VOL. XLIII NO. 146 OF ROSEBURG

VOL. XXVII NO. 56 OF THE EVENING NEWS

12,000 AUTO EMPLOYEES IN DETROIT QUIT

Editorials ON THE Day's News

By FRANK JENKINS. THIS dispatch comes from Hyde Park, the summer White House: "President Roosevelt was represented tonight by close associates as feeling that there is a close analogy between the recent European crisis and American industrial problems; that there is a parallel between saber-rattling to create an artificial crisis and general ATTACKS ON THE ADMINISTRATION."

ONE is reminded of the sweet old lady who was watching the militia company march down the street. "Shucks!" she remarked disapprovingly. "Everybody's out of step but my Henry."

SHE wasn't vindictive, and she didn't mean to be unduly critical of the others. She just knew her Henry couldn't be wrong, and was blissfully certain that the way to fix everything up was for ALL THE OTHERS to conform with Henry.

IF industry in America would do exactly and obediently, without hesitation or discussion, whatever

GAS CHAMBER GETS LAST OF 3 KILLERS

JEFFERSON CITY, Mo., Oct. 7.—(AP)—Adam Richetti, last survivor of a desperate trio which terrorized the midwest a few years ago, was executed in Missouri's lethal gas chamber today for his part in the 1933 Kansas City union station massacre of four officers and their prisoner. Death of the pal of "Preppy Boy" Floyd blasted the last hope of officials for a first hand account of the sensational mass murders. Richetti murmured only seven words as authorities strapped him into the chair: "What have I done to deserve this?"

Oddities Flashed From Press Wire

Discipline SAN JOSE, Cal.—Superior Judge E. N. Rector of Merced county served notice no tardiness will be tolerated in his courtroom. By way of emphasis, he slapped a \$5 fine on himself when he appeared in the courtroom an hour late. The assessment was duly collected by County Treasurer Dale Holland. Sky Alarm FRANKFORD, Ind.—Hop McBride heard an aviator overhead cut his motor and swoop low toward him. He looked up. The flyer leaned from the cockpit and yelled "fire!" McBride looked around, saw neighbor Robert Van Nuys' roof ablaze. Firemen saved the house. Thoughts While Rolling OMAHA, Neb.—What does a man

Czech-Nazi Economic Tie Now Looming

BERLIN, Oct. 7.—(AP)—Nazi circles predicted confidently today remnants of Czechoslovakia soon would have close economic bonds with Germany. "The ties would be so firm, they said, even the transfer of Czechoslovak populations on a large scale from the 'wrong' side of the new borders to the 'right side' might prove unnecessary. They pointed out Czechoslovakia had lost most of its industrial areas to Germany and Poland and would become a preponderantly Agrarian country. Germany is the only nation which could buy farm products of the new little state, they said. Some nazis expected either Rudolf Hess or former Premier Milan Hodza—both members of the Czechoslovak Agrarian republic party, Slovaks and acceptable to Germany—to become Czechoslovakia's next president in succession to Edouard Benes, who resigned Wednesday. With a pro-German president, the nazis said, the way would be clear for a close relationship between the two countries. Huge Area Given Nazis These optimistic views developed from progress of an international commission now working here to determine the remaining preponderantly German territory of Czechoslovakia to be occupied by German soldiers before Sunday. This area, with four zones granted Germany outright under the four-power Munich accord of last week, would give Germany about 5,000 square miles. German and Czechoslovak sources indicated the issue of Sudetenland areas with mixed populations might be settled without the plebiscite provided for in the Munich agreement. Nazi sources believed Czechoslovakia would have no choice but to form what in due time would become a customs union with Germany. Germany will do everything possible to encourage such a development, it was said. "The memories of Versailles (post-war peace treaty between Germany and the Allies) are too keen with us to make us want to impress a new Versailles upon the Czechs," a foreign office spokesman said. (Continued on page 6.)

