ENROLLMENT REPORTED INCREASED THIS YEAR

Continued service for peace and democracy is foremost in the minds of American Legion auxiliary members as they re-enroll for 1939, said Mrs. V. J. Micelli, president of Unquqa auxiliary unit, today. She reported a heavy early enrollment, with many members having paid 1939 dues before they became officially due on October 30.

"Interest in the auxiliary's activities for protection of our country's peace and its democratic institutions is stronger than ever before," Mrs. Micelli stated. "American women have been thoroughly awakened to the danger of war by recent world events. They have been aroused to the threat to American institutions by radical activities in the United States. They are seeking ways in which to serve for peace and freedom, and those who are eligible are finding a way to serve effectively in the work of the auxiliary."

The auxiliary is advocating stronger national defenses to guard the country against war. For years our organization has done effective work in this cause and we feel that this is a very critical time and are striving to make our work even more effective during the coming year. Every woman who enrolls in the auxiliary gives us just that much more strength for our efforts.

"With the American Legion, the auxiliary has long been recognized as a powerful stabilizing influence in American life and a barrier to the success of radicalism of any kind in this country. Its constructive Americanism activities will be further developed during the coming year and will give every woman who enrolls opportunity to work for the maintenance of the democratic form of government in America."

The local unit is now receiving enrollment for the coming year and is inviting all eligible women, wives, mothers, sisters and daughters of Legionnaires or of deceased veterans, and women who themselves were enlisted in war service, into its membership.

JEWES FACE NAZI GHETTE DECREE

pletely on the side of the people." Goebbels said there were not sufficient police to meet the situation yesterday.

"We did not have 100,000 police available to put one before every Jewish shop," he asserted.

Goebbels closed with a declaration Germany's future treatment of Jews "depends both on their behavior here and that of Jews abroad."

Warns Jews Abroad
"If the Jews abroad have a heart for their coreligionists in Germany let them be truthful in what they say about us," he warned. "From their own standpoint I consider them unwise in writing so much about the Jews in Germany. Maybe Americans will learn therefrom (writings about Jews in Germany) what measures to adopt in their own country to solve the Jewish problem."

Nazi informants predicted Jews in Germany would be compelled to live and do business only in the ghetto of their city. Their shops would be tolerated only in sufficient number to supply the needs of the Jewish communities (Wahled and gated ghettos had their origin in Italy in the 16th century. They were known in the Germany of that day as Judengasse).

No Reimbursement
The new decrees were discussed by Chancellor Hitler and his advisors in conferences until late last night.

There will be no reimbursement for the damage done, prominent nazis said, because nazis regarded the action by the crowds as a "force majeure"—an evitable force, applied somewhat as is the phrase "act of God."

On the contrary, a Jewish store proprietor ranting from an Aryan will be compelled to replace broken windows and repair other damage on the theory a tenant must keep the premises in good condition except for ordinary depreciation.

and across the Potomac to the majestic Lincoln memorial.

Chadwick Takes Part
Directly after the president's departure, honor guards of the marine corps, navy and army silently saluted their unknown companion.

The American Legion, with representatives from the 48 states and the District of Columbia, moved into position before the tomb where national commander, Stephen F. Chadwick of Seattle, laid a wreath below that of the president's. State delegations followed to lay individual wreaths.

Recent silence governed the ceremony. Twenty years ago at 11 o'clock in the morning there was another sort of quiet—an unbelievable silence which in sudden drama succeeded the roar of battle.

And in Washington on the same day the voice of Woodrow Wilson lifted to the congress. "The war thus comes to an end."

Throughout the nation millions observed solemnly today the 20th anniversary of that hysterical end of the bloodiest war in history. For the first time it was a national holiday, created at the last session of congress.

President Roosevelt, Col. Fulgenzio Batista, head of the Cuban army, and Gen. John J. Pershing were among the dignitaries accepting invitations to memorial ceremonies at the tomb of the unknown soldier.

MOTORISTS WARNED OF ICY HIGHWAY

(Continued from page 1.)

Snow sprinkled sections of the Delcoo, Dallas-California, Mount Hood, Wapinitia cutoff, north and south Santiam highways and fell heavily on mountains throughout the state.

Tillamook and Portland heights received snow. Sheep men in the Blue mountains near Pendleton had to truck their flocks to safety after snow caught them in high country. Elk hunters reported difficulty in removing kills.
