

KERR'S MARKETING PLAN VOTED, 5 TO 3

Oregon's Higher Education Board Decides Question After Debate.

PORTLAND, June 14.—(AP)—Decision to accept Dr. W. J. Kerr's general recommendation for establishment of a new division of agricultural and industrial marketing was reached by the state board of higher education today after a debate that ended in the adoption of a minority committee report favoring the plan by a vote of five to three, with one member absent.

With all members declaring adherence to the idea of bettering Oregon's marketing procedures, but differing on methods by which it is to be accomplished, the vote of five to three found President Willard L. Marks, E. C. Sammons, E. C. Pease, Herman Oliver and Walter E. Pearson favoring the plan proposed by Dr. Kerr, while Robert Ruhl, C. A. Brand and Mrs. Beatrice Walton Sackett opposed it.

In brief, Dr. Kerr's recommendations for bettering Oregon's marketing position are for the state board of higher education to devote approximately its present budgeted funds in this field to the creation of a division of agricultural and industrial marketing at Oregon State college to be managed at the start by only a director and office help. This director is to take the initiative in coordinating the present activities of the state in production and marketing with a view to bettering the marketing of Oregon products.

OREGON EVENTS FLASHED FROM WIRE SERVICE

SALEM, June 15.—(AP)—The week beginning next Sunday was designated as "help clean up our Hivers" week by Governor Martin, who urged that Oregonians "conserve our rivers and streams for recreation and the maintenance of health."

SALEM, June 15.—(AP)—The hydroelectric commission was petitioned to study the proposed McKenzie River People's Utility district, which would extend from a point one and a half miles east of Wlida to two miles above McKenzie Bridge.

NEW YORK, June 14.—(AP)—Twenty-one-year-old Mrs. Juanita Lewis, set up business today as a sidewalk shoe shiner and harvested enough nickels to decide: "This is better than working in a store."

"My hubby is out of work," she said. "Anyway, I like it. I can be my own boss and knock off when I get tired."

NEW YORK, June 14.—(AP)—The inalienable right of a woman to weep as long and as noisily as she chooses, anywhere she desires, was upheld today in bridge plaza court.

Patrolman Harry Brockstedt had arrested Mrs. Mary Mitchell, 45, for lamenting loudly and inexcusably in a bakery.

The magistrate promptly dismissed the charge.

WASHINGTON, June 14.—(AP)—Postal officials said today that the forthcoming James Madison stamp will be pink and similar in size and design to other stamps in the presidential series. It will be of four-cent denomination and will be sold for the first time July 7, here.

11 SENATORS READY TO AID VAN NUYS

INDIANAPOLIS, June 14.—(AP)—Senator Van Nuy (D., Ind.), tagged for retirement by the democratic state administration because of his fight against the Roosevelt court reorganization measure, said here today eleven of his senate colleagues had volunteered to stump Indiana in support of his independent candidate for reelection.

Van Nuy said Senators Clark, Missouri; Wheeler of Montana; Bailey of North Carolina; Copeland of New York; Byrd of Virginia; O'Mahoney of Wyoming; Burke of Nebraska; Connally of Texas; Gerry of Rhode Island; Tydings of Maryland and Gillette of Iowa, all democrats, had placed themselves at his disposal.

"They're all as independent as a hog on ice," the Indiana senator added.

"I'm going to run as an independent, as I said before. I haven't a chance of the democratic nomination."

VACATION SCHOOL AT DRAIN

DRAIN, June 15.—The vacation Bible school, started Monday morning at the Methodist church. The school opens each morning at 9 o'clock and closes at 11:30 and will run for one week only. A road course is arranged and teachers are volunteer workers from each church. The faculty consists of Rev. Robert L. Parker, Miss Irene Parker, Mrs. W. W. Aitken, Mrs. Bessie Lakey and Rev. and Mrs. E. J. Heise. A certificate will be given for perfect attendance.

SANTEE CONVICTED OF POLYGAMY COUNT

GRANTS PASS, Ore., June 14.—(AP)—Edward N. Santee, charged with polygamy, was found guilty today by a jury of twelve men after they had considered the charges only 29 minutes. The trial began yesterday.

