

HUTCHINSON HANDS BLANK TO PADRES

Seattle's Hurling Marvel Tallies 11th Triumph; Stars Beat Beavers.

SAN FRANCISCO, June 22.—(AP)—Eighteen-year-old Freddie Hutchinson last night pitched himself into and out of a couple of jams for his second straight shut-out and his 11th victory of the season in Pacific Coast league baseball.

Freddie allowed seven hits as Seattle pulled out a ninth inning 1-to-0 win over the San Diego Padres. Strange's single in the last of the ninth scored Hunt for the only run of the game last night.

Freddie, who blanked Portland 7 to 0 last Thursday, loaded the bases in the first inning with none out and then retired the side. He repeated the performance in the ninth inning with the help of Padre Pitcher Craghead, who flew out to right field.

Craghead allowed Seattle ten scattered hits.

Some 13,000 fans turned out to watch the performance of Freddie, who turned down big league offers because they weren't right and now being scouted by the Cleveland Indians and the New York Yankees.

Sactos Boost Lead

Sacramento increased its league lead to five games by defeating the Oakland A's 4 to 1 as Los Angeles trimmed the second place San Francisco Seals, 10 to 4, in a game marked by four home runs.

Knocking Hilleher out of the box in the first inning with a six-hit, three-run onslaught, the Hollywood Stars had an easy time defeating the Portland Beavers, 6 to 2.

Although he was hit hard, Lillard, Los Angeles pitcher, helped his own cause by clinching a homer in the fourth inning. Collins, Angels catcher, smashed another one out of the lot in the seventh inning with the bases loaded and English hit one in the same inning with none on base.

JABS AT SCHMELING ROIL NAZI ORGAN

BERLIN, June 21.—(AP)—Der Angriff, organ of Dr. Paul Joseph Goebbels, minister of propaganda, today complained bitterly of the "unsportsmanlike" attitude of the American press toward tomorrow's championship fight between Max Schmeling and Joe Louis.

Der Angriff accused papers in the United States of engaging in "hatred of the worst sort and stupid attacks" on Schmeling and Germany in connection with the encounter in New York.

Ridiculous reports that Schmeling would be arrested if he lost, the Goebbels organ said American newspapers were making a "political affair" out of the contest and making a "great organized campaign of lies."

Der Angriff concluded: "Do Americans think so little of their world champion that even in the last few hours before the fight they are trying to destroy Schmeling's fighting morale with such attacks?"

"Max will be wise enough to give the yelpers the cold shoulder and permit nothing to destroy his composure and optimism."

AMBERS WIN BUT HARDLY IMPRESSIVE

LOS ANGELES, June 22.—(AP)—Easy victor in his final bout here last night, Lightweight Titleholder Lou Ambers was ready to return to New York today to prepare for his championship engagement July 26 with Hurry-up Henry Armstrong.

Ambers whacked out a one-sided decision over Jimmy Vaughn of Cleveland last night, but was hardly impressive. He carried nine rounds but was never able to put Vaughn on the floor.

Armstrong, the Los Angeles negro who holds the featherweight and welterweight titles, witnessed the bout.

It was a non-title match. Ambers coming in at 137, Vaughn at 150.

USE OF ROTARY'S PRINCIPLES URGED

SAN FRANCISCO, June 21.—(AP)—Delegates to the Rotary international convention split up into 40 vocational groups today to talk shop and discuss industrial problems in the light of a presidential admonition to apply mutual understanding to economic difficulties.

The divisions were arranged to promote fellowship among the 10,000 or more visitors from all over the world to give each delegate an opportunity to meet others of his own business or profession.

Maurice Duperray of France, president of Rotary International, opened the convention yesterday with an appeal for the use of Rotary ideals in settling social, economic and international problems.

He said Rotarians knew it was "far better to come to a mutual understanding regarding the distribution of riches than to take them by force of arms, after which the same problems are bound to recur under another guise."

