

MESSAGE EVOKES VARIED COMMENT

Roosevelt Receives Praise From Democrats, Jolts From Republicans.

WASHINGTON, Jan. 4.—(AP)—Congressional comment on President Roosevelt's annual message followed party lines generally today, democracy finding much to praise and republicans much to criticize.

These viewpoints were reflected as follows: Representative Reed (R-N. Y.)—"The president utterly failed to present any program of constructive character calculated to restore public confidence in his leadership."

Senator Barkley (D-Ky.)—The majority leader—"It was one of the most comprehensive messages on the state of the union that the president has delivered and in my judgment it will receive the acclaim of the nation."

Senator Townsend (R-Ind.)—"I am opposed to the continuance of this spending spree. I am in favor of a reasonable amount of armaments expenditure, but not to be used as a smoke screen for avoiding domestic issues."

Senator Schwelb (D-Wash.)—"The most interesting thing about the message was the way in which the president put the republicans and the conservative democrats behind the eight ball on the question of cutting expenses."

Senator McNary (D-Ore.)—"It was a revealing message—it sounded like a nominating speech for a third term."

Chairman Norton (D-N. J.) of the house labor committee—"Forceful, opportune and important."

OREGON LOSES O. K. IN SOCIAL SECURITY

Anti-Picketing Bill Blamed for Failure to Receive U. S. Certification.

PORTLAND, Jan. 4.—(AP)—Joseph A. Padway, general counsel for the American Federation of Labor, advised associates here that Oregon social security law had failed to receive certification from the federal board on December 31, although the 47 other states were approved.

Padway said briefs had been asked on the Oregon situation by Friday. Labor organizations opposed certification of the Oregon law, alleging the anti-picketing bill changed the definition of a labor dispute from the one given in the federal statute.

"This is the first result of the Oregon anti-picketing law," said B. A. Green, Portland A. F. L. attorney. He added that "undoubtedly the state picketing bill was responsible for the government's hesitation."

"The Oregon state security program is now operating on left-over money," he continued. "If the federal government does not certify the Oregon setup, as it may now be impossible to do, employers will be obliged to pay 3 per cent more than they are now paying on their payrolls—about \$6,000,000 or \$8,000,000 more a year."

The attorney asserted the federal act decreed the board must certify state programs by December 31 before federal benefits were allocated.

Daily Devotions

DR. CHARLES A. EDWARDS. The word of God is ever giving us something to work toward, an aim to be striven for, an ideal to be reached. Does it not, too, give us some assurance that all our working and struggling and reaching shall not be in vain. Perhaps we need in this our day a little touch of the dogged assurance of those who have gone before us.

Many pears are stored here in transit. The local chamber board also voted support to radio station KOAC at Corvallis in its fight to prevent an Arizona station from obtaining the same wave-length it employs.

SAFETY TALK GIVEN ROSEBURG STUDENTS

Past safety records are no guaranty against future accidents, John Kerriek, safety speaker from the office of Secretary of State Snell, told students of Roseburg high school and junior high school at an assembly Monday.

Kerriek is making a tour of all the state's high schools for the second successive year, giving a safety talk and showing sound films in each school. Last year he appeared in 267 high schools and spoke before more than 44,000 students.

"One doesn't have to be a fast or spectacular driver to be a good driver," Kerriek told his audience. "Good driving means constant attention to the all-important rules of the road, rather than the reckless handling of the horse-power and tonnage of an automobile."

Kerriek pointed out that whether or not a young person learned the importance of safe driving before becoming involved in an accident depended largely upon that person's own attitude toward his obligations as a highway user.

FIRST CUSTOMER OF BONNEVILLE SIGNS

PORTLAND, Ore., Jan. 4.—(AP)—Cascadia Locks, a city community on the Oregon side of the Columbia river, became Bonneville dam's first regular electric power customer today.

A contract signed by Mayor G. E. Manchester authorizing J. D. Ross, administrator of the vast federal project, to deliver 200 kilowatt years of power for 20 years. The town will pay the uniform \$17.50 per kilowatt year for primary energy but if it constructs its own transmission lines to the dam the rate will decrease to \$14.50.

Cascadia Locks executed the arrangements first because other cities and districts must await construction of the \$14,000,000 transmission network in Oregon and Washington. Distribution, however, will depend upon the city's acquisition of a local utility company's system. Voters have already authorized the municipal government to issue revenue bonds amounting to \$50,000 for this purpose.

The contract revealed the prospective terms upon which energy will be resold for domestic use: First 50 kilowatt-hours a month, 23 cents per KWH, next 150, 2 cents; next 100, 1 cent; next 1700, 1 cent; excess above 2,000, 7 cents; minimum monthly bill 50 cents per meter.