The state contended that the real estate dealer had married Irlina Spencer Johnson January 20 of this year while still married to Christena M. Santee, now of Kelso, Wash. Santee's plea that he had obtained a Mexican divorce in 1935 was thrown out when Circuit Judge Norton refused to recognize the authority of the Mexican decree, declaring that the parties concerned were not residents of Mexico and that laws of the United States would apply.

Only a handful of people heard the decision despite the general public interest in the trial created by the deaths of two of Santee's wives were in the past two years. Irlina died here January 29, shortly after her marriage to Santee, and a civil suit has been filed in Washington disputing validity of the title to property with the charge she deeded it while under the influence of drugs administered at the county hospital here to alibi pain.

Lavilla S. Santee was killed by gunshot almost exactly two years ago and Santee himself was wounded in a case which officials say has never been satisfactory explained. A grand jury said she met her death at the hands of persons unknown.

Judge Norton said he would probably pronounce sentence next week.

TEACHERS CHANGED AT OREGON STATE

PORTLAND, June 14.—(AP)—The board of higher education accepted the resignation of Dr. E. L. Packard, dean of the school of science at Oregon State college, today. The educator will retain other faculty posts and devote more time to teaching and research.

Upon the recommendation of Chancellor Frederick M. Hunter, board appointed Dr. F. A. Gillfillan, head of a department in the school of pharmacy, as acting dean in the school of science.

Packard will retain the rank of dean as director of general research for the higher educational system, director of the institute of marine biology and head of the department of biology.

The dean went to Corvallis from the University of Oregon in 1932 when the school of science was transferred.

The board announced that Gillfillan, a professor of chemistry, would receive the same salary as previously.

HEIRESS MARRIES BUTTER-EGG SELLER

NEW YORK, June 14.—(AP)—Over parental disapproval, 18-year-old Andrea Luckenbach, shipping heiress, was married today to William Dobbs, 22, butter and egg salesman and amateur rider.

The ceremony was performed by the Rev. Dr. Richard Hegarty, pastor of the Manhattan, N. Y., Methodist Episcopal church, at the home of Adolf Gami, first vice president of W. R. Grace & Co., at Kensington, Long Island. About 30 guests were present.

The bride was given in marriage by her half-brother, Lewis Luckenbach, the only member of the Luckenbach family in attendance.

In the simple ceremony, the word

20-30 SEES STARS, HEARS ABOUT THEM

Members of the Roseburg 20-30 club saw stars at their regular weekly meeting last night. The stars were viewed through a homemade telescope set up on the roof of the Grand hotel by Frank Mosher of Clarkston, Washington, who gave a very interesting talk before the club on the subject of telescopes and their manufacture.

Gordon Bennett, president, gave a short report on the state convention held last Saturday and Sunday at Medford. Among those attending from the Roseburg club were Mr. and Mrs. Gordon Bennett, Mr. and Mrs. Earl Wieser, Ray Woods, Bob Black, Tom Neas, Percy Robinson and Peyton Oederkirk.

The United States biological survey has banded more than 3,000,000 birds, for the purpose of mapping the migratory flyways of the various species.

In 1880, a U. S. patent was granted on a chalk mark. The mark was placed on furniture to keep out insects.

JUNIOR C. OF C. TRIO VISITS HERE

Goodwill Greetings Given Representatives From Longview, Wash.

Three representatives from the center of the world's largest lumber milling operations, Longview, Washington, were guests of the Roseburg chamber of commerce today.

They are Wendell Judd, Ed Johnson and Jack McCutchan, of the Longview junior chamber of commerce, who are en route to the National Junior Chamber convention at Oakland, California, June 15 to 18.

The trio is making a good will tour through Oregon and California before attending the convention. Greetings of the local chamber were extended by W. C. Harding.

Judd, who is head of the Longview organization, extended an invitation to residents of the Roseburg area to visit Longview and the Long-Bell and Weyerhaeuser lumber mills, largest in the world.

A motion picture produced by the Weyerhaeuser Timber company, showing practically every phase of the lumber and pulp industry, will be exhibited by the delegates at the convention.

Among the displays which the Longview group will sponsor at the Oakland session is a huge "Paul Bunyan" axe, which has played a prominent part in civic celebrations since the city was founded in 1923.

