SEN/ TOR NYE WINS IN N. DAKOTA PRIMARY

Editorials ON THE Day's News

By FRANK JENKINS
PRESIDENT ROOSEVELT announces to the nation that he is prepared to fight personally for the election this fall of a congress favorable to his policies.

WELL, that isn't surprising. Nor, if he refrained from using the money power and the patronage power of the federal government to FORCE the election of the kind of congress he wants, would there be anything in his proposed program to condemn. It is only natural that a President (such as Mr. Roosevelt) who has a program involving far-reaching changes in our system of government and our way of living should want a congress that will go along with him at every step. There is no good reason why he shouldn't try to persuade the voters to give him that kind of congress.

BUT before we LET him persuade us to that effect, we should remember this: The kind of congress Roosevelt wants is a RUBBER STAMP congress. He WANTED a rubber stamp supreme court, but because he didn't have a 100 per cent rubber stamp congress he couldn't get what he wanted. If he gets a congress that will go along with him at EVERY STEP, he will GET a rubber stamp supreme court. That would be too much power to put in the hands of ANY MAN in this country.

THIS writer, while conceding President Roosevelt's right to TRY to persuade the voters to

FORUM'S PROGRAM WILL FEATURE CCC

A program of unusual interest is to be presented tonight in connection with the chamber of commerce forum dinner at the Umpqua hotel at 6:30 o'clock. The program will feature CCC information presented in short talks by officers and men of the corps.
V. V. Harpham, supervisor of the Umpqua National forest, will serve as toastmaster. Speakers will include Lieutenant John L. Kennedy, commanding officer at Steamboat camp, who will present "The Army's Part in the CCC"; J. C. McConnell, Jr., senior foreman, "Oregon as Viewed Through Southern Eyes"; Guy R. Moore, camp educational adviser, "Education in the Camp"; James E. Bolen, Jr., assistant camp educational adviser, "Education on the Job"; Ollie N. Eakin, forestry clerk, "History of Steamboat Company"; Henry C. Pigott, canteen steward, "CCC Welfare."
Thomas Stovall, truck driver, who is one of the camp's leading entertainers, is to accompany the party and will sing "Darkness on the Delta," and other songs, accompanying himself on the guitar.

Oddities Flashed From Press Wire

Tip
ST. CHARLES, Mo.—Justice of the Peace George R. Hart is certain one couple is beginning married life under false pretenses.
Hart cashed a \$50 check for the couple after the marriage ceremony, then declined a \$1 tip. The check bounced.
"I wish now I'd taken the tip," he said.

Jitterbugs
EMPORIA, Kans.—Swing has invaded local girl scout ranks.
The Minnehaha patrol is now officially—the Minne-Hot-Cha patrol.

Three of a Kind
POCATELLO, Idaho—Judges who must select "Miss Idaho" at a forthcoming beauty contest are perturbed.
Elsie, Ethel and Edna Seelos,

Roosevelt Signs Flood Control Bill

ENDORSEMENT BY PRESIDENT "RELUCTANT"

\$386,500,000 Program Not in Accord With Federal Planning, Declares Nation's Chief.

HYDE PARK, N. Y., June 29.—(AP)—President Roosevelt announced today that he had signed the \$386,500,000 omnibus flood control bill "with some reluctance." Asserting that it "is unnecessary for me to emphasize the importance of carrying on a large and continuing program to eliminate floods, lessen soil erosion, continue reclamation, encourage reforestation, and improve navigation," the president declared the bill he signed "is not a step in the right direction in the set-up provided for general government planning."
"I am in doubt," President Roosevelt said, "as to the value of some of the projects provided for, and it is unwise to place recommendations to congress solely in the hands of the engineer corps of the army in some cases, and of the department of agriculture in other cases."
The bill provides for a 5-year program of flood control works construction, for which \$375,000,000 is authorized to be appropriated. In addition, the measure authorizes \$10,000,000 for examinations and surveys by the war and agriculture departments and \$1,500,000 for surveys by the federal power commission. The bill carries no appropriation itself.
The flood control program would extend from the Merrimack river in the east to the Willamette in the west and down to the lower Mississippi river basin.
Jobsless Problem Unsolved
Prior to signing the flood control bill, President Roosevelt gave the nation assurance that the big federal drive on depression would reach full momentum by July 1.
At the same time, the president said, this country still is searching for a permanent solution of the unemployment problem—a solution that will involve big expenditures for armaments.
Mr. Roosevelt, discussing relief objectives at a press conference late yesterday, said one matter under study was how Sweden was able to pay off the cost of a public works relief program, instantly.