PROWL CAR FUMES KILL 2 POLICEMEN

TROY, N. Y., Oct. 7.—(AP)—Two Troy policemen, believed by Police Chief John B. Conroy to have been overcome by fumes from the motor of their prowl car, died in a hospital today. The men, Patrolmen Fred A. Popp, 43, and Frank E. Connelly, 37, were found unconscious in their machine at a gasoline station. Chief Conroy said the station attendant investigated when there was no movement in the car 15 minutes after it drove in and found the men unconscious, the motor running, and all windows closed, apparently to shut out the cold. (Continued on page 6.)

COUGAR FINDS WOLF IN TRAP, KILLS IT

WALDPORTE, Ore., Oct. 7.—(AP)—A timber wolf came out second best to a cougar in a battle near Alesia fish hatchery, Mac Bayles, woodsman, said yesterday. Bayles, inspecting a trap line, found the torn body of the wolf, partly devoured, in a bear trap. The cougar, sleeping off its feast nearby, fled when Bayles approached. He summarised the cougar, finding the wolf trapped, sensed its advantage and sprang to the attack. (Continued on page 6.)

WIFE OF OFFICIAL KILLED IN CRASH

REIMOND, Wash., Oct. 7.—(AP)—Mrs. Morris Sorensen, 65, wife of a Kittitas county commissioner, was killed in an automobile collision on the Snoqualmie pass highway, two miles east of here, today. The Sorensens have a ranch 15 miles east of Ellensburg. The fatal accident happened in a heavy fog when Sorensen's automobile hit the rear of a truck. (Continued on page 6.)

Cubs' Hopes Fade After Two Defeats Yankees Expected to Sweep Series Third Battle Scheduled for Saturday

By GAYLE TALBOT. EN ROUTE TO NEW YORK, Oct. 7.—(AP)—Except for the fashionable huzzahs that will be sounded about Sunday night in the Yankee stadium that glittering gathering of baseball's socialites up in the Bronx, the 1938 world series appears to be all wrapped up. The Yankees are too good. Too good for the Chicago Cubs, and possibly too good for the future of baseball. As the two clubs head into New York to resume the unequal contest on Saturday with the Yankees already twice victorious, there isn't much to wonder about except whether they will make it four straight. The general belief is that they will. When Crossetti and DiMaggio rapped those late inning home runs to beat Dizzy Dean, 6 to 3, yesterday, the most obstinate backer of the Cubs gave up. For those who are impressed by figures, yesterday's was the 20th victory scored by the Yankees in their 23 world series games since 1927. Their weakest member, Crossetti, high lighted the opening game with his fielding and yesterday the little shortstop hit the homer that virtually settled the series. Gomez Has Lucky Break It is a happy job pitching for the Yankees. "Lefty" Gomez yesterday became the first pitcher ever to win his sixth straight world series victory without having suffered a loss, and he was enjoying a nice warm shower at the time. Lefty, who had been maced right merrily by the Cubs as they ran up their 3 to 2 lead in the early innings, had retired for a pinch-hitter just before Crossetti's busy-whipped Dizzy's "fast ball" into the bleachers in the eighth. In fact, it was the pinch-hitter, Myril Hoag, who rode in on the big punch, so that made Lefty the winning pitcher. Dizzy Makes Nice Try Dean's "fast ball" is enclosed in quotations because it is very slow compared to the specimen he used to rear back and fire across the plate in other days when he strode the mound like a colossus and stared in astonishment when somebody knocked one back at him. Nobody will ever know how he held the Yankees to three hits, one of them an outright piece of luck, for seven innings. DiMaggio's mighty blow in the ninth with Henrich on base seemed an afterthought, for the game already was won and lost. For tomorrow's engagement, the Yankees haven't any one to call upon except Monte Pearson, who recently pitched a non-hitter and who stopped the Giants in the third world series game a year ago. The Cubs, having gambled and lost on Dean yesterday, must pin their scant hopes on young Clay Bryant, a fast-balled like Bill Clay Bryant, a fast-baller like Bill the first game. (Continued on page 6.)

