

R.H.S. AGAIN BEATS SPRINGFIELD FIVE

Millers Defeated, 45-28, in Return Game; Their Star Is Top Scorer.

By MAYNARD BELL. Roseburg high school's fast-breaking, deadly-shooting quintet, playing almost flawless ball for three quarters, overcame Springfield, 45 to 28, in a basketball game played at senior high last night to take the first of two games in the season and the second in succession over the hapless Millers, who have failed to turn in a win in four starts.

Coach Jim Watts' aggregation rode hard on the Millers from the opening whistle to the final foot, at times displaying almost perfect offensive technique to score with bewildering ease, while at the same time bottling the Miller attack with a well-nigh impenetrable defense. It was midway through the second period before Springfield scored its first goal from the field and that by McPherson, who had replaced Henschel. Up to that point two converted charity tosses were the Millers' only counters, and the crowd was actually rooting for the point-starved visitors to break through and score.

Visitor High Scorer

The local engers led 13 to 1 at the end of the first period, increased the margin to 21 to 8 at the rest period. The three-quarter mark found Roseburg far out in front 24 to 15. If it had not been for the presence of Van Lydegraff, clever Miller forward, who walked off with high scoring honors for the evening with his 12 points, the game would have been a desultory affair at best. The dozen counters collected by this slender youngster brought his total for four games to 51 points, according to Coach Henschel. Up to that point two converted charity tosses were the Millers' only counters, and the crowd was actually rooting for the point-starved visitors to break through and score.

Out of the ten Indian hoopsters who saw action in the game, eight entered their names on the scoring ledger. Leading his teammates and running second to Van Lydegraff was diminutive Virgil Sanders, an clever a half-hunter and point-gatherer as has been seen around these parts in some time, who amassed 11 points for the evening. Coach Henschel, who coached five buckets for 10 points. The return to form by Finlay was a welcome sight to hoop fans, for he turned in his best game of the season to date against the Millers and should improve with every ball game.

It was a revelation to watch the Indians during the first half. Working smoothly and slowly, the Orange and Black engers executed their play with clock-like precision, coupled with beautiful blocking and well-screened formations, to break man after man into the clear for easy setups. Only after the locals were far ahead did the caliber of play show. The visitors, and that after Coach Watts began substituting frequently to give his proteges experience.

From last night's demonstration comes one definite conclusion—if the Indians can continue to play the same high-standard brand of ball, they will unquestionably be one of the strongest cage teams to represent R. H. S. in many a year, and should score notice to the rest of the conference that they are at the district gonatlon this year, and with it the opportunity to represent Douglas county Coos counties in the state tournament.

The high school game was the featured attraction of a triple-bill in the preliminary, the juniors provided an upset when they defeated the heavily favored seniors, 19 to 6, in an defensive battle which saw the winners whitewash the losers the first two periods. In the night cap, an alumni aggregation defeated Campbell's "Grease Monkeys," 49 to 23. Hatfield and Hildebrand were high-point men for the winners, with 19 and 11 points, respectively. Gardner and Scherer led the losers with 16 and 7 counters.

start the procedure of consultation. There is provision also, an authorized informant said, for consultation by the nations in the event of undue interference, with a view to substituting its own political institutions, by unofficial elements having the support of any nation—even if done without the appearance of force. The state contract in this case, however, must take the initiative in applying the "principle of solidarity."

Door Open To Propaganda

One delegate held this to be a main weakness of the declaration, since propaganda might be permitted to flourish if the state affected saw no reason to act against it. The hope for peace and universal concord is stated; it remains understood that each nation will take its own measures of defense; the juridical equality, the individual sovereignty and independence of all American republics are recognized; and the resolution is named "The Declaration of Lima."

One informant said the reference to efforts to change the political institutions of a nation referred to Nazi, fascist and communist endeavor; and that the reference to unofficial elements referred to activities by the anti-organizational in Austria before that country's absorption by Germany.

Air Bombings Decried

War-time aerial bombardments which destroy non-combatants and cultural treasures were condemned today in a declaration adopted by a conference committee. Based on a Mexican proposal, the "declaration in defense of human rights" said that although adoption of war regulations in the Americas was unnecessary, "America cannot be indifferent from a human viewpoint to sufferings of this character."

MONROE DOCTRINE ABOLITION URGED BY GERMAN PAPER

BERLIN, Dec. 21.—(AP)—Abolition of the Monroe doctrine was urged upon the South American republics today by Der Reichswart, a paper edited by one of Chancellor Hitler's closest disciples. "We Germans have every interest in having the states of South America strong and independent," said an article.

