

### CONGRESS HANDED NEW FARM BILL

#### Plan, Similar to Rejected Previous One, Based on Cost of Production.

WASHINGTON, Jan. 12.—(AP)—Senator Frazier (R-N. D.) and a group of other farm state senators prepared to introduce today a cost-of-production farm bill.

A companion bill was introduced in the house today.

The bill, which has been called the agricultural equality act of 1939, is similar to the McAdoo-Eicher bill which failed to pass at the last session.

Under its terms the secretary of agriculture would "ascertain and determine for each year the average cost of production to the farmers of each agricultural product."

Advocates of the cost-of-production idea have contended it afforded the best basis for determining federal benefits to farmers.

Frazier, saying the list was incomplete named those as among the sponsors of the bill: Senators Wheeler (D-Mont.), Thomas (D-Ore.), Bulow (D-S. D.), Capper (R-Kan.), Shipstead (D-Minn.), Nye (R-N. D.), Russell (D-Ga.), McCarran (D-Nev.), Burke (D-Ill.), Johnson (D-Colo.), Lundeen (D-Minn.), Gurney (R-S. D.) and Holman (R-Ore.).

Under the proposal, "all items of cost, including all taxes and other overhead charges, shall be estimated and included in accordance with the formula and method commonly used in the manufacturing industry."

### THE NEW AP BUILDING

The New York headquarters of The Associated Press, for 15 years located at 383 Madison Avenue, soon will move into this new Associated Press building at 50 Rockefeller Plaza.

### OREGON GOLD YIELD BEST IN 22 YEARS

WASHINGTON, Jan. 12.—(AP)—The bureau of mines reported today Oregon produced more gold in 1938 than in any year since 1916. The value of the gold, \$2,698,500, was the greatest since production started in 1852, due largely to the increased price of the metal, which now brings \$35 an ounce, compared

with \$20.57 in years past. Oregon's gold output in 1937, the bureau said, brought \$1,842,170.

Comparative values, 1938 and 1937, of other Oregon metals: silver \$67,879 and \$46,846; copper \$9,019 and \$99,320; lead \$2,162 and \$12,862.

In discussing Oregon gold mining activity in 1938, the bureau said: "In western Oregon the larger lode mine operations included Ashland, Beaton and Greenback properties. Most of the placer production of Oregon came from Grant, Baker, Josephine and Jackson counties, in each of which one dredge or more provided the bulk of the placer gold output."

### SPORTSMEN ROUSE RANCHERS' ANGER

MARSHFIELD, Jan. 12.—(AP)—Ranchers planned today to gain reprisals against sportsmen they blamed for the closing of the last four streams in the county open to commercial fishing.

Ranchers were incensed because they lost small annual revenues from commercial fishermen. They said they would post their premises and refuse to allow hook and line fishermen on their land.

A spokesman also indicated they planned to organize to "make it unpleasant" for sportsmen, and would appeal to voters in the 1940 election to ask opening of all streams to commercial fishing.

### TWO FINED BECAUSE DOGS NOT LICENSED

Fines of \$10 each were imposed in the justice court at Drain Thursday upon Robert Hatfield of Guter and J. E. Kromminga of Yoncalla for failure to secure dog licenses. Hatfield was convicted following a trial. Kromminga pleaded guilty. Fines were remitted in both cases, but defendants were required to pay the court costs.

#### RIDDLE

RIDDLE, Jan. 12.—Mr. and Mrs. Paul Hausotter were visiting relatives at Myrtle Creek Monday.

O. J. Collins was attending to business matters in Roseburg, Saturday.

Miss L. Jenkins of Kelso, Wash., is spending several weeks here at the home of her uncle, G. H. Howland, who is ill.

Dr. Hess of Myrtle Creek was called here Tuesday to attend some of the numerous sick folk in this vicinity.

Mr. and Mrs. Elmer Love have returned to their home here after a short honeymoon at Yoncalla and other points north. They were married Dec. 25th.

Miss Elaine Merritt, one of Riddle high school's promising graduates, entered O.S.C., the first of the year for the spring term. She was accompanied to Corvallis by her parents, Mr. and Mrs. Asa Lawson, who returned here the same evening.

Mrs. Wanda Cosgrove, primary teacher in the Riddle school, visited the local grocery store with her class Tuesday afternoon and gave them a demonstration of products made from corn.