HAY FIRE BLAMED ON CARELESSNESS

A carelessly tossed match set off a fire which burned over a hay field at the north end of Winchester street Tuesday afternoon, threatening residences in that district. The fire department was called and controlled the blaze, which resulted in little damage.

DIAMOND LAKE

DIAMOND LAKE, June 15.—The 7 lb. 5 oz. rainbow landed last week by Guy Churchill of Marshfield was surpassed Friday by a 10 1/2 pounder brought in by H. A. Bork of Corvallis. Mr. Bork was using a Dave Davis spinner and worms. Among the crowd of fishermen who gathered around to admire Mr. Bork's catch were Sheriff A. C. Burk, Sam Yates and Mike Steinbeck, of Salem, here for one of their several annual week-end at Diamond Lake. Fishing is above average at this time. Sergeant Ed Walker, stationed at Diamond Lake, reports checking 25 limit catches Saturday, June 11. Three limits were taken in the same boat by Lewis Janke and party of Portland. Practically everyone stopping at the boat house coming off the lake has at least some fish to show for their efforts.

The Big Camas ranger station is now open with Ranger Harold Bowerman in charge. Ranger Bowerman reports that the Cascade lakes highway is open from Diamond Lake to Big Camas, Kealey valley and Thorn Prairie. But yet blocked by snow in Windigo pass. However fishermen desiring to try early stream fishing may easily reach Lake creek over the above road from the resort.

A number of former guests returning are greeting an old friend, and enjoying the fine food limits prepared by Alfred W. Poppewell, chef. Mr. Poppewell, after a period of absence from the kitchen, consented to return this season direct from Hotel Samarkand of Santa Barbara, Calif. The Samarkand with its Persian garden is known as Santa Barbara's most exclusive hotel. It would have been impossible for the resort to secure his services had he not remembered the bracing air of Diamond Lake and desired to spend the summer in less strenuous work than that required in his former position to which he will return at the close of the season.

Although more than 150 miles of passageways already have been explored in the Mammoth cave of Kentucky, many miles still are to be seen.

CANAL PROCEDURE SUBJECT OF TALK

A discussion of procedure connected with the current project for canalization of the Umpqua river was presented at the regular Tuesday luncheon meeting of the Roseburg Kiwanis club by Harris Ellsworth, News-Review editor.

Mr. Ellsworth explained that in a project of the type now under consideration, a preliminary hearing is held by the district engineers, who in this case are reviewing a report made in 1910. If the preliminary hearing shows the project has sufficient merit, the engineers recommend a survey be made to determine the cost. After the estimates are prepared appropriate plans will be asked to meet construction expense in the event the project meets final approval.

NEW POLICY SET

The latest development in perfecting actual operations under a policy to cooperate with farmers is contained in the following bulletin issued to division managers of Safeway by L. A. Warren, president of the company:

"Two years ago we adopted a policy of not using farm products as loss leaders. In the future you see that no farm products are sold at less than 20% over your landed warehouse cost, except to meet competition."

DRAMA ON TRAFFIC DATED AT CHURCH

A unique presentation, "Death Takes the Steering Wheel," will be presented at 8 p. m. Thursday at the First Presbyterian church. The drama will be presented in the form of a murder trial with James E. Newberry as defendant, H. A. Canaday as judge, Rev. J. R. Turnbull as prosecuting attorney, and Hayward Johnson, defense attorney.

The plot revolves around the trial of the defendant on a charge of killing two men and injuring a woman during a drunken spree.

Other members of the cast will be Mary Ellen Darby, sweetheart of the deceased; E. E. Woodcock, bailiff; Rev. Ira Rankin, sheriff's officer and Rev. L. C. Johnson, court clerk; Rev. B. C. Gleaton, coroner, and Annette Fisher, star witness. The jury will consist of Harry Howe, Charles Harris, Alvin Tipton, B. S. Nichols, C. W. Kirk, James Pinkerton, Roscoe Marston, Carlos Page, Rev. E. P. Lee, Craig Hays, R. L. Dunn, Rev. Lunden G. Leavitt, and C. G. Stanton.

Admission will be free, but an offering will be taken.