"In order that these qualities may be fully developed it is necessary that among other things the Monroe doctrine and its various complements be abolished. "Nothing more than an act of will is necessary to do this."

The four-column article was captioned "North American Imperialism Under Jewish Leadership" and contained familiar Nazi strictures on the alleged imperialistic attitude of the United States toward Latin America.

It said in conclusion: "Between the mixed population of the United States, with its Jewish-dominated government, and the South American populations there is not the least similarity, not to speak of affinity."

Meanwhile, piled high at Temple Airport were 10,000 letters for delivery in South America; most of them Christmas greetings. Three small Christmas trees were included in the cargo.

MIZE, OTT LEAD IN BATTING HONORS

NEW YORK, Dec. 22.—(AP)—Slugging honors in the National League last season went to the St. Louis Cardinals, individually and collectively, although even in the middle of winter this must seem an empty reward for the gas house game, who finished sixth, while the Chicago Cubs won the pennant without a player in the top ten sluggers and finished fifth as a team.

Official figures released today by the National League showed Johnny Mize was the leading swatman with 326 total bases in 331 times at bat.

County Basketball Games

LOOKINGGLASS VS. YONCALLA

Yoncalla defeated Lookingglass 29 to 25 at basketball and 42 to 16 at volleyball in games played Monday at Lookingglass. In the basketball game Yoncalla took an early lead and was never headed. Mathis worked effectively under the basket for Yoncalla, time and again dropping in shots after holding the ball high above the heads of defenders. Lookingglass made a determined fourth quarter rally but lacked sufficient punch to overcome the lead by the visiting team.

Lineup: Lookingglass (25) (36) Yoncalla Richards, F (8) Applegate Ward (9) F (2) Dodd Glenn (7) C (14) Mathis Bull (11) G (4) Ellison Felt (5) G (2) Lipwig Substitutions: Lookingglass—Davidson; Yoncalla—Yost, Mulkey, Morrau, Main, Whitire, Officials: Turner, referee; Zanvatt, scorer; Marsh, timer.

GLIDE VS. RIDDLE

Glide high school suffered a 32-17 defeat at the hands of the Riddle Irish in a most lackadaisical and loosely played basketball game at Glide Monday evening. The Irish, suffering a general let down from a hard earned victory over Glendale last Friday built up a woeful percentage on shots from the field and experienced a similarly unhappy performance in other game departments.

ICKES DRAWS FIRE FROM NAZI PAPER

BERNARD, Dec. 21.—(AP)—King Carl through the department of agriculture today gave 1,000 plows to poor Rumanian farmers as Christmas presents. Der Angriff also criticized Atty. Gen. Homer S. Cummings and linked him with Ickes in seeking the rupture of relations with Germany.

U. OF O. HOOPSTERS BEAT MIAMI, 74-38

CLEVELAND, O., Dec. 21.—(AP)—Basketball warriors from the University of Oregon virtually obliterated Miami (Ohio) university here last night, 74 to 38. The losing Webfoots, who lost their opening game in New York Saturday but won in Philadelphia Monday, suffered a serious casualty.

Wintermute, six-foot-seven plus center, turned his ankle and was taken to a hospital. Coach Howard Hobson's fears were eliminated, however, when X-rays revealed his star did not suffer a fracture. The big fellow was released but he may be out of competition for several games.

Salveson, forward, captured scoring honors with 20 points, dropping in seven field goals and six free throws. His companion forward, Laddie Gals, one of the nation's highest scorers, played only briefly but tallied 11 points.

The Webfoots led 28 to 17 at halftime.

CORVALLIS, Dec. 21.—(AP)—The Oregon State college Beavers gained their second basketball victory of the pre-conference season last night by trimming the Pacific Packards, of Portland, 41 to 28.

The Beavers, playing with a well-balanced combination, led 21 to 16 at half time but pulled away rapidly at the end of the rest period.

Roy Pfingrad led the Orange scorers with ten points. Other high scorers for the northern division member were Elmer Kolberg with nine and Mel Harris with eight.

A pound of feathers is heavier than a pound of gold. Feathers are weighed by avoirdupois weight (7000 grains per pound), while gold is weighed by troy weight (3750 grains per pound.)

TROJANS PLAN ON BATTLE METHOD

Strategy of Quick Punting May Offset Kicking of Tipton, Duke Star.

By ROBERT MYERS. LOS ANGELES, Dec. 21.—(AP)—The brilliant punting of Ed (The Best) Tipton, of Duke, will be met—and the Trojan hope offset—by the quick-kicking strategy of Southern California when the two eleven clash in the Rose Bowl. Tipton's kicking fame is well known to the Men of Troy, but maybe the staunch Dukes of North Carolina will find it matched by those bounding boots sent down the field by the Trojan quarterback when the downs and the formations apparently call for an orthodox running play off tackle.