ANOTHER TRY AT MT. EVEREST FAILS

KALIMPONG, India, June 29.—(AP)—Another attempt to scale majestic Mount Everest has ended in defeat some 2,000 feet short of its 29,241-foot peak.
Captain P. R. Oliver, member of the British expedition led by H. W. Tilman, arrived here today from the expedition's base near Rongbuk glacier with word that the effort to scale the world's highest mountain had been abandoned.
He reported that the expedition had reached camp six, about 27,000 feet above sea level.
The Gilman expedition is the seventh to attempt to scale Mount Everest in the last 20 years. No one has ever reached the top.

Winner—by a Moustache

MILWAUKEE, Wis.—The city council newed Joseph Bornstein's liquor license, but only after an alderman offered an explanation for the tavern owner's conviction on a charge of selling liquor to two minors.
Bornstein misjudged the youths' ages, said the alderman, because they wore false moustaches—made of rabbit fur.
Child Tragedy
BEAVER CROSSING, Neb.—Five-year-old Joan Rice wanted to cook something nice for her dolls. Without her parents' knowledge, she obtained some gasoline, poured it into a little toy stove. Then she lit a match.
The stove exploded and Joan died.

Heir Missing In Mountain Jaunt

Searchers are still combing the mountainous region near Albuquerque, N. M., for John Medill McCormick, above, 21-year-old heir to the publishing family millions, missing for a week after starting on a climb with his pal, Richard Whitmer, 20. The body of Whitmer, who was killed in a fall, has been found.

KENNEDY DENOUNCES MAGAZINE ARTICLE

Aid Getting Foreign Post and "Selling Whisky" Branded "Lie."

NEW YORK, June 29.—(AP)—Joseph P. Kennedy, ambassador to Great Britain, today denounced as a "complete unadulterated lie" an assertion in a current magazine article that James Roosevelt, son and secretary to the president, helped get him his ambassadorial post and helped him as well to become "the premier Scotch whisky salesman in America."

The article, by Alva Johnston in the Saturday Evening Post, dealt mainly with young Roosevelt and his career as an insurance salesman.
Kennedy commented on the story as he sailed for his London post. Reading the section applying to him he commented with a grin: "I admit I am the ambassador but I deny that I am the premier Scotch whisky salesman in my country. I do like, however, to be the best in everything."
Reading further in the article he added he never had bought "one-cent's worth of insurance from Jimmy Roosevelt." He had needed nobody's help in getting public positions, he said.
"Kennedy," he said, "is able to get along pretty well without help from anyone."
The Johnston article, he went on, "tries to make me out a phony but if all of it is as true as the part I have read about myself it is a complete, unadulterated lie."
The ambassador said he had been amused to hear that process servers had a difficult time in reaching him with papers in a \$1,000,000 suit brought against him and others by J. Edward Jones, an oil man, remarking "the papers reported every day exactly where I was."

He added his counsel had been served with a summons on his behalf. Jones claims damage to his business by the securities and exchange commission, of which Kennedy formerly was chairman.

THE DALLES PLANS SWIMMING POOL

THE DALLES, June 29.—(AP)—The city council today had authorized the Wasco county engineer to prepare plans and specifications for a city natatorium to be constructed on a site just west of Mill creek, on the Columbia river highway. The engineer was instructed to prepare alternate plans for possible use of a complete PWA project or combined WPA and PWA projects.
The council contemplates the construction of an outdoor pool, 165x60 feet in dimensions, to cost approximately \$45,000.