Frank L. Mulholland of Toledo, Ohio, a past president, told the convention that Rotary had increased the number of its clubs 25 times since the order held its eighth international meeting here in 1915.

"There were 186 clubs then," he said. "Now there are nearly 5,000."

"Rotary's annual income then was \$15,900. Today it is \$1,180,923. In the 1915 convention there were 923 women and 968 men. Today I speak to more than 10,000."

"These 23 years have demonstrated the effectiveness of Rotary."

MELLON ESTATE TAX MESS SETTLED

WASHINGTON, June 21.—(AP)—The government settled today for \$688,029 a \$3,000,000 tax controversy involving the estate of the late Andrew W. Mellon, former secretary of the treasury.

The settlement included \$455,809 principal and \$182,220 interest figured from 1931, the year in which Mellon allegedly underpaid his income taxes.

A ruling by the board of tax appeals had awarded the government \$1,013,953 plus interest and had exonerated Mellon of income

CLEVELAND DRIVES YANKS TO 3RD SPOT

Cincinnati Trims Giants by Routing Hubbell; Higgins Sets Batting Record.

By BILL BONI
(Associated Press Sports Writer)

Instead of the "subway series" that seemed so likely when the big league firing started in April, this fall's big show of baseball may be an all-Ohio proposition.

The Cleveland Indians, who hammered the Yankees back into third place yesterday, 10-5, are pacing the American league. The Cincinnati Reds, on the strength of the 52 battering they handed Hubbell, are just a game and a half behind the National league-leading Giants and can jump that gap by taking the two remaining games of their series.

It's not such a long shot, either. The Giants, struggling along minus lead-off man Joe Moore and with a revamped lineup, have dropped their last three starts. The Reds, on the other hand, are riding a streak in which they have lost only three out of 14 games and have zoomed out of the second division into second place.

But the Reds' harsh treatment of Hubbell and the Indians' 14-hit assault on Yankee Red Ruffing wasn't all of the day's fireworks.

New Record Posted

In Detroit, Higgins wrote a new chapter into baseball's book of big league records and at the same time erased a famous name. The Red Sox third baseman, with four hits in each half of a doubleheader with the Tigers, ran his streak of successive safeties to twelve, bettering by one the previous mark set in 1929 by Tris Speaker.

Tiger Rudy York hit a homer in each game to the Boston's Jimmy Foss for the lead at 19 each, and the Sox, winning the first by

WILLAMETTE PLAN SPEEDING IS URGED

WASHINGTON, June 21.—(AP)—Senator McNary (R-Ore.) asked the war department today to speed preliminary preparations for construction of a multi-million dollar flood control project in the Willamette valley of western Oregon.

He said he expected to ask the public works administration for an allocation of funds to "get the work started this year" after the division army engineer at Portland had prepared necessary estimates.

The projects, approved by congress the past session, could then be provided for through regular appropriations next year.

Go to Portland—Mrs. H. R. Slater and son, Bob, of this city, left Tuesday for Portland to spend a week visiting and attending to business.

OREGON LUMBER DUTY CUT URGED

SALEM, June 21.—(AP)—Gov. Charles H. Martin appealed to WPA Administrator Harry Hopkins today to aid the state's \$2,900 unemployed by seeking tariff preferences for Oregon lumber.

The governor, in a letter to Hopkins, said that "removal of discriminatory British tariffs against Oregon lumber... would enable the lumber industry of my state to reemploy thousands of jobless loggers and sawmill workers and to greatly augment employment in related industries."

He said that in normal times 27,000 men are employed in the state's lumber industry, but now 8,451 are working full time, 7,350 part time and 11,199 not at all.

"These figures... disclose a condition of human distress as dire as that in the dust bowl areas during the drought years. The latter was imposed by nature. In Oregon the disaster is largely man-made."

The governor wrote that 45,640 of the state's 82,000 jobless live in Multnomah county, adding that "a crisis impends" in the western Oregon counties where the relief

TIME TO REFUEL