Notre Dame learned of one of Coach Howard Jones' favorite maneuvers last December 3. Time and again Mickey Anderson or Oliver Day set the Irish deep in their own backyard by these lightning-like thrusts, which ranged from 38 to nearly 60 yards. Ohio State and some other Trojan foes found out about these quick kicks, but in the battle with Notre Dame they were the most outstanding.

Tipton Is Team's Star

Duke, with Tipton doing almost all the kicking, has an enviable record of 40.3 yards, but it doesn't begin to tell of the 60, 70 and more yards on individual punts by the Duke star, nor of how the powerful Trojan foot helped topple mighty Pittam. In another answer to the Duke punting, however Southern California has several better than ordinary safety men. Greenville Lansdell, first string quarterback, who is a great punter compared to his understudies, Anderson and Day, rates as one of the most spectacular broken field runners in the Pacific coast conference. He took an Ohio State punt and ran it back 83 yards for a touchdown, and traveled 71 over a mucky, treacherous turf at Seattle to score Troy's lone touchdown against Washington.

MEDFORD CHILDREN STRUCK BY AUTOS

MEDFORD, Ore., Dec. 21.—(AP)—Two Medford children, Joan Burk, 14, daughter of a businessman, and Stephen Meyers, 9, son of a bank employe, were injured Monday evening when struck by autos while crossing streets near their homes.

HELEN G. SHEPARD PASSES ON AT 70

(Continued from page 1) goes from Germany and other European areas where the Jews are subjected to oppressive restrictions.

HELEN G. SHEPARD PASSES ON AT 70

Shepard of St. Louis, an outstanding figure in middle-western railroad circles. The two, then at middle-age, married in New York in 1913, and Mr. Shepard became identified prominently with the Gould lines.

At their Fifth avenue home in New York, the couple lived with a family of adopted children that began with five-year-old Finley J. Shepard, Jr., and increased to an adopted "brother" for him, and later two sisters.

War Veterans Helped Engineering schools for other potential surveyors, as her father had been; railroad welfare work for men who worked on lines her father owned; government aid in the Spanish-American war, libraries, recreation homes, and even a Hall of Fame at New York university, came in for shares of the Gould millions at her hands.

To the government she contributed \$100,000 for the prosecution of Spanish-American war, and into her own home she admitted scores of convalescent soldiers and nursed them back to health herself.

For a contribution that literally lifted them off the damp ground to army cot, soldiers many years later contributed a dime each in gratitude, and with 25,000 contributions from all parts of the world, they sent Helen Gould a rose vase—of gold and silver.

For her Spanish-American war aid, congress rewarded Helen Gould with a medal and three states, New York, Pennsylvania and Illinois sent her resolutions of gratitude. Several years later, the entire Atlantic squadron and the army detachments stationed in and near New York sent her gifts of appreciation.

As the oldest of the six Gould children, Helen Gould took an active part in the direction of the railroad properties left to the family as a whole by her father. The better to help administer the estate, she took a law course at New York university and obtained a certificate. When the fifty heirs of the Gould fortune sued in 1924

to coordinate German industrial processes that a minimum of imported raw materials will be required. Use of substitute materials, standardizing of types and replacement of hand processes by machines are expected to be early results.

F. R. ISSUES BAN ON DRAFTING OF LAWS

(Continued from page 1) ren (D. N. C.), who helped handle the legislation last spring. Warren said afterward that "without any disparagement to the senate," a reorganization program would have been enacted last session if senate sponsors had permitted its division into four bills. (The senate passed a general measure, but it was shelved in the house.)

Relief Abuse Is Target

Another subject which probably will be prominent in congressional debate came before the senate campaign expenditures committee today. It began preliminary work on a report expected to recommend, as one of its principal points, congressional action to keep politics out of relief.

Relief Abuse Is Target

Committee members said other recommendations may deal with extension of the corrupt practices act to cover the primaries, a limitation of the congressional free mailing privilege, and clarification of the law on political contributions.

Advocating the latter action, Senator O'Mahoney (D. Wyo.) said he personally favored writing into the statutes a provision outlawing all political contributions, voluntary or otherwise, by recipients of federal relief.

The American Federation of Labor announced last night it would join with the railroad brotherhoods in supporting legislation for adequate relief funds, along with reasonable defense expansion, and revision of labor laws.

Higher Pensions Favored

The AFL, whose legislative agents discussed their program here yesterday, also will favor widening the scope and benefits of the social security act.
