

JEWS ASK U. S. TO INCREASE QUOTAS

BERLIN, Nov. 17.—(AP)—Prominent Jews suggested today the United States "mortgage" the German immigration quota for the next three years and accept 81,000 Jews immediately.

Franklin D. Roosevelt is expected to arrange for the release of the Jews from concentration camps in North and South America and France and Germany permit the German Jewish population to emigrate without passports and visas "because of the acute need."

Jewish estimates today were that 25,000 of their number had been arrested, an increase from the 40,000 figure they gave yesterday.

They said they had reports from concentration camps that Jewish prisoners were quickly put in uniform and had their heads shaved after the usual custom, indicating they would not be released soon.

The first reaction to President Roosevelt's press conference statement of plans for an air force that could defend both North and South America came in an editorial published by Voelkischer Beobachter, Chancellor Hitler's newspaper.

It said the president pictured an "imaginary menace" to America and "suspicions were cast on other powers in the interest of United States armaments."

There still was no indication of what feeling may have been aroused by the president's statement against the treatment of the Jews.

DENUNCIATION OF GERMANY SPREADS

(Continued from page 1)

S. (Pop) Warner, Temple university football coach; governors of Minnesota, Maryland and Florida; Methodist, Episcopal and Baptist church dignitaries; Professor Harold C. Urey, Columbia university Nobel prize winner in chemistry; Mayor LaGuardia, and Orson Welles, Broadway and radio drama producer.

Renewed Protest Urged
Four hundred screen, stage and radio celebrities donated their services in Madison Square garden last night at the fifth annual "British of stars" benefit for the settlement of Jews in Palestine.

Thirty-six leading American writers sent a telegram to President Roosevelt urging renewed protest against anti-Semitic excesses.

Signers included Pearl Buck, recent Nobel prize winner; Paul de Kruif, Edna Ferber, Eugene O'Neill, Dorothy Parker, John Steinbeck, Dorothy Thompson and Thornton Wilder.

Other telegrams from labor organizations and civic bodies—such as the Cincinnati city council—poured in to the white house and Secretary of State Hull from all sections of the nation.

Jewish leaders, fearful of any action that might bring further animosity to their brethren in Germany, remained significantly silent.

CATHOLIC DIOCESE RAPS COMMUNISTS AND NAZIS

SPOKANE, Wash., Nov. 17.—(AP)—Catholic men and women of the Spokane diocese were on record today in denunciation of both communism and persecution of the Jews in Germany.

A resolution, embodying the denunciation, was passed yesterday at a meeting of 3,000 Catholics gathered in Spokane to pay honor to the early Catholic missionaries of the northwest at the centenary of the first mass ever said in the state of Washington.

The action was taken after Bishop Edward J. Kelly, of Boise, had pronounced communism as the greatest of all world threats, and Bishop Charles D. White of Spokane had said, "we condemn in strongest terms persecutions of Jews in Germany. However, Hitler will have to go some to keep up with the outrages in Spain."

PORTLAND, Nov. 17.—(AP)—Principal Jewish groups will participate in a mass demonstration here Sunday on behalf of victims of persecution in Germany. Four congregations will be led in prayer by Rabbi Henry J. Berkowitz.

Legion Back Roosevelt's Condemnation of Nazis
INDIANAPOLIS, Nov. 17.—(AP)—The American Legion was pledged today to uphold President Roosevelt's policies in the international situation as its national executive committee began a two-day meeting here today.

National commander Stephen P. Chadwick said the Legion was in accord with the president's action with regard to "shocking reversals to tolerance and to civilization which have filled the press of the world in recent weeks."

"As a citizen and as your commander," Chadwick said in a statement to Legionnaires last night, "I wish to state our president's acts and pronouncements in the situation express my thought. I feel also that he has expressed the thoughts of our great organization. I feel it my duty and our duty to uphold his hand."

C. I. O. ASKED TO BACK THIRD TERM

infirmary activities and ordered a survey of the health cooperative field.

Dies' Name Jeered
The convention jeered the name of Martin Dies, chairman of the house committee investigating un-American activities, when a delegate read a resolution he said had been adopted by the Texas industrial union council, calling for an "investigation into the un-American activities of the Dies committee."

J. E. Crossland, of the industrial union council of Texas, Dies home state, said of Dies:
"He looked young and bright and

Four Held by G-Men in Kidnap-Murder

The four former convicts pictured above who Chief G-Man J. Edgar Hoover claims were involved in three hitherto unrevealed kidnapings and one murder in New York, have been turned over to New York authorities by federal men. Left to right are William Jackson, Joseph Sacoda, John Virga, and Demetrius Gula. Killed and cremated while the kidnap gang was demanding \$200,000 ransom was Arthur Fried, missing since last Dec. 14, Hoover said. Kidnaped and released on payment of ransom, were Benjamin Farrow and Norman Miller. The four also are accused of three robberies.

ROSSER MUST STAY IN JAIL AT DALLAS

DALLAS, Ore., Nov. 17.—(AP)—Sheriff Hooker of Polk county was ordered today to hold Al E. Rosser, former head of the teamsters union in Oregon, who was convicted here on a charge of arson and sentenced to 12 years in the penitentiary, pending determination of a contest of the legality of his appeal to the supreme court filed by the state late yesterday.

