel proud of his six-to-one majority over Walter Norblad of Astoria at the hands of Douglas county republicans. A. C. Burk was the choice of the democrats, with Miller and Nott running closely behind.

The final totals from Douglas county's 49 precincts gave the following results:

U. S. GAINS SEVEN NEW CITIZENS HERE

When Andrew Lange of Roseburg was a resident in Alaska several years ago, he enjoyed full privileges of citizenship, following naturalization, but the courthouse burned and his records were destroyed, so today he was a member of a class of seven applicants who received final papers in the circuit court for Douglas county. He is a native of Norway.

Others admitted to citizenship were George Alexander Sundberg of Melrose, native of Sweden; Mrs. Lettie Fordon, Canas Valley, native born, who lost her citizenship when her husband was naturalized in Canada; Patrick Joseph Smith, Dixonville, native of Ireland; August Martin, Coos Junction, native of Switzerland; Louis Kay, Roseburg, native of Germany, and John H. Robertson, Roseburg, native of Scotland.

Due to the failure of required depositions to arrive in time for today's hearing, the case of Carl Franz Buehler of Drain was continued.

Edwin James Neff was not present and his case also was continued.

The new citizens were given an inspiring address by Circuit Judge Carl E. Wimberly, who stressed the responsibilities connected with citizenship.

Several representatives of patriotic organizations addressed the new citizens briefly, and County Judge Huron Clough, on behalf of Umpqua post of the American Legion, welcomed the class and presented each member with an American flag.

CHICAGO RELIEF MEASURE PRESSED

CHICAGO, May 21.—(AP)—An appropriation measure designed to meet Chicago's relief crisis was pushed toward passage in the special session of the legislature today.

The bill called for an increase of \$500,000 monthly in state aid for relief. Legislative leaders hoped for passage by Wednesday. Relief officials said the measure was a stop-gap proposal at best because Chicago alone required at least \$1,000,000 additional each month.

JAPS HAMMER AT TRAPPED CHINESE

lery, planes and infantry hammered at Chinese forces in 25 by 15-mile area near Suchow. Bombing planes, returning to their base with empty bomb racks, and going out with the racks loaded, made an almost constant two-way procession.

HANKOW, China, May 21.—(AP)—The Chinese high command today said Chinese forces retreating from fallen Suchow still held key positions on the Tientsin-Pukow railway to prevent consolidation of Japan's lines from Nanking to Tientsin.

In addition the Chinese declared their positions would prevent Japanese organization for a drive westward to Hankow, the temporary Chinese capital, believed to be Japan's next major goal.

Civil branches of the government went about their business apparently unperturbed by loss of Suchow, vital rail junction where main east-west and north-south lines cross.

SOCIALIST CHIEF SUES POLICE HEADS

NEWARK, N. J., May 21.—(AP)—Norman Thomas, socialist leader, filed suit in federal court today for \$5,000 damages from each of four Jersey City police officials, who ejected him from the city when he attempted to speak there April 20.

The suit charged the police "with force of arms did assault the plaintiff, seized and pulled him and compelled him to go with them to a ferry slip and board a ferry boat for Manhattan."

Thomas charged also interference with his liberties as an American citizen, saying he was not privileged to go where he pleased, although he was not arrested.

The suit named as defendants, Public Safety Director Daniel J. Casey, Police Chief Harry Walsh, Deputy Chief John J. Underwood and Inspector Henry Gauthier.

MEXICAN TROOPS CLASH WITH REBELS

SAN LUIS POTOSI, Mexico, May 21.—(AP)—Federal government cavalrymen fought their way into the town of Rio Verde today in their drive to rout the private army of General Cedillo.

Federal troops of President Cardenas were said to have retaken the town, 60 miles southeast of San Luis, from rebels.

Twenty-two rebels were reported killed, 15 wounded, and 80 captured.

MARKET REPORTS

WOOL

BOSTON, May 21.—(AP)—The Commercial Bulletin today says: "Wool is easier. There is no denying that the political uncertainties are contributing to depress further a market naturally more or less dull, at this season. Not only are the mills bidding less money on Summer street but there is also some let-down in the west. Wool moves more slowly, in consequence."

"Foreign markets are irregular. Primary markets are fairly firm on fine wools but crossbreds are easy and secondary markets are unattractive and dull."

"There is little new in the piece-goods markets. Buying is limited and subject to forced sales, as is true in clothing."

"Mohair is slower and inclined to ease slightly again."

The Bulletin publishes the following quotations:

Oregon: Fine and f. m. Staple 65-66; fine and f. m. clothing 56-58.

Mohair: Oregon, 25-27.
