# Premiere Local Movie is Dated

Roseburg's home movie will open Thursday night with a gala Hollywood premiere. Made even more entertaining by its local crudities, than if it had the finesse of a professional production, "Runnin' Wild" is a complete, well-told story of high comedy character, filmed entirely with Roseburg and county people. Added special attraction will be the showing of the News-Review talking newsreel of important events in and around Roseburg the past two weeks.

The Hollywood premiere festivities will open in front of the Indian theatre at 7 o'clock, when the start of the local picture "Runnin' Wild" will start arriving at the theatre in new cars furnished by Roseburg automobile dealers. They will be greeted at the entrance by glaring lights, music and cheers, and each of the cast will be escorted to the microphone of the public address system to give brief greetings to the awaiting public in the true fashion of a Hollywood premiere. "It isn't ritzy," said D. W. Baird, who has been in charge of production here. "It's a lot of hokum, but after all, it's all for fun." That has been the slogan here ever since the picture was started, and Thursday night everyone is going to have an opportunity to see just how much fun it really is.

Filming on the story got underway Friday morning and continued through Sunday. Many garden scenes were taken at the beautiful Wade residence and additional action pictures were filmed in other sections of the city.

Saturday afternoon the company moved to the down town district for the filming of certain sequences, and spent the afternoon on the corner of Jackson and Cass streets.

Here the crowds of Saturday shoppers hesitated to such an extent as to disrupt traffic. The attraction was the shooting of one of the big scenes of "Runnin' Wild." The leading lady and some of her friends were discussing a charity event that had been planned and had no trouble registering a gossipy group for the benefit of the cameraman.

The entire local feature picture and news reel will be shown Thursday and Friday as a special added attraction along with the usual feature picture.

## U. OF O. FALL TERM RECORDS BROKEN

EUGENE, Sept. 27—(AP)—All enrollment records for fall term at the University of Oregon were broken Monday when figures released by Dr. Earl M. Pallett, registrar, showed 3170 students had drawn registration material. Pallett said the number last year at this time was 2982, and that the total registration for the term was 3120.

New students who had drawn registration material Monday totaled 1241, thus assuring a final registration of approximately 1300 new students. Last year the fall term mark was 1201.

At least 200 more students are expected to be on the rolls before registration closes since graduate students and those working for the university have all this week to sign up without penalty.

The final cumulative enrollment figure for all of last year, 3450, might be broken by the fall term registration, university officials said. New students enrolling winter and spring terms may bring the final total up to the 3600 mark, an all-time record.