Judge Walker last night signed an order setting aside a previous order directing the Polk county sheriff to release Rosser, issued when he posted the bond of \$25,000 fixed by the court.

Rosser will be held in jail pending determination of the state's motion to set aside his appeal on the grounds that it was not perfected within the statutory time limit. Judge Walker set November 26 as the time for hearing arguments on the state's motion.

Removed from Polk county when he furnished bail there, Rosser has been held in the Multnomah county jail since November 9 on a warrant from Skamania county, Washington, pending a decision on a request for extradition to face trial in that state. The request to Governor Clarence Martin of Washington for extradition was withdrawn yesterday by D. C. W. Lindville, Skamania county prosecutor.

NEW PACTS WIDEN U. S. TRADE FIELDS

(Continued from page 1)

export and import. Products from all parts of the globe are involved in the agreements through inclusion of the British colonies, ranging from Zanzibar and Sierra Leone in Africa to the Malay states in the far east, the Fiji islands in the Pacific, Bermuda in the West Indies and British Guiana in South America.

May Stimulate Exports
The importance of the trade with the colonies is indicated by the 1937 figures showing the United States bought \$322,560,000 worth of goods from them and sold them \$76,897,000.

Officials hope the agreement will stimulate American exports to the colonies, because the tariff concessions granted American products should tend to diminish the preferential treatment which these possessions now give to British products.

The United Kingdom is the United States' best customer. She bought \$535,000,000 worth of goods from the United States in 1937, which is about as much as this country sold to Germany, France, the Netherlands, Belgium and Sweden combined.

Officials who have been working exactly a year on the British agreement regarded it as a great flip for prospective negotiations with other dominion members of the British empire—Australia, New Zealand and the Union of South Africa. Exploratory discussions have been held with them.

The new agreement with Canada removes and amplifies one expiring December 31. Trade between the dominion and the United States in 1937 amounted to \$989,017,000.

MARKET MAN SUES OVER BAN ON MEAT

SALEM, Nov. 17.—(AP)—Alleging a conspiracy to induce wholesalers to refuse him meat for retail purposes, Percy Krennan, proprietor of a meat market north of Salem, filed suit in circuit court yesterday.

Defendants named were Roland Hezels, Safeway Stores, Inc., W. L. Lewis and Emil C. Hoffman. Krennan asked damages aggregating \$102,125. The market has been picketed by a labor union for several weeks.

WARDEN IN COOS MEETS TRAGIC END

MARSHFIELD, Nov. 17.—(AP)—The body of Frank Bremer, 40, was found last night at the foot of a cliff in the Elliot state forest east of here.

Bremer, rancher, trapper and warden for the Coos Fire Patrol at Allegany, failed to return from setting out trap lines. The search followed.

GRANGER RAPS WAGE BILL AS PRICE PARITY BARRIER
PORTLAND, Ore., Nov. 17.—(AP)—Agricultural exemptionists under the wages and hours bill were entertained today an "unrestrained" report in a report to the national grange convention by Fred Breckman, the grange's Washington representative.

Breckman, who predicted the act would increase production costs, said congress had destroyed the possibility of achieving price parity between agriculture and industry, "making it increasingly difficult for these groups to exchange products on a fair and equitable basis."

He described as a "glaring defect" the absence of provisions to protect the American market against commodities from countries with sub-standard labor conditions.

Court Action Needed
"Many of the provisions of the act are so confusing that court action will be necessary to clarify the situation," Breckman said. "There is room for a difference of opinion as to whether the present plan constitutes the right approach. There is a higher law than the law that is passed by congress or that the ruling that may be made by some governmental bureau and that is the economic law. When the economic law is violated the penalty is always Thursday."

DEFI TO WORLD REPEATED BY NAZIS

OREGON'S BIENNIAL BUDGET PRESENTED

(Continued from page 1)

will be spent for salaries to employees of the department of higher education. Salaries for employees in self-sustaining departments total \$24,917,133.

The board of higher education's total budget is \$4,220,235, of which \$3,624,106 will be paid by non-state funds.

Little Extravagance
"With few exceptions," Wharton said, "the requests of the various state departments for appropriations were sound and based on needs for fulfilling complete service to the public, provided ample funds were available. Examples of extravagance were markedly few. The requests had to be reduced to meet the authorized revenues, regardless of the actual needs of the departments. In making the reductions, every effort was made to avoid crippling the activities of any department, even though it was often necessary to disapprove plans for expansion in keeping with demands from the public for service."

He pointed out that while the approved departments will be operated at a cost of \$24,254,982, of which \$14,663,772 will be raised under the existing tax scheme, that the self-sustaining units will spend \$78,841,244 in the same biennium, adding that legislators have paid "too little attention to the operation of the self-sustaining units."

No Property Levy Needed
The budget division has saved \$6,258,891 during the present biennium by "careful scrutiny," Wharton said there was no need for a property tax next year because of these savings.

The estimated revenue for the self-sustaining units, raised by gas

taxes, liquor taxes and other forms of fees, will total about \$9,600,000 more than the expenditures by these units.

ENGLAND WILL TRY KENNEDY'S PLAN

(Continued from page 1)

zones, formed last July. It was estimated it would cost about \$600 a family to move Jews from Germany to new homes in other lands.

The United States part in the plan was understood to be mainly financial.