ITALY ACTS ON BOMB PROTEST FROM LONDON

Franco, Spanish Insurgent Leader, Advised to Use Moderation; 3-Point Order Issued.

ROME, June 29.—(AP)—A spokesman for the fascist regime declared today that Italy had advised General Franco, the Spanish insurgent leader, to use "moderation" in his efforts to prevent British and other foreign ships from bringing supplies to government Spain.
The spokesman, the noted Editor Virginio Gayda, said, however, that Italy approved of the bombing of vessels carrying contraband but disclaimed any Italian responsibility therefor.
In an inspired article in the Giornale d'Italia, Gayda disclosed the content of the conversation last night between the Earl of Perth, Britain's ambassador, and Foreign Minister Count Ciano.

The editor said Ciano told Lord Perth that Franco already had taken a series of measures to give the British government satisfaction with regard to the long list of bombings of British ships, against which London has protested vigorously.
First, Franco had given orders that British ships should not be attacked while navigating.
Second, he had ordered that the British flag be respected as far as

FRUIT-VEGETABLE RATE INQUIRY SET

WASHINGTON, June 29.—(AP)—The interstate commerce commission has suspended freight rate increases proposed for fruits and vegetables shipped from Pacific coast and intermountain points to certain destinations in the United States and Canada.

Officials said today hearings would be held to determine the reasonableness of the proposed rates. The increases were in addition to a general increase of 5 per cent authorized by the ICC on farm products some time ago in the so-called 15 per cent rate case.
Proposed increases included: Apples from north Pacific coast to New York, \$1.31 to \$1.40 a hundred; red vegetables, Pacific coast to Chicago, \$1.16 to \$1.25; green vegetables, Pacific coast to Chicago, \$1.43 to \$1.53; citrus fruits, Pacific coast to New York, \$1.63 to \$1.70.
Officials said protests were received from regulatory commissions of Arizona, California, Idaho, Oregon, Utah and Washington, and numerous farm organizations in Pacific coast and intermountain states.

COURT ORDERS PAIR TO STAY MARRIED

CHARLESTON, W. Va., June 29.—Dr. Russell S. Wolfe and Berandine Wolfe, were man and wife again today, by order of West Virginia's supreme court.
The couple married in 1931, was subsequently divorced, a divorce being granted by the Randolph county circuit court.
Mrs. Wolfe filed the first divorce action and her husband met this with a counter-suit. She was awarded the divorce, custody of their child and \$75 a month alimony.
The supreme court, however, reversed the lower court yesterday and ordered the couple to remain married. The opinion held both parties were guilty of misconduct and added:
"A party in a suit for divorce as in all other equity cases, must come into court with clean hands."
F. W. VANDERBILT PASSES ON AT 83
HYDE PARK, N. Y., June 29.—(AP)—Frederick William Vanderbilt, 83, capitalist, railroad director and yachting enthusiast, died here today.

Will Guide Rotary During Next Year

New president of Rotary International for the next year is George C. Hager, top, of Chicago, elected at the annual convention of the group in San Francisco. With Hager will serve Rufus F. Chapin, below, also of Chicago, whose annual reelection as international treasurer has become almost a habit with Rotary. He has served in this post since 1912.

UTILITY DISTRICT MEETING CALLED

Recommendations Sent By State Commission Will Be Discussed.

All community representatives are urged by Chairman Tenace Busenbark to be in attendance at the utility power district meeting at the courthouse in Roseburg at 8 p. m. Thursday. The central committee, Mr. Busenbark reports, has heard from the state hydroelectric commission regarding the district boundaries as recently submitted for consideration, and at Thursday night's meeting the commission's recommendations will be discussed. Several boundary changes are suggested by the commission, Mr. Busenbark stated.
It also is proposed to immediately start circulation of petitions calling for a survey by the state commission of the territory proposed to be included in the district. Under the procedure set up for the formation of the power districts, the survey and final organization plan would be followed by petitions asking for an election on the matter of formation of districts to install transmission and distributing lines and equipment.

