Daily Devotions

DR. CHAS. A. EDWARDS
The life of a good man is supposed to be helpful, to exert a good influence, to make for health and wholesomeness in the family or community or world in which he lives. There is not any such thing as a negative goodness; a life that tries to be good by keeping from doing anything bad cannot succeed in being good in any real way at all. It might be good for us to take stock of ourselves once in a while to try to discover how well and how truly our life and influence were counting for human betterment and human happiness and progress. If we do not count helpfully in those realms, what good summing up can our lives have? Do they help us, O God, this day and every day to try to live so as to encourage goodness in other people and in the world about us, and to make our world better and more wholesome through the things we say and do and believe in. May our living never deny our faith we pray. Thee, Amen.

CLASSES IN TRADES SHOW FINE RESULTS

Exceptionally fine results are being secured through the apprentice work carried on through trades classes in Oregon high schools, according to Rex Putnam, state superintendent of public instruction, and O. D. Adams, state director of vocational education, who were visitors in Roseburg today.

The two officials conferred here with Bruce Mellis, trades instructor in Roseburg high school. There are more than 1500 indentured apprentices in Oregon under direction of the vocational educational department, it was reported by Mr. Adams, who stated that employers generally are apparently well pleased with the system.

RECREATION NEWS

Douglas County Conditions Summarized in Forestry Service Bulletin.

Of the 192 forest fires which have occurred on the Umpqua National forest this year to date, five are attributed to careless smokers and three to improper placement or care of camp fires. Of these eight preventable fires, not one was started with criminal intent, yet every responsible party was guilty of crime—the crime of criminal negligence.

With the ever-increasing use of our forests, there was never a day when we needed to get a vision of the devouring monster which flees eager to leap into life from every careless spark. It takes a hundred years to grow a forest.

Bohemian district: This week will probably see the end of the huckleberry crop, as it is reported that berries are ripe in all areas. Good picking grounds are to be found on rairview mountain and in the vicinity of the end of the Calapooia road. Roads in the district were maintained the past week and are all in fair to good condition. Fishing continues to be poor, with the crabs reported to be at record low for this time of year.

Diamond lake district: Stream fishing is reported to be good although most streams are somewhat dried up along the roads. Good catches have been made on black gnats, grey or brown hatches, and brown McGinty flies. In Diamond lake, fishing has been moderately good with most fishermen using trout orens or Dave-Davis spinner with worms. Still fishing with single salmon eggs has been yielding results. All roads in the district are in good condition although very dusty.

South Umpqua district: It is estimated that 200 people motored to the Huckleberry lake area the past week in search of berries. The crop is fair and a report from the area states that picking should still be good this week-end. Stream fishing is hardly better than fair anywhere in the district. No reports are available from Fish and Duckey lakes at this time, but it is believed that the fishing there probably is good, as it was excellent a week ago. All roads are open and in good condition.

North Umpqua district: Condition of the North Umpqua road is somewhat improved over a week ago, as it has been maintained over some of the rougher places. It is still very rough for a short distance in the Archie creek section where reconstruction is in progress and at this point the road is closed during work hours. It is, however, open all day Saturday and Sunday. Stream fishing is fair with some large ones being taken. Detour signs are still up on the main Gign-Dixonville road and traffic is routed over the Buckhorn road.

SEATTLE TIGHTENS THIRD PLACE GRIP

Seals Beaten in Twin Bill, Angels Blanked, Beavers Defeat Padres.

By The Associated Press
Seattle's Suds had a solid grip on third place in the Pacific Coast baseball league today and served notice on the leading Los Angeles Angels and second place Sacramento Solons the title race was not a two-team affair.

The Suds won a pair from the San Francisco Seals, 5 to 2, and 5 to 4, the second game going over the scheduled seven. It was one of three overtime tilts played in the circuit yesterday. The wins gave the Suds a 2½ game lead over San Francisco and put them only six games behind Los Angeles.

Los Angeles saw its lead cut to three and a half games as they took a 5-to-9 whitewashing at the hands of the Hollywood Stars while Sacramento won a 10-inning decision from the Oakland A's.

In the other overtime game Catcher Dickey smacked a single with the bases loaded in the eleventh inning to send two runs home and give the Portland Beavers a 4-to-2 win over the San Diego Padres.

SUTHERLIN FAIR PROGRAM PLANNED

SUTHERLIN, Aug. 25—The plans for the Central Douglas community fair held at Sutherlin Sept. 2 and 3 are progressing rapidly. The new livestock shed at the grounds is nearing completion.

Space has been provided for sheep, goats and pigs, and stalls for horses and cattle. Owing to popular demand Corriedale sheep have been added to the lists. In the art department and 4-H exhibits, cash prizes are being offered owing to the absence of prizes donated by merchants as in the past. The Development club is in charge of the entertainment and games and sports will interest the younger crowd.

The Roseburg band will give its concert on the evening of the 2nd and is looked forward to by many. A dance has been planned for the remainder of the evening with Abeene and his Night Owls furnishing the music. A bake sale will be held directly after the fair on the last day in which exhibits will be auctioned off. People in this community are urged to bring in the best of their flocks, herd, grains and seeds, garden produce, and fruits, or anything worthy of exhibit and of educational nature. Premium list will be mailed upon request. The chairman of the fair board has called a meeting of divisional chairmen and their committees for Monday evening, August 29th, for the purpose of receiving final instructions.

NEW PENSION PLAN OFFERED IN OREGON

PORTLAND, Aug. 25—(AP)—A new old-age pension plan, based upon inflation with dated, depreciating currency so people over 60 could draw \$200 a month, was launched in Portland yesterday by Roland C. Casad, Covina, Calif. Casad, who has put the plan forward before, said the value of the currency would drop one cent a day, beginning 60 days after its issue. When it reached half value, he proposed that it be withdrawn and a new supply issued.

The republican presidential nominating convention of 1936 passed up Casad—the only reason, he asserted, that he wasn't president. "President Roosevelt offered the people \$40 to \$60 a month, but I would have outbid him by offering \$200 a month to everyone over 60 years of age," Casad declared.
