GILMORE

SOLD BY Independent DEALERS

TIME IN GREATER GILMORE CIRCUS EVERY FRIDAY, 9 P. M. NBC (RED) NETWORK

You Must Weigh as Well as Count

"If we bought advertising only on the basis of total circulation," an advertising executive said, "one medium that gives the most circulation per dollar invested would carry virtually all our advertising. However, when we use this medium at all, it receives only a small portion of our appropriation."

"On the other hand, we buy newspaper advertising because it not only has complete circulation, but also another important essential—intensity of reader-interest."

"Readers are drawn to newspapers by many attractions. Read during periods of leisure the advertising has a long exposure. Read during periods of concentration there is a deep penetration of the message. Read at the convenience of the subscriber we have an excellent chance to get attention."

"These all add to the intensity of readership of our advertising so we weigh our circulation as well as count it and therefore buy newspaper advertising because newspapers have real advertising value."