POLITICAL ACTIVITY OF OFFICIAL SCORED

Senate Committee Will Demand Action Against Maryland Collector. WASHINGTON, Oct. 7.—(AP)—The senate campaign expenditures committee, disagreeing with Secretary Morgenthau's, held today to its contention M. Hampton Magruder, Maryland collector of internal revenue, had been guilty of improper political activity. The committee wrote the treasury secretary he was wrong in approving Magruder's actions during the Maryland democratic primary campaign and asserted it would request the senate to take action. Morgenthau had advised the committee he approved Magruder's telling non-civil service employees of his office that, while they were free to vote as they please, he was supporting Rep. David J. Lewis. The senate committee had called Morgenthau's attention to Magruder's action and asserted it violated the spirit, if not the letter, of the civil service act. Lewis, President Roosevelt's choice for the senate nomination, lost to Sen. Millard Tydings. Describing Magruder's action as "a breach of the treasury department's own regulations" as well as "a violation of sound administrative principles," the committee told Morgenthau "no excuse is to be found for it."

PAY CUT ESSENTIAL, RAIL HEADS ASSERT

Norris and Donnelly Give Reasons for Decision on 15 Pct. Slash. WASHINGTON, Oct. 7.—(AP)—Railroad management contended today increased costs resulting from two new federal laws provided additional reasons for cutting rail wages 15 per cent. Ernest E. Norris, president of the Southern railway, said the railroad retirement tax and unemployment tax under the social security act had added a heavy payroll burden for carriers. He presented his argument to the emergency fact-finding board which is seeking to avert a strike vote in protest against the proposed pay cut. His railroad had no private pension plan before the government retirement act, Norris said, estimating it added \$2,000,000 a year to the annual wage cost. Charles Donnelly, president of the Northern Pacific railway, said present conditions made it "impossible for a railroad company to expand or improve its property." Expansion Needed The Northern Pacific, he testified, needs to expand its equipment purchases and this could be done with savings from the proposed wage reduction. Donnelly referred also to his road's private pension and group insurance programs for employees and said: "Under all these circumstances I have not thought it was an improper or unreasonable request to ask our employees to do something for us, and to assent to the reduction we are asking here." Donnelly said the Northern Pacific net operating income the first eight months of this year was \$10,000,000. (Continued on page 6.)

LOYALISTS REPULSE INSURGENT ATTACKS

HENDAYE, France (at the Spanish Frontier), Oct. 7.—(AP)—Insurgent dispatches reported today insurgent troops continued to advance on the Ebro river front while they were fighting hand-to-hand for each strong-fortified government position. None of the positions which they said they captured, however, was specified in the insurgent bulletin, which admitted the government militiamen were counter-attacking. Government reports said all insurgent attacks broke against firm government resistance and that insurgent General Franco's legionnaires had suffered heavy losses. (Continued on page 6.)

DOUGLAS G.O.P. WILL SELECT NOMINEE

The Douglas county republican central committee has been called to meet at the courthouse in Roseburg at 7:30 p. m. Thursday, October 13, V. M. Orr, chairman, announced today. The meeting is called for the purpose of selecting a party nominee for the office of state legislator from Douglas county. The committee will select a candidate to replace Bernard A. Young, who was nominated for re-election at the primary election but who was forced to withdraw because of his change in residence to Portland. The name of the nominee selected by the committee will be printed on the general election ballot. (Continued on page 6.)