PICKET BAN BACKERS FACE OREGON SUIT

SALEM, Jan. 4.—(AP)—Attorney General I. H. Van Winkle advised Secretary of State Snell today to bring civil or criminal proceedings in Marion county circuit court to compel H. L. Shoemaker, president of the Associated Farmers of Oregon, and George N. Peck, president of the Eastern Oregon Wheat League, to disclose the names of persons who contributed \$34,336 to the support of the anti-picketing law, passed as an initiative at the November election.

CHARGE OF MURDER TRAILS FATAL FIGHT

EUGENE, Jan. 4.—(AP)—Edward Davis, 36, Mapleton laborer, was bound over to the Lane county grand jury on charges of second degree murder late yesterday following an investigation into the hospital death of Edward P. Harrington, 55, WPA worker of Mapleton. Harrington died in a hospital here as a result of head injuries allegedly received in a fight with Davis.

Davis, Deputy District Attorney John Pennington said, had been living at the Harrington home, doing the farm work while Harrington did WPA work. The fight is alleged to have occurred at the Harrington home Nov. 12, both men being drunk at the time, Deputy Pennington said.

DEATH TAKES KIN OF RUFUS HOLMAN

CASTLE ROCK, Wash., Jan. 3.—(AP)—Mrs. Mary G. Huntington, 74, a cousin of Rufus C. Holman, republican senator from Oregon, died yesterday. Her husband, the late Elmer C. Huntington once served as sheriff of Cowalla county.

R.H.S. BASKETEERS FACE HARD BATTLE

North Bend Bulldogs Will Be Toughest Opponent Thus Far Met.

The impending encounter between Roseburg high school's undefeated cage team and the North Bend Bulldogs, scheduled for the senior high maple court tomorrow at 8 o'clock, has every indication of being one of the best games of the season.

Word from Coos bay revealed that Coach Victor Adams' cagers defeated Coquille high school, 23 to 22, Tuesday night on the winner's floor, in what might be considered a mild upset since the Red Devils have been tabbed by all the coaches and sports commentators in the coast area as the outstanding team of the district. The Bulldog victory gives a decidedly new slant on the same Friday evening, for a victory by the locals will place them at the top of the district hoop race, with every team in the league out gunning for them.

Coach Watts is far from satisfied with the way the team is shaping up after their four-day lay-off during the holidays, but believes that his cagers will be in the proper frame of mind by game-time and give the Bulldogs a real battle, at the same time preserving their unblemished record of six straight wins.

Bulldog Team Formidable The North Bend quintet will be the strongest team yet faced by the Indians and it will be necessary for the local cagers to be in top shape to withstand the blistering speed of Marion "Pete" Susick and his fellow cagers. The Bulldogs have three lettermen on their squad and several tall, rangy reserves, as compared to the Indians' lone letterman, George Sanders. Hoop forward in an all-conference guard in action in Sanders and Susick when the two teams take the floor, and likely both men will be guarding each other which should be a feature attraction in itself.

Head-man Watts is still undecided as to what five men will open the contest although it is almost a certainty that G. Sanders, Finlay, Parrott and Church have cinched starting berths. A battle is in progress for the remaining position between V. Sanders and Ward and it is likely that the final decision will not be made until game time.

Laurance, Borgen Attorney and Baker are certain to see action providing the going is not too rough.

COUGAR QUINTET AGAIN BEATS O.S.C.

By The Associated Press. The Washington State Cougars, who made a clean sweep of their opening series with Oregon State college in Corvallis by winning last night's game 38 to 25, may find their victory stride checked when they meet their second northern division, Pacific conference basketball foe.

The Cougars face the strong University of Oregon Willoumas in Eugene tomorrow and Saturday night while the Washington Huskies are entertaining the Idaho Vandals in Seattle.

PAYMENT MADE ON AL CAPONE'S FINE

CHICAGO, Jan. 4.—(AP)—Payment of \$7,692.29 toward the \$50,000 fine and court costs outstanding against Al Capone, onetime gang czar, was made today to the United States district court.

The payment consisted of \$30,000 on the fine and \$7,692.29 in court costs.

This action on the part of Capone's representatives apparently cleared the path for his release, scheduled for January 19, from Al-

SPEED LIMIT LAW PLAN FINDS FAVOR

SALEM, Ore., Dec. 4.—Newspaper support for the new speed limit proposal to be presented to the 1939 state legislature by Secretary of State Snell is virtually unanimous, he reports. Many editors have suggested minor refinements, but nearly all have approved the principle of applying definite maximum speeds in different highway zones, with the basic rule applying only in cases of driving too fast for conditions at speeds below these limits.

