Big Time Ahead

FROM all accounts there is big doings planned for Roseburg for the remainder of this week. Ordinarily we have a fall open

ing which features the unveiling of the display windows of the mer in one evening.

This time, however, the newly formed Junior Chamber of Com-merce is Iostering a series of connected events which will be inter esting and entertaining, and which provides a full program not only for Thursday evening but for Friday and Saturday as well-day and evening of both days.

It has been quite a long time since we have had any sort of celebratien in Roseburg It is good from the booth to be erected at the fun to contemplate the activity and excitement which is due these next three days including a fall opening display, band music, parades, cavalcade of thrilis, industrial show, queen crowning, beand game and dances.

See you at the show?

Psychologists Stumped

CLUB TO IMPROVE ITS SKIING SITE

Outing-Work Party Is Set for Sunday; 13 New Members Signed.

Members Signed.

The first all-day outing and work party to be sponsored by the Umpqua Ski club since its inauguration last spring has been set for Sunday, October 9, with the fusty scheduled to leave in a group at 7 a.m. for Watson's cabin, the new winter sports site being promoted by the club, 37 miles from the city.

Plans for the first get-together were discussed at an enthusiastic meeting tast night at the Roseburg chamber of commerce, with more than 25 members and others interested in winter sports in attendance. Thirteen new members were signed at the meeting. President Ernest Unrath welcomed the new members to the organization and outlined the future plans of the club with respect to the development of the area for skiing and general winter sports use.

Some work will also be done on the road which has been partially gravelled by the forest service. Work on the road has been temporarily halted by the heavy rains of the past week, but it is hoped that this work of graveling and smoothing of the road can be aresumed this week.

The group also discussed plans for the booth to be erected at the armony in connection with the

WHY MOTHERS GET GRAY

St. Paul seems to have the fdea that in the court of heaven our lives are going to be judg-ed very largely on the basis of honest and well-done work in honest and well-done work in the common and every-day business of living. To some that might seem a somewhat worldly standard of judgment, but an understanding look into the reality of things belgs us to see how morally sound the proposition is. If we are untrue in any way in our daily toll or occupation or business, if we are not truly Christian in spirit and purpose there where so much of our time is spent and to which so much, of our thought is given, there surely its no hope that we can atone for that failure by any process, We thank Thee, our God, for our daily work and for the for that failure by any process, We thank Thee, our God, for our daily work and for the measure of strength and opportunity for it that are ours. Do Thou help us to be faithful and patient, and may se bring praise and honor to Thee, through loyal and genuine service rendered. Amen.

Letter to A.F.L. Convention Urges Factions to Get Together.

Get Together.

HOUSTON, Oct. 4— (AP) —
President Roosevelt made a frank
appeal for peace betwen the AFL,
and the CIO today in a message to
the 58th annual convention of the
American Federation of Labor.

"Because for more than a quarter
of a century i have had so many
associations and friendships with
officers of the American Federation of Labor and of the international unions which it represents."
Mr. Roosevelt said in his letter to
the delegates, "I venture to express the hope the convention will
leave open every possible door of
access to peace and progress in
the affairs of organized labor in
the United States.

"If leaders of organized labor
can make and keep peace, between
various opinions and factions within the labor group itself, it will
vastly increase the prestige of iabor with the country and prevent
the reaction which otherwise is
bound to injure workers themselves."

HYDE PARK, N. Y., Oct. 4— (AP)—Informed persons said to-day the white house believes busi-ness would be greatly stimulated warring factions of industry and abor would stop calling each other names and would sit around the conference table to work out their

HIGHER WALNUT PRICES FORECAST

PRICES FORECAST

LOS ANGELES, Oct. 4—(AP)—
Prices of walnuts will be higher this season due to a server shortage in the California crop, Carlyle Thorpe, general manages of the California crop, Carlyle Thorpe, general manages of the California Walnut association, announced today.

"Prices are expected to rule somewhat higher in view of the fact that all old crop walnuts are entirely cleaned up, both in the hands of the packers and the trade." Thorpe said, "and the new crop will be so much short of the old, prices are expected to rule somewhat higher than last season.

"The California crop is now estimated at 44,000 tons orchard run, approximately 13,000 tons short of last year's record production. There will be a severe shortage in the available supply of shelled wainuts as stocks available for shelling will only amount to approximately half the quantity shelled last year.

"The harvest is two weeks later than last season and first shipments to the trade will not be made until after the 10th of October."

KAMATH POTATO

KAMATH POTATO HARVEST STARTED

KLAMATH FALLS, Oct. 4—
(AP)—After a three-week delay because the usual mid-september vine-killing frosts failed to occur, the Kinmath basin's jeotate harvest got under way generally this week regardless of weather.

The digling and picking is expected to reach its peak by Saturday, with between 3000 and 4000 transient harvesters as well as hundreds of resident farmhands, in the fields.

The total anticipated yield exceeds 6,000,000 bushels.

At present the market is instable, but because of heavy weather damage in Maine, New York and other large producing areas, growers are expecting beter prices than in 1937.