Italy Strikes At Jews With Racial Edicts

Economic Activity Limited, Restrictions Placed on Marriages, Military Duty Banned. ROME, Oct. 7.—(AP)—Italy struck at "world Hebrewism" as the "inspiration of antifascism" today by forbidding intermarriage of Jews and Italians and restricting Jewish economic activity. The fascist grand council laid down the anti-Semitic regulations in a series of orders for "defense of the Italian race" which evidently were imbued with the spirit of empire. Many of the new regulations were directed against Jews, but the policy was drafted on broad lines to affect "African, Semitic and other races" than Italian. The grand council declared the necessity for "race consciousness" to be urgent "since the conquest of empire" and called for "quantitative and qualitative betterment" of the Italian race. It made two concessions to Jews in line with Premier Mussolini's promise of moderation in his speech at Trieste September 18, exempting Jews who had served the country meritoriously in war and holding out the possibility of sanctuary for Jews in Ethiopia. Marriage Ban Imposed The mixed marriage ban forbade union of Italians and "African Semitic and other races," and marriage of civilian and military employees of the state to "foreign women of whatever race." Other Italians were required to have the interior minister's permission before a foreign marriage. Special economic and political restrictions prohibited Italian Jews from belonging to the fascist party, owning or managing business firms employing more than 100 persons, owning more than 50 hectares (123.5 acres) of land, or entering Italy's military services. Immigration Halted Further Jewish immigration was banned and expulsion of "undesirables" was supported. This referred to the cabinet decree of August 1, ordering all Jews who have settled in Italy since Jan. 1, 1919, to leave the country. Census figures published two years ago said there were about 70,000 Jews in Italy. Textbooks by 114 Jewish au-

F. R. PLANS BETTER BARRIER TO SPIES

HYDE PARK, N. Y., Oct. 7.—(AP)—President Roosevelt today disclosed the administration was planning to tighten its defenses against activities of foreign spies. The president, in response to press conference questions, said he was seeking to determine what new machinery might be set up to frustrate efforts by foreign agents to obtain the military and naval secrets of this country. He mentioned in this connection it might be possible to effect a closer coordination of the activities of the military and naval intelligence services, the federal bureau of investigation and similar agencies. Asked whether foreign agents had increased their activities in this country, Mr. Roosevelt said he believed there was no marked increase at present, although there had been during the past 10 years. (Four persons are scheduled to go on trial in New York October 14 on charges of being implicated in a far-reaching espionage plot.) (Continued on page 6.)

LIBEL SUIT FAGED BY SENATOR GUFFEY

PHILADELPHIA, Oct. 7.—(AP)—A libel suit was filed against U. S. Senator Guffey, democrat, today by M. L. Annenberg, publisher of the Philadelphia Inquirer. Senator Guffey coupled criticism of Annenberg with an attack on the republican state organization and ticket in a speech here last night. Guffey is chairman of the democratic state campaign committee. Before the speech, over a Philadelphia radio station, attorneys for Annenberg advised the station they believed the speech libelous. Samuel Rosenbaum, president of the radio station, replied offering Annenberg "the facilities of this station and network on equal terms." PITTSBURGH, Oct. 7.—(AP)—Senator Guffey, after learning a suit charging civil libel had been filed against him by M. L. Annenberg, Philadelphia publisher, said today: "I am glad Mr. Annenberg had the courage to sue me. It will now give me a chance to bring his life history and record into the open." (Continued on page 6.)

DANCE HALL FIRE KILLS TWO PERSONS

BIRMINGHAM, Ala., Oct. 7.—(AP)—Two persons died and nine others suffered burns today in a fire which destroyed Vanderbilt gardens, suburban dance hall and apartment building. Nearly a score of persons, including two small children, either jumped or were thrown from second story windows to escape the flames. J. M. Kirk, 68 and partially deaf, and Mrs. Fannie Lee Forman, 59, were killed when the three-story frame structure collapsed, only a few minutes after flames arrived. Fire Chief Alf Brown suffered a burned foot. The cause of the blaze was undetermined. (Continued on page 6.)

RECORD TOTAL OF GOLD SENT TO U.S.

