

WARD OF SAN DIEGO SETS NEW RECORD

Holds Angels Hitless for 13 Innings, Then Wins in Sixteenth, 1 to 0.

By the Associated Press.

A new Pacific Coast league pitching record was in the books today, made by an in-and-out pitcher against the league-leading Los Angeles Angels.

Dick Ward, once with the Angels, now of San Diego, beat P. in a 16-inning pitching duel, 1-0, holding the Scraps hitless for 13 1/2 chukkers before Mayo lined out a single. Available records disclosed a Portland pitcher named Carson and Prough of Oakland hurled ten hitless innings each in league games in 1909 and 1916, respectively.

Had the Padres scored in the regulation period, Ward might have pitched the winning perfect ball. He issued the first of four walks in the ninth. He retired the Angels in order in nine of the 16 innings, and allowed only one other hit, a bingle in the 14th by English.

Los Angeles did not lose ground to Second-Place Sacramento, however, as Lisks allowed the Senators only six blows as Portland won, 7-6, at Sacramento.

The fast-moving Seattle team trimmed Hollywood, 6-3, in the latter's back yard, and moved within a game and a half of second place. Gregory scattered eight Hollywood hits, while his mates pounded Nitcholas and Crandall.

Frazier's first-inning homer with two on base sparked San Francisco to an 11-7 victory over Oakland. Hermann, San Francisco's starting pitcher, was momentarily stunned in the fourth by a batted ball and had to retire.

ESSAY CONTEST ON HOME SAFETY SET

LOS ANGELES, Aug. 31.—An essay contest open to the general public, on the subject "How to Make the Individual Home Safety Conscious," is announced by the western safety conference, which convenes at the Ambassador hotel, Los Angeles, September 12-16.

The contest is under the immediate supervision of the American Red Cross, home safety division, with Albert C. Gordon as chairman. Awards of \$10, \$20 and \$5, will be made by a committee of officials of the western safety conference.

The rules of the contest are simple: Essays should be plainly written or typed on only one side of each sheet and should not exceed 500 words in length. Essays should be mailed to Albert C. Gordon, 1218 Menlo avenue, Los Angeles, with the deadline at noon, September 7.

The winning essays will be read at the banquet session of the western safety conference, Ambassador hotel, Los Angeles, Friday, September 16.

"Safety men know what causes accidents and can advise people how to prevent them," said Mr. Gordon. "Accidents in our lives continue to happen because individuals do not realize that the direct responsibility is up to them individually. The problem is not how to educate the individual but make him do something about it."

What is wanted is new ideas and suggestions for safe practices in the home. What housewives can do, what employers and employees can do, what school children, in fact, what everyone, can do to lessen accidents in the home. Ideas for traffic safety as well as industrial safety will be given consideration, but the contest is primarily to discover new methods of promulgating home safety. It is stated that there are almost as many deaths from accidents in the home in the United States as from deaths in traffic accidents.

SUBSIDY PLAN FOR WHEAT IS LAUNCHED

WASHINGTON, Aug. 30.—(AP)—The agriculture department announced today its wheat export subsidy would be carried out by purchasing wheat and reselling it to exporters at a price enabling them to meet competition in the world market.

Acting Secretary M. L. Wilson, who announced the policy in the absence of Secretary Wallace, said the program would be handled by the surplus commodity corporation.

He explained losses sustained by the corporation in reselling the wheat to exporters would be made up from customs receipts set aside by the farm law for the removal and disposal of farm surpluses.

The surplus commodities corporation has arranged to borrow \$30,000,000 from the reconstruction finance corporation and the sum will be used as a revolving fund in the exporting operations.

First purchases under the program were made last Saturday.

Wilson said in the actual sale of the wheat the corporation plans to pursue a merchandizing policy similar to that which has been adopted by the Canadian wheat board.

In carrying out the program, the facilities of the regular wheat and flour trade, including farmer co-operatives, will be used, he said.

TOTTERING GIANTS LOSE TO PIRATES

National League's Leaders Stretch Their Margin to 6 1/2 Games.

By HILL BONI
Associated Press Sports Writer

The Pittsburgh Pirates stretched their National League margin to six and a half games by scuppering the New York Giants, 7-1, yesterday. The Giants definitely are in no condition to provide anyone but Manager Terry with headaches.

Coffman, the "experimental" starting pitcher, was slugged all over the lot yesterday, and, as if Terry didn't have enough on his mind, Bartell reported with a lame elbow, so the infield had to be juggled again.

While the Pirates were pasting the Giants to a fare-thee-well the Reds rallied twice to whip the Dodgers, 5-4 and 7-4, thus moving up five percentage points behind Terry's tottering crew and four behind the Cubs, who lost an 8-1 decision to Turner and the Boston Bees.

Turner, like Tobin of the Pirates and Moore in the Reds' night-cap, pitched five-hit ball. Effective pitching also marked the Phillies-Cards 1-0 doubleheader, with Butcher bearing down in the pinch to edge out the Cards in the opener, 4-3, and Shoun hurling one-hit ball in the five-inning relief trick as the Cards took the night-cap, 8-7, in the tenth.

American leaguers also accounted for two handsome pieces of pitching. Chandler, after being
