

REV. LEAVITT GIVES TALK ON DIAMONDS

Rev. Linden Leavitt, pastor of the First Christian church of Roseburg, was the guest speaker at the regular weekly assembly at Senior High school Friday during the activity period. His talk was based on his experience as a diamond broker and collector. He told the student body some of the interesting incidents which had happened to him during the time he was in the diamond business. He explained the way in which diamonds are formed and the way in which they are mined, broken and polished. The students were shown a scale on which the diamonds are weighed and a billfold used in carrying the diamonds from one place to another.

SIX FLIERS DIE IN CRASH OF BOMBER

here from Maxwell field to investigate the tragedy, one of the worst in military aviation history. Victims Listed Officers at Maxwell field in Montgomery announced the names, and home towns of the plane's occupants as follows: Crew: Second Lieut. Robert Kirkland Black, Meridian, Ga. Second Lieut. Rolf McKeechin, Cleveland, Ohio. Second Lieut. Allen M. Howery, R.F.D. Russellville, Tenn. Sergeant Harry T. Jones, Hemet, S. C. Second Lieut. John M. Madra, Memphis, Tenn. Private Joseph J. Nanartowich, Highland Falls, N. Y. Passengers to Maxwell field, en route to home stations: Lieut. James W. Stewart, army medical corps, assigned to Randolph field, Texas. Corporal Jerry E. Galloway, assigned to third weather squadron at Dallas. Ship Newly Delivered The ship crashed in a heavy rain, which was measured at the La-Grange weather station at 1.29 inches in a few hours last night. Apparently the pilot had turned off his course for Maxwell field and was trying to make an emergency landing field near here. The big ship ploughed into a timber thicket, chopping a path through large pine trees about 100 yards long. Some of the trees snapped of would measure 12 to 14 inches in diameter, witnesses reported. The ship was "B-18A" two motored, mid-wing Douglas bomber, newly delivered to the air corps by the Douglas Aircraft Co., Santa Monica, Calif. The type is a military adaptation of the "DC-2" Douglas commercial transport first manufactured in 1935 and is third largest of air corps bombers, exceeded in weight, size by "B-17" or "super flying fortress." It is equipped with belly bomb racks, a machine gun in the nose and another in a turret at the aft end of the fuselage.

CHINESE BATTLE JAPS TO STANDSTILL

SHANGHAI, Nov. 19.—(AP)—China's armies today appeared to have fought the Japanese invaders to a standstill for the moment. Although accurate information was lacking in the face of conflicting counter claims, foreign observers believed the Chinese were making progress in their south China drive against Japanese forces which sought to widen the foothold gained with the capture of Canton. Such progress was indicated by the fact Japan replaced her south China commander after the Japanese failed to advance more than 30 miles northward in the four weeks since Canton's capture Oct. 22. The Japanese admitted they had evacuated Sanshui, 20 miles west of Canton, and the Japanese military spokesman likened fighting there to the useless fighting at Tai-chang in central China last April.

INSURGENT PLANES STAGE DEADLY RAID

BARCELONA, Nov. 19.—(AP)—Five persons were killed and 21 injured today when five insurgent planes bombed the area between Badalona and Moneat just north of Barcelona. The planes dropped from 50 to 200 bombs which wrecked six buildings. The planes later appeared over Barcelona, but were chased away by government pursuit ships. The American food ship Erica Reed, which was in the harbor, was not harmed.

ROOSEVELT PLANS JAUNT TO GEORGIA

WASHINGTON, Nov. 19.—(AP)—President Roosevelt worked today to clear his desk of a mass of business before transferring the center of government activities to the southland for the next two weeks. He will leave tomorrow for Warm Springs, Ga., where, between swims in the health resort's outdoor pool, he expects to hold conferences on the new legislative program.

RESCUERS DIG FOR 2 ENTOMBED MINERS

SHENANDOAH, Va., Nov. 19.—(AP)—A weary rescue squad tunneled through tons of dirt and twined timbers today in an attempt to reach two men entombed 20 feet below the earth's surface in a coal hole high on a mountain-side near this anthracite mining town. Little hope was held they were alive. The men were trapped last night when timbers they were setting in a narrow shaft collapsed.