WASHINGTON, Oct. 7.—(AP)—A record-breaking total of \$204,844,905 worth of gold came into the United States in the week ended September 30. The commerce department said today the figure was the largest for any week on record. It added the sum was about \$70,000,000 larger than that for any of the preceding weeks during which European war scare sent huge masses of the yellow metal across the Atlantic. Since at least temporary peace has been assured by the pact of Munich, the gold movement has abated, however, except for metal engaged for shipment prior to the settlement. Altogether, more than \$600,000,000 of gold was sent to the United States during the war years. (Continued on page 6.)

Industrial Fair Next On City Festival

Products to Be Shown at Armory, Entertainment Billed; Many View Styles' Debut. The Roseburg armory was a scene of great activity during the early morning hours today as the industrial fair took form following a most successful fall opening last night, under sponsorship of the Douglas County Junior chamber of commerce. Streets in the business district were thronged with window shoppers last night as merchants presented displays of the latest in fall fashions. A display by living models drew so much attention that it was necessary for the police department to re-route traffic. The occasion was enlivened by music by the school band and the junior drum corps. Open House Attracts Open house by the junior chamber of commerce and the Roseburg News-Review drew great crowds. At the new quarters of the junior chamber much interest was shown in displays of blackberries, raspberries and strawberries, picked from gardens in October. Visitors were served fresh apple cider. At the News-Review office hundreds of persons took advantage of the opportunity to view the quarters into which the newspaper recently moved. Fair Well Arranged. Interest today centered in the industrial fair, which is being presented in the armory auditorium. Granges, local industries, clubs, etc., have prepared most attractive booths, offering a most comprehensive survey of the outstanding grown and manufactured products of the Umpqua valley. The fair will be open tonight and all day Saturday. Various types of entertainment will be offered tonight during the early and late hours. The junior chamber is cooperating with the high school in its fall program, and is scheduling no special entertainment during the hours for the show at the high school, but immediately after that event, starting at 10:30 o'clock, there will be shown "The March of Progress," a most interesting motion picture dealing with the advancement in science and invention. Queen to Be Crowned. Saturday's program offers a

Horse Wears Pants But Feet Neglected

Court Suggests Removal of Garb From Nag, Whose Legs Are Sprung. NEW YORK, Oct. 7.—(AP)—Those who remember unimportant bits of miscellany may recall a remark made in connection with a courtroom appearance of Miss Sally Rand—that some people are so pure of mind they would put pants on a horse. It all came back today in a case which concerned purity not at all, but which did involve a horse with pants on. The horse's owner, Lorenzo Lopopolo, told Magistrate Sylvester Sabbatino: "I like my children. I like my horse. I put pants on my children. I put pants on my horse." Patrolman Joseph Ryan disrupted the picture of equine sartorial splendor with an assertion that the pants in question concealed the fact the horse was so poorly shod that his forelegs were sprung and that to drive a horse in such condition was cruelty to the horse. "It's all right for you to love your children and keep pants on them," the magistrate told Lorenzo, "but if you love your horse, keep pants off him understand? Case dismissed!" (Continued on page 6.)

FIVE INDICTED AS OPIUM IMPORTERS

PORTLAND, Oct. 7.—(AP)—Five crew members, all Orientals, from the Philippine steamer Don Jose and the Norwegian motorship Granville were indicted yesterday by a federal grand jury on charges of importing opium. Indictments were the outgrowth of two raids by customs officials in which opium valued at \$172,000 was seized. SANTA ANA, Calif., Oct. 7.—(AP)—A crudely made bomb exploded in an automobile parked in front of the home of Superior Judge James L. Allen early today. The Orange county grand jury investigation of a scurrilous political pamphlet circulated before the August 25 primaries, was conferring at the time with the owner of the car, Charles R. Moore, a Los Angeles detective hired to investigate the case. Chief of Police Floyd Howard immediately opened an investigation. He said the bomb, which set fire to the automobile, was made up of a large tin can filled with shot and a powerful explosive. It was ignited, he said, by a newspaper. Judge Allen, who was the object of the attack in the pre-election pamphlet, told Chief Howard he recently had received death threats. (Continued on page 6.)