DEATH, RUIN RIDE POLISH LIGHTNING

WARSAW, Poland, June 29.—(AP)—Seventeen persons were killed by lightning today and more than 100 injured as the severest thunderstorms in recent memory raged in several parts of Poland, ending a heat wave.

BLUE AND GRAY OPEN CAMP AT GETTYSBURG

Enemies of '63 Gather as Friends on Anniversary of Great Battle of Civil War.

GETTYSBURG, Pa., June 29.—(AP)—Veterans from all parts of the nation, a gay-hearted, joyous cavalcade, flocked into this wet-coming village today and opened camp for the 75th anniversary observance of the great battle of '63. Members of the anniversary commission said that by nightfall all the majority of the 2,000 expected would be here.
Attendants escorted the boys of the Blue and the Gray to mess tents for breakfast and lunch. From there the veterans went visiting with comrades of the war days, or rested in army tents in which they will spend the next seven days.

No Dividing Line
The veterans of the north and the south were camped separately, but no longer was there thought of a Mason Dixon line.
John S. Sumner, 90, of Oakland, Calif., a G. A. R. post commander, who said he did "plenty of shooting with Sherman at Atlanta, Ga.," headed for the "camp across the street" and said "I love the old Confederates."
"We're here not so much for a jolly time as to demonstrate our nation is one united," he added.
His views were typical of the expressions from both the erst-while Union and Confederate soldiers.

DAMAGE SUIT OVER CAR CRASH SETTLED

The postponed May term of circuit court, which was convened at the courthouse Monday, was concluded yesterday with both cases scheduled for hearing being settled without jury verdict. The jury heard testimony in each case, but settlements were made before the actions were submitted for decisions.
In the case of Anna Deardorff against Earl M. Bush, a suit for damages for injuries allegedly caused by the crash of an automobile, a stipulation was reached between the parties for a judgment in the sum of \$4,500 for the plaintiff.
A motion for non-suit was granted by the court in the case of Roy Goodman against L. B. Harris, an action for money.
The jury was excused from further attendance.

LIFE THREATENING CHARGED TO TWO

An alleged altercation between neighbors resulted in the arrest yesterday of Thomas Henry Yokum, 52, and Darrell E. Davis, 21, residents of the Myrtle Creek district, on charges of threatening to commit a felony. Deputy Sheriff Clifford Thornton, who, with State Police Sergeant Paul Parsons, made the arrest, reported today.
The two men, Thornton said, were alleged to have threatened the life of Emory Masters, a neighbor, during the course of a quarrel. They waived preliminary examination when arraigned in the court of Judge T. L. Weaver at Canyonville, and were bound over to the grand jury. They were held in custody today in lieu of \$500 bail.

CHINOOKS START RUN IN UMPQUA

NORTH BEND, June 29.—Dep-uty Fish Warden M. P. Kelly, returning from Reedsport, found trollers bringing in the finest chinook, a month earlier than usual, averaging about 20 pounds a fish. The salmon are commencing to enter the Umpqua, Kelly said.
The Columbia River Packers association station is canning the fish.

Primary Winners In North Dakota

At top—U. S. Senator Gerald P. Nye, who won the republican nomination in the North Dakota primaries yesterday in a race with his former non-partisan league ally, Gov. Wm. Langer. Another victor on the Nye ticket was Lieut. Gov. T. H. H. Thorsen, lower left, who was nominated for governor. The democrat nominated J. J. Nygaard, lower right, for U. S. senator and John Moses (not pictured) for governor.

EAGLES ON RECORD TO PENSION AGED

Roseburg Aerie Will Seek Plan's Endorsement at State Convention.

