Be Sure to State Size When Ordering Pattern. A MANY-OCCASION SLENDERIZER PATTERN 4847

It's the matron's turn for a cheery bit of flattery—in the shape of a "different" new fitted sleeve afternoon dress! Anne Adams' Pattern 4847 has the most feminine flattering lines that anyone could hope for. It is youthful in spirit—definitely not "large size" in mood or manner, though designed with that knowing fraction of extra width in hipline, armhole and sleeve that nature figures demand. Picture yourself wearing that elongated and belted bodice with its pretty gathers and neat revers! You'll prize the effect of height that only a very long, tapered center panel can give. Both light and dark crepes are ideal—but choose very flammable, shape-holding fabrics. Sewing instructor included.

Pattern 4847 is available in women's sizes 34, 36, 38, 40, 42, 44, 46 and 48. Size 36 takes 3 1/2 yards 39 inch fabric.

Send FIFTEEN CENTS (15c) in coins or stamps (coins preferred) for this Anne Adams pattern. Write plainly SIZE, NAME, ADDRESS and STYLE NUMBER. Do you want to be a style leader in your set? Texan's Crooning Intrigues Voters

Here's a typical scene in the circus-like campaign W. Lee O'Daniel is waging for the governorship of Texas. While a crowd in Rosenberg presses close to his sound truck, O'Daniel tells the voters that his platform is the Ten Commandments and that he will pay \$30 monthly to every Texan over 65 if he is elected. Next to the would-be governor is his son Mike, 18, a member of O'Daniel's hillbilly band. O'Daniel also croons and takes up collections. State observers believe the Fort Worth flour miller, who entered the race as a joke, may gain one of the two runoff places in the Democratic primary July 23. He has 12 opponents.

POET'S CORNER

Dedicated to Roseburg Townsend club No. 1.

SPIRIT OF THE TOWNSEND PLAN

Three things there are for us to do, And we who love the Townsend plan And long to see our dreams come true, Must work and will and wait.

Where can we find a better creed, Born of humanity's great need, Or where enact a nobler deed, For which to work and wait?

For we must win our goal, nor seek To count the cost, nor service boast; For young and old, and strong and weak Can work and will and wait.

Then give us men who will not shrink, Strong hands, great hearts and willing hands, If we persist, and harder work We'll not have long to wait.

FISH INJURED BY HATCHERY RACKS

The effect of the racks at the commercial fish hatchery on steelhead attempting to ascend the North Umpqua river to spawning beds was amply demonstrated by two fish which he caught in the Swamp creek section, Earl S. Powell, local sporting goods dealer, said today. Each of the fish was about eight pounds in weight, badly bruised about the head and marked along the sides as a result of battering against the racks and squeezing through the narrow openings.

Sportsmen of the county for several years have been making futile efforts to have the racks altered to permit passage of steelheads, claiming that the larger fish are held back by the barriers erected to catch salmon for spawning purposes.