SUSPECT IN SALEM BURGLARY NABBED

SALEM, Ore., Nov. 19.—(AP)—Dominick Musacco, 35, with-hold plea in justice court yesterday to a charge of burglary preferred by city police. His arrest followed the smashing of a jewelry store window and removal of \$250 worth of diamond rings early yesterday. Four youths who witnessed the window-breaking were outrun by

Memorial to OSC War Dead Serves Students Ten Years

OREGON STATE COLLEGE—The twentieth anniversary of the signing of the armistice finds the Memorial Union building here completing its tenth year of service to the campus and the state. Constructed from private gifts and student contributions, the "M. U." is a working memorial to the college's war heroes, crowded daily with students and many from off the campus who find within its beautiful walls convenient gathering places. Names of those who paid the full price of service are inscribed in bronze on the plaque shown above, a gift of the "war class" of 1923, and hung in the main corridor.

CHINESE BATTLE JAPS TO STANDSTILL

SHANGHAI, Nov. 19.—(AP)—China's armies today appeared to have fought the Japanese invaders to a standstill for the moment. Although accurate information was lacking in the face of conflicting counter claims, foreign observers believed the Chinese were making progress in their south China drive against Japanese forces which sought to widen the foothold gained with the capture of Canton. Such progress was indicated by the fact Japan replaced her south China commander after the Japanese failed to advance more than 30 miles northward in the four weeks since Canton's capture Oct. 22. The Japanese admitted they had evacuated Sanshui, 20 miles west of Canton, and the Japanese military spokesman likened fighting there to the useless fighting at Tai-chang in central China last April.

ASSERTION ON TAX DIVERSION REFUTED

HILLSBORO, Nov. 19.—(AP)—George McGee, city manager, criticized reports today Oregon might suffer a reduction of federal and road funds if cities were allocated \$960,000 annually from gasoline taxes to repair and maintain streets. McGee is chairman of a league of Oregon cities committee which will ask the legislature for the allocation. "The bureau of public roads and the state highway department have stated repeatedly the allocation of gasoline tax revenues to street purposes would not constitute a diversion and would not penalize the state under federal regulations," he said.

WILBUR

WILBUR, Nov. 18.—Mr. and Mrs. Albert Brown and sons, Bobby and Teddy, of Garden Valley, and Miss Alberta Short of Roseburg, were guests of Mr. and Mrs. Geo. Short Sunday. Mr. and Mrs. J. Alan Wickham of Portland were week-end guests of the latter's parents, Mr. and Mrs. Frank Parlier. George Himmick, a former resident of Wilbur but now of Eugene, is visiting this week with his sister and brother-in-law, Mr. and Mrs. D. P. McKay, and other relatives. Mr. and Mrs. Ralph Sands spent Sunday afternoon with Mr. and Mrs. Jess Russell on the west side. Mr. and Mrs. R. E. Brown had as their dinner guests Sunday Mr. and Mrs. Clifford McKay of Gilda. Mrs. D. E. Moon is having some improvements made on her property. Raymond Brown and Howard Russell are building an extension on her chicken house and Mr. Messler is putting in a field of alfalfa for her. Miss Vera Drotz is quite ill at her home here. She is the daughter of Mr. and Mrs. Ivan Bejdes. Misses Alta and Wilma LaRau expect to leave early Thursday morning for Salem to spend the

NEW PROCESS WILL INCREASE GASOLINE

CHICAGO, Nov. 19.—(AP)—Large scale production of more efficient gasoline at lower prices through the use of a new refining process was forecast at the American Petroleum Institute's convention. A. E. Pew, Jr., vice president of the Sun Oil company, described the new method—known as the Houdry catalytic process—and its implications. Pew said the process would enable refiners to convert a barrel of crude oil into 80 per cent in gallons of gasoline, compared with the present average return of 44 per cent. The results are similar with various types of crude oil, he added. The oil executive declared the gasoline produced by the Houdry method had an octane rating of 80, making it about 11 per cent more efficient than the gasoline refined under the present thermal methods. "An outstanding feature of these catalytic operations is their ability to produce aviation gasoline," Pew said. "It is believed that the manufacture of aviation gasoline by the process (7,000,000 gallons in 1937-38) represents the first commercial application of a synthetic process for aviation fuel production."

