Division O
Antiques: Sewing, first, Mrs. Julia Dyser; second, Vera Wilson. Other articles, first, Mrs. Julia Dyser; second, Mrs. W. V. Monger.

Deer Creek Grange Report
Mary Brooks, Lecturer, Deer Creek Grange, Josephine County. Dear Mrs. Thiossen: I told you I would write about the outcome of our contest with Illinois Valley and we feel it was a decided success both in the growth and increased interest shown in our Grange and in the good time we all had on the "playoff" night. We challenged them to a contest of wits, ability and fun. This contest was to run over a period of three months with the Grange Secretaries keeping a record of each Grange and making their report at the final "playoff". The four things we work for during that time were:

1. New members, 5 points.
 2. Sewing, 5 points.
 3. Knowledge of present, 5 points.
 4. Large participation of members present, 5 points.
- These were for each meeting and we had a high 79 per cent present and many new members and only one officer absent. The night of the "playoff" came and our little hall was packed to capacity, a large representation from both Granges being present. I had arranged the program so all had some part in it and games for all between the different events. Everyone seemed to have a grand time and as luck would have it, the "playoff" was a tie. They sure cleaned us on the events that evening, but we took all four events for the three-month period, so it worked out a tie and we have another contest coming up this Fall.

I am enclosing a program of the events of the "playoff" evening and also a guessing game we have enjoyed, hoping they may be of use to you.

Our Grange is progressing. We add new members right along and attendance is holding up remarkably well for summer months and harvest season.

When the water supply ran dry the dwelling on Henry Freeman's farm from flames which destroyed several barrels of cider to save a barn.