JOHN HENRY'S BOSS TALKS OF VICTORY

NEW YORK, Jan. 5.—(AP)—Gus Greenlee, who manages the affairs of John Henry Lewis, the fighter, dropped in to warn the newspapermen not to be too sure John Henry will get his ears battered down by Joe Louis, the champion, when they meet in their 15-rounder at the Garden on January 25.

"There's a lot of fellows making a mistake about this fight," said Greenlee, confidentially. "This is gonna be a real hot one and my boy, John Henry, ain't gonna run away from Joe Louis. John Henry thinks he's got a 50-50 chance of winning the championship, and that's all we want—just a 50-50 chance."

DIZZY SAYS SALARY ARM AGAIN O. K.

CHICAGO, Jan. 5.—(AP)—Dizzy Dean, never known as a master of understatement, told a baseball clubhouse today his expensive right arm, lame most of last season, was okay again and he would win 20 games for the Chicago Cubs this season.

He didn't even wait for the report of Doctor Sumner Koch, noted surgeon who x-rayed the wing for which the Cubs paid \$155,000 in 1938.

"I know my arm is okay again," Dean said, "because I took a peek at those x-ray things yesterday before they were dry and Ol' Doc had been x-rayed so often he's an expert."

Cub officials, a little less confident, hoped the star pitcher was right, but anxiously awaited what the x-ray shots revealed to Dr. Koch.

"If I feel as good when the bell rings as I do right now," Dean added, "I'll be surprised if I don't win 20 or 25 games. I feel swell. I have been leading a real simple life and it sure agrees with me."

Dean also set his listeners right on Brother Paul.

A Three Days' Cough Is Your Danger Signal

No matter how many medicines you have tried for your common cough, chest cold, or bronchial irritation, you may get relief now with Creomulsion. Serious trouble may be brought about by continuing to take a chance with any remedy less potent than Creomulsion, which goes right to the seat of the trouble and aids nature to soothe and heal the inflamed, swollen membrane and to loosen and expel germs-laden phlegm.

Even if other remedies have failed, don't be discouraged, try Creomulsion. Your druggist is authorized to refund your money if you are not thoroughly satisfied with the benefits obtained. Creomulsion is one word, ask for it plainly, see that the name on the bottle is Creomulsion, and you'll get the genuine product and the relief you want. (Adv.)

JUNIOR HIGH QUINT TO BATTLE OAKLAND

Coach Hod Turner's junior high school hoop squad swings into action again Saturday evening at the junior high gymnasium when they inaugurate the current season with a game against Oakland high school B team.

The Papeoses have been idle since December 17, when they defeated the Sotherlin high school B team, 25 to 19, though they have scheduled regular workouts during the holidays.

The Papeose squad showed surprising strength against a strong Sotherlin team in their first game. Coach Turner opened the hoop season without one regular or reserve player on hand from his last year's championship squad so was forced to start from the very bottom to build a quintet out of small and inexperienced players.

These youngsters have developed rapidly under the expert tutelage of Coach Turner and are beginning to demonstrate under fire the fundamentals instilled in them during the many practice sessions. Showing up extremely well in the first game and in the workouts have been Ness and Rutter, forwards; Hughes, center; Slattery, Anderson and Campbell, guards. Anderson and Ness demonstrated offensive punch against the Sotherlin crew and Slattery, Hughes and Rutter looked good on defense.

Backboards at the junior high court have been extended in two feet on the playing floor to allow more space around and under the basket. Players can now mill under the hoop and maneuver without fear of falling out of bounds.

Western Auto Supply Co's After Inventory Seat Cover SALE 30% off.

To make room for the new models for 1939 cars, we offer our Duro and Hollywood cloth covers, Catalina waterproofed woven fibre and Lakeside woven fibre seat covers—for cars 1938—at 30% OFF regular low prices.!!

CARL GOULD, NOTED ARCHITECT, DIES

SEATTLE, Jan. 5.—(AP)—A complication of diseases claimed the life yesterday of Carl F. Gould, 65, nationally known architect. He designed or assisted in the designing of many northwest public buildings and of state capitols in Wisconsin, Oregon and Washington. He also helped lay out the plan for San Francisco.

Included in his work are several University of Washington buildings, the Everett public library and general hospital, Pacific Telephone & Telegraph buildings in Tacoma, Bremerton, Longview, Yakima and Olympia and buildings at the western Washington College of Education in Bellingham.

His widow, two sons and a daughter survive.