DAIRY STRIKE HALTS CITY'S MILK SUPPLY

SOUTH BEND, Ind., Nov. 19.—(AP)—The 130,000 residents of South Bend and neighboring Mishawaka had no milk today because of a strike for a closed shop at a reliable dairy. Other dairies withheld deliveries for fear of violence. Hospitals and similar institutions were supplied.

IMMIGRATION ACT EASING NOT LIKELY

600 to 15,000 refugees have been admitted. Mr. Roosevelt disclosed yesterday that he had asked the labor department to grant six-months' extensions. He added that he would present this problem to congress and that if it did not act, the permits might be extended again. The law, he said, does not limit the number of extensions. Dies said he had never understood that the president had the power to extend visitors' permits indefinitely. "Certainly it is the spirit of the law that the visitors' permits are granted for temporary purposes," he said. Borah declined to discuss the probable source of congressional opposition to easing the immigration restrictions, but one member of the senate immigration committee, who would not permit use of his name, said that labor organizations could be expected to protest.

PUT TRUST IN U. S. TRADE, GRANGE TOLD

peasant agriculture" or "agriculture on a factory basis." "We are particularly anxious to save the farm home," Sprague, speaking as the head-elect of a state primarily agricultural, told the assemblage. Last night 4,060 grangers received the final accolade of their order, the seventh degree, in what officials said was the largest ceremony west of the Mississippi river.

NAZIS PUT BAN ON USE OF "JEHOVAH"

"Fine" Premeditated The newspaper Boersenz-Zeitung said Nazi leaders, long before this outbreak and the subsequent \$400,000 fine imposed on the Jewish community, had made ready to despoil Jews financially. It declared that "the promptness with which the bill was presented shows the preparations had been made long in advance." "All informed persons knew that financial action was bound to follow political action in the process of aryannization. "Vom Rath's murder only pre-empted this intended course of action."

AMERICAN ACTIVITIES RECEIVED TESTIMONY TODAY

WASHINGTON, Nov. 19.—(AP)—The house committee investigating un-American activities received testimony today that there was a rising tide of anti-Semitism and anti-religious feeling through the country. The witness, John C. Metcalfe, committee investigator, asserted the "situation in Europe" has contributed to anti-Semitic feeling in this country. Metcalfe testified 135 organiza-

BUND AIMS AT OUSTER OF ALL JEWS; LEADER ASSERTS

NEW YORK, Nov. 19.—(AP)—Fritz Kuhn, German-American Bund leader, has announced the Bund will campaign "to rid this country of Jews." Kuhn told a rally of the organization in Queens last night he would pattern its program after that of Adolf Hitler. "While the Bund has absolutely no connection with Germany," he said, "it is out to do for this country what Hitler is doing for Germany, namely, rid it of the Jews." The Bund leader declared the American press and radio were controlled by Jews "who are trying to smash this country even as they tried to ruin Germany." Referring to the national administration as the "Jew Deal," Kuhn said Jews had begun to dominate

200 JEWS REPORTED SLAIN IN CONCENTRATION CAMP

BALTIMORE, Nov. 19.—(AP)—The Baltimore Evening Sun yesterday quoted the Manchester Guardian, anti-Nazi English newspaper which has been barred from Germany, as stating 200 Jews have been executed in one Nazi concentration camp. The Evening Sun, under a Manchester, England, dateline, said: "The Manchester Guardian, in a dispatch from its diplomatic correspondent in London, said today it had learned from 'a sure source' that 70 Jews were executed in one German concentration camp the night before the death of the assassinated Nazi envoy in Paris November 9. "The dispatch said more executions followed and now total 200 in this camp at Buchenwald alone, according to the latest information. "The paper said the executions were carried out by firing squads. "It is estimated that between 35,000 and 40,000 Jews have been arrested in all Germany, exclusive of Austria and the Sudetenland."

JEWS BEAT FELLOW JEW FOR TRADING WITH NAZIS

ANTWERP, Belgium, Nov. 19.—(AP)—Marcus Hirshtall, a Jewish Jew, was charged with trading with the Nazis. He was accused of providing information to the Nazis regarding the Jewish community in Antwerp. He was charged with providing information to the Nazis regarding the Jewish community in Antwerp.
