JOLLEY, CAST-OFF, HITS AT .378 CLIP

SAN FRANCISCO, July 19.—(AP)—The Hollywood Stars of the Pacific Coast Baseball league did Smead Jolley a favor when they fired him a couple of months ago and told him he had reached the end of the baseball road.

Better clubs than the Stars had fired Big Smead, but none had insulted him so ably. It sizzled him no end and he snared a berth with the last place Oakland Acorns.

Today Smead is the hardest hitter in the circuit. Strangely enough it was the Oaks who turned Jolley down at the first of the season when he wanted a job. He had a chance to play with Nashville in the Southern association, but said the Pacific coast was more to his liking.

Wade Killefer, Hollywood manager, signed the veteran and promptly fired him. Killefer said Jolley's days as a useful baseball player were over.

Then the Oaks, in desperate need of help, did an about face and hired Smead. He started abusing the apple. In 53 games he has connected for 62 hits to give him a .378 average, which isn't bad for a guy playing on a team that is a cinch to win the cellar title and is the seventh weakest hitting club in the league.

The Coast league teams are playing a split series this week. Today the Oaks move into Seattle for three games; Los Angeles, which took the lead away from the Sacramento Solons last week, invades Portland; San Francisco plays host to Sacramento and the Hollywood Stars entertain San Diego. Starting Friday in a four-game series the Oaks go to Portland, Los Angeles to Seattle, Sacramento to Hollywood, and San Diego to San Francisco.

MOTT BELITTLES THREAT OF C. I. O.

SALEM, July 18.—(AP)—"What John L. Lewis has to say of my congressional record could be of no importance," Congressman James A. Mott declared here today at the state republican convention, when informed that he was rated as a "class D" legislator by the CIO chieftain.

Mott said that he "presumed" that Lewis based his ratings primarily upon the solons' attitude toward the wage-hour bill.

The Oregon congressman from the first district said that he was not prepared to estimate the form or extent of CIO opposition at the general election in November.

"BUYS" JOB, FINDS HIMSELF "GYPPED"

PORTLAND, July 18.—(AP)—Walter Jarmer's eagerness for work made him gullible Sunday. A stranger asked him if he wanted a truck driving job and took $23.50 from him to get him "bonded" and equipped with a chauffeur's licence. The man gave him a note to a trucking firm, authorizing the placing of Jarmer on the payroll, and signed "Al McGinnis."

The drayage company had never heard of "McGinnis" and had no job.

PIRATES STRETCH LEAD OVER GIANTS

By HUGH S. FULLERTON, JR.
Associated Press Sports Writer.

The Pittsburgh Pirates, who rose to the top of the National league, on a 13-game victory string, proved that wasn't just a prolonged flash in the pan when they won two games and tied one in a four-game series with the Giants. They made their margin, previously visible only in the percentage column, a half game yesterday by slugging out a 7-1 victory in two big innings.

Rizzo's homer with two aboard started the trouble in the sixth. Then after Gumbert had been lifted for a pinch hitter, the Pirates fell on Coffman for five hits and four more runs in the seventh. At that it took some smart relief pitching by Swift to hold the lead as the Giants knocked Blanton out in the three-run eighth.

The Cubs, meantime, pulled out a 7-6 decision over the Boston Bees in the ninth inning after blowing a 6-3 lead in the same frame. Hartnett singled in the winning run after Carleton lost his stuff in the ninth, loaded the sacks with two singles and a pass and then served up a nice one which Cuccinello belted for a three-run double.

The St. Louis Cardinals knocked off the Phillies, 5-3, in the day's only other game as the Brooklyn Dodgers, with four straight victories, were checked by rain at Cincinnati. The American league had an open date.

Here's the Low Bidder

The world's largest construction projects are let to low bidders . . . contractors who can do the best jobs at the lowest cost.

Why shouldn't farmers do likewise . . . buy the products that are "low bidders" in the matter of operating costs.

Most farmers do! . . . They buy "Caterpillars." "Caterpillar" Farm Tractors are sold at approximately the same price as other products of less quality . . . they produce much more . . . on less output for fuel, repairs and depreciation. They are "low bidders" for your job of farming.