6-MONTH-OLD TOT LEARNING EARLY

PORTLAND, Oct. 7.—(AP)—Phillip Devin, 6-month-old son of Mrs. Keltie Devin, has learned about the world early. Born last March 15, Phillip can walk, climb stairs, drink water and milk from a glass without aid, say three words and get into and out of his bed alone. (Continued on page 6.)

Ex-Train Bandit Gardner Recalls Gun Play on 2 Officers in Roseburg

Roy Gardner, former train robber, released in June of this year from Alcatraz island, was in Roseburg today to visit the scene of one of his several famous escapades. Back in this city, this time to make a personal appearance today and tomorrow at the Rose theatre, Gardner recalled that it was in Roseburg 18 years ago that one of his great adventures occurred. He had been arrested for train robbery and sentenced to 25 years in McNeil prison. Heavily manacled and in custody of U. S. Marshals Haig and Cavanaugh, he was aboard a northbound Southern Pacific train which stopped for a few minutes in Roseburg. "The train spent about 20 minutes in Roseburg," Gardner said today, recalling his experience. The attention of the two officers who had me in custody was diverted for a few seconds by some occurrence on the platform. That was the break I had been waiting for. My hand, locked with handcuffs, slipped into Haig's pocket and I had his gun. Holding it on Haig, I threatened to kill him unless Cavanaugh unlocked the cuffs. When my hands were free, I took Cavanaugh's gun. "By that time the train again was in motion, and there was nothing to do but wait until I could get a chance for a break. Those sure were long hours as the train seemed to crawl along the tracks. We were in a stateroom, where we could not be seen by the other passengers, but we never knew when a porter or some other person might enter. Tension never relaxed. Then the train pulled into Eugene and I got off the train. I managed to slip through the nets spread for me and reach Canada." He is visiting Roseburg on a 25 weeks' personal appearance tour sponsored by the Universal studio. He will appear at each regular show at the Rose theatre. (Continued on page 6.)

Crews Won't Work Beyond 32-Hour Week

Plymouth Corporation and Briggs Plant Affected; Peace Nearing in S. F. Strife. DETROIT, Oct. 7.—(AP)—A united automobile workers' demonstration for a 32-hour week closed today two large factories here today and left approximately 12,000 men idle. The main plant of the Plymouth Motor Corp. remained closed this morning when approximately 3,000 employees stood outside the gates and refused to enter, declaring they would not work more than 32 hours weekly. A short time later the Mack avenue plant of the Briggs Manufacturing Co., which employs 9,000 men making bodies for the Plymouth plant, also closed, awaiting resumption of Plymouth operations. C. G. Edelen, chief shop steward of the UAW Plymouth local, said the demonstration was not a strike and the men would return to work Monday morning at the regular hour. He said they did not intend to work more than 32 hours a week, however. The men, many recently recalled for new model production, have been working 40 hours weekly. "The demonstrators milled around the gates for more than an hour, but at 9:30 all of them had left. Union President Homer Marth announced this week the 32-hour week would be sought. Agreement Claimed In the specific case of Chrysler-Plymouth plants, the union claims an agreement with the management on the 32-hour question although the parties have been unable to agree on details. The Plymouth management said a statement would be forthcoming later in the day. There was no disorder at the plant, although police seized a union sound car and detained the driver. (Continued on page 6.)

JUDGE, AIDE ARE TARGETS OF BOMBS

SANTA ANA, Calif., Oct. 7.—(AP)—A crudely made bomb exploded in an automobile parked in front of the home of Superior Judge James L. Allen early today. The Orange county grand jury investigation of a scurrilous political pamphlet circulated before the August 25 primaries, was conferring at the time with the owner of the car, Charles R. Moore, a Los Angeles detective hired to investigate the case. Chief of Police Floyd Howard immediately opened an investigation. He said the bomb, which set fire to the automobile, was made up of a large tin can filled with shot and a powerful explosive. It was ignited, he said, by a newspaper.