A state pension plan which would provide monthly payments of \$40 month to any individual over 60 years of age or \$60 per month for a married couple, both eligible, is proposed in a resolution adopted by the Roseburg aerie of the Eagles lodge at its regular meeting last night. The resolution was unanimously adopted by the aerie, approving a report of a committee composed of Mark Skeggs, Sr., H. B. Roadman and A. C. Masters. The proposal will be taken before the state convention of the lodge at Klamath Falls, starting June 30. The resolution contends that present and prospective economic conditions preclude general opportunity for employment of persons more than 60 years of age.
It proposes pensions, in the sum stated, to be administered by the county court.
Recipients would not be required to take a pauper's oath nor to surrender real estate or other property under the value of \$3,000.
The state lodge convention will be asked to approve the resolution and to sponsor it as state legislation.

1939 Convention Sought.
Last night's meeting was given over largely to a discussion of convention plans, where the local lodge plans to press its invitation for the 1939 meeting by a large delegation. More than 100 members of the lodge are expected to be present, together with the junior drum corps and two drill teams.
The drum corps, drill teams, and other members of the lodge and auxiliary will participate tonight in

LANGER RUNS FAR BEHIND IN EARLY COUNT

Thorsen, Running Mate of Senator on Progressive G.O.P. Ticket, Leads for Governor.

FARGO, N. D., June 29.—(AP)—U. S. Senator Gerald P. Nye held a commanding lead of 15,000 over Governor William Langer in their fight for the republican nomination for senator as returns straggled in from yesterday's primary election. The Nye-Langer scrap highlighted an election fought mainly on issues of state government, and threw into the shade a democratic contest in which only a few of the candidates faced opposition.
Elected together on the non-partisan league ticket six years ago, Nye and Langer head opposition tickets, Nye with a newly organized progressive republican organization, and Langer as titular head of the league. They campaigned almost exclusively on state issues.
Nye's running mate on the "progressive republican" ticket, opposed to Langer's non-partisan league slate, was Lieutenant Governor T. H. H. Thorsen, who was leading Langer's candidate, John Hagan, agricultural commissioner, in the race for nomination as governor.
Returns from 595 of the state's 2,260 precincts for the republican nomination for senator gave Nye 35,667 and Langer 23,945.
In the republican governor nomination, 487 precincts gave Thorsen 23,067 and Hagan 18,945.
Both of North Dakota's representatives in congress, Usher L. Burdick and William Latta, were leading a field of six candidates for the republican nomination for congressman, with Burdick slightly ahead of Lemke.
Returns from 358 precincts gave Burdick 14,665; Lemke 13,613; Sivert W. Thompson 8,069; Henry G. Owen 7,879; C. F. Kelsch 7,217 and

YANGTZE BARRIER STILL BALKS JAPS

SHANGHAI, June 29.—(AP)—Chinese declared today they still held the important Matowchen boom, barrier to Japan's drive up the Yangtze river against Hankow.
But the trend of what may be a crucial battle in defense of the provisional capital, 175 miles upriver from the boom, was obscured behind cautious communiques from both sides.
A retreating Japanese army, in reprisal against Chinese guerrilla fighters, burned the walled city of Ankwo, in Hopei province 110 miles south of Peiping June 24, a delayed message disclosed.
(Ankwo was the fifth walled town in Hopei burned by the Japanese in reprisal for guerrilla activity, foreign investigators said. They also listed 230 villages in the same area that have been similarly attacked.)
Chinese guerrillas, who fought with the Japanese said they had been compelled to loot all shops when the Japanese retreated from Ankwo. Chinese business officials estimated the loss at \$500,000.)

DEATH TAKES 2ND OF QUADRUPLTS

DE QUEEN, Ark., June 29.—(AP)—Another of the quadruplet girls born Monday night to the 98-pound wife of a peach orchard worker died today. The first died yesterday.
Dr. G. L. Kimball, who delivered the babies—children of Mr. and Mrs. H. T. Valentine—said the two survivors probably would "pull through."
The 27-year-old mother is getting along satisfactorily.
COOS MAN KILLED IN CAR-TREE CRASH
NEWPORT, Ore., June 29.—(AP)—Dell W. Rhodes, Marshfield, died instantly last night when his automobile swerved from the road and hit a tree three miles south of here.
Noel Matson, Eureka, Calif., transient riding with Rhodes, was bruised.
