LUCIA MAE SAWYERS
IS MARRIED MONDAY

DRAIN, July 18.—Monday evening at 8 o'clock a quiet wedding was solemnized at the home of the bride's parents, Mr. and Mrs. J. R. Sawyer, when their daughter, Lucia Mae Sawyer, was united in marriage to Edwin Leroy Mattin, son of Mr. and Mrs. F. A. Mattin. The bride wore a suit of beige with luggage tan accessories and a corsage of white sweepers. The groom wore a suit of light gray.

The impressive ring ceremony was read by Rev. E. J. Helseth, of the Christian church, in the presence of the following relatives and friends: Mr. and Mrs. J. R. Sawyer, Mr. and Mrs. F. A. Mattin, Mr. and Mrs. R. J. Pfister, and daughter, Suzanne, Earl Mattin, Mr. and Mrs. Harry Mason, Mr. and Mrs. R. F. Randall, Jimmie and Vanda Jade Randall.

The couple left immediately after the ceremony on a brief honeymoon trip, after which they will make their home in East Drain, the home recently vacated by the H. J. Laswells. Both the bride and groom were born and raised in Drain and are graduates of the Drain high school.

The groom is employed at the Texaco service station.

POET'S CORNER

The following verse was published in a late number of AVON, Detroit, Mich.:

THE BEAUTIFIER

Marilee
Is looking and;
Her digestion must be bad,
Ashen cheeks—
Lack-luster eyes—
She would take no beauty prize.

Marilee
Has changed since five;
Cheeks are rosy—
Eyes alive.
Lovely now beyond debate—
Jack just called and made a date!
—Marjorie Hunt Pettit.

NEW TYPE ADDED TO FACILITIES OF NEWS-REVIEW

The Roseburg News-Review today completed installation and put into use a new addition to its typesetting facilities affording advertisers a wider variety of type faces.

The equipment, a side unit for a Model C Intertypewriter, is one of the latest developments in typesetting, and doubles the capacity of the machine. Particularly installed by the News-Review to provide improved service for display advertisers, the machine also will be used for head letter purposes.

UTILITY PLAN TO BE RIDDLE TOPIC

RIDDLE, July 18.—An open meeting of Riddle grange will be held in the near future to discuss the matter of forming a local power district. A speaker from Roseburg will review the work previously done towards organization of a county-wide power district.

The grange met Thursday, July 14, in its newly acquired hall and conducted work in the third and fourth degrees for Mr. and Mrs. Lavern Haskell.

The lecturer's program, arranged by Mrs. Joseph Casati included: Opening song, "Oregon My Home," by the grange's original skit, "Cleanup Committee the Day After," by a group of grange members; musical trio, and a reading, "I'm a Care-Free *Rolling* Farmer."

Guests for the evening included Mrs. Edythe Florence Kelley, Melrose grange; Mr. and Mrs. Ross Hutchinson and Mr. and Mrs. R. B. Raider, Kellogg grange. Refreshments of pie and coffee were served by the home economics committee.

A mile is only this far to your engine
if you're driving in high gear

5,280 ft.
But in second gear, it's about this far

19,000 ft.
And in low gear, about this far

15,000 ft.

In STOP and GO, a mile S-T-R-E-T-C-H-E-S

In low and second, your engine makes up to 3 times as many revolutions as in high—uses 3 times as much gasoline

STOP-AND-GO driving fools your speedometer—while your car is going a mile, your engine may go the equivalent of two.

The number of extra revolutions your engine makes depends on how many times you stop and start—how much of your driving is in low and second gears.

You can't avoid stop-and-go driving, but you can do something about its high cost.

Shell engineers found that getting away from a traffic stop can waste enough "undigested" gasoline to carry you $\frac{1}{3}$ of a mile.

To cut this costly waste, they rearranged the chemical structure of gasoline. They make every drop of Super-Shell "motor digestible"—every drop usable in stop-and-go driving.

There is a Shell dealer near you. Use Super-Shell regularly and your savings count up.