Mr. and Mrs. C. P. Thompson and Mr. and Mrs. Loren Edmonson and son, Ronald, of Eugene, were recent guests at the home of Mr. and Mrs. Gay Belden.

The E. P. block signal gang with George Rhodes, foreman, has been stationed here the past week, working on needed repairs to the system. They expect to move to Peck station within a few days.

Mr. and Mrs. Carver Howland, whose home is at Big Creek, Calif., are spending several weeks here visiting at the home of Mr. Howland's parents, Mr. and Mrs. G. H. Howland.

A very interesting basketball game is expected here Friday evening when the Days Creek and Riddle teams meet. The game will be a double-header with teams evenly matched.

Mrs. Barrett, county health nurse, was called here Tuesday to investigate several cases of sickness among the school children. Most of the cases appeared to be tonsillitis or flu. Four members of the Ken Hendricks family have been very ill as also members of the A. T. Weekly family. Ardiath Atkins has been confined to her home this week with influenza.

The Riddle school orchestra is progressing nicely under the leadership of Dale King of Canyonville. Lessons are conducted every Monday morning. The members are Ruth Siefert, piano, Edward Hart, trumpet, Howard Weathers, trombone, George Marsters, iron bones, Laura Sullivan, violin, Evelyn Mansley, violin, Lois Young and Harriet Puckett of Canyonville, violins, Patricia Ball, drums.

#### TENMILE

TENMILE, Jan. 12.—Mr. and Mrs. James Homolka Jr. and Charles Rowell made a business trip to Eugene Monday.

Mrs. Henry Rowell is visiting her mother in Medford. Mrs. Mary Walgamuth is caring for her children while she is absent.

Mr. and Mrs. C. A. Vaughn from Eugene were visitors at the J. M. Cabot home Monday evening.

Georgia Woodard is back in school again after being absent because of a severe case of tonsillitis.

Irene Homolka from Tenmile was a guest at Mrs. Fred Byrns' at Onjala Thursday.

Mr. and Mrs. Floyd Rosen of Roseburg were dinner guests at the home of Mr. and Mrs. Jim Irvine Sunday.

Mr. and Mrs. J. M. Cabot of Tenmile will make a business trip to Portland this week. They expect to be gone over the weekend.

The Tenmile grange will meet at the home of L. M. McCaffrey next Tuesday evening.

### Meet the Subconscious Educator

Technocracy's latest device, the "subconscious educator"—which fills your mind while you sleep was demonstrated in San Francisco by its inventor, Elmer Brown, standing. Technocrat John Estlin listens in.

### BUYING OF PRIVATE UTILITIES ADVISED

WASHINGTON, Jan. 12.—(AP)—Administrator John D. Ross said in his first annual report to congress today the Bonneville power project in Oregon was the government's answer to private power shortage and increased consumptive demand.

"Bonneville output," said the project administrator, "will stand as a buffer between demand and power shortage."

Ross said the growth of installed electrical capacity in the northwest had lagged behind consumption at an alarming rate.

He estimated by the time the Bonneville project was completed, the Pacific northwest would be ready to consume twice as much electric power as the project would be able to produce.

He recommended to the districts to be served by Bonneville that in purchasing power lines from private companies they acquire those facilities as an integrated system.

It would be easier to finance the deal, he said, if private companies were purchased lock, stock and barrel.

Ross envisioned a master public electric power system covering the entire northwest. His report set out various steps leading up to a master transmission grid to be completed between 1945 and 1959, depending on the availability of appropriations.

### BEER PERMITS NEAR CAMPUS AT ISSUE

EUGENE, Jan. 12.—(AP)—Arthur K. McMahon, chairman of the state liquor control commission, said today the commission would hear arguments here soon on the issue of beer sales in districts near the University of Oregon campus.

"We have had no serious complaints," said McMahon, "but I understand some objections have been raised and it is our policy to

try to get all pertinent facts. There will be no hasty action in any case."

A demand for a six-block dry zone by the Eugene Ministerial association was opposed by 20 student leaders. They told President Erb that five establishments near the campus which sold beer had University directories giving the names and dates of birth of all students. They held banning such places would drive students to uncontrolled outside establishments.

Ohio is the greatest farm sheep center in the United States, while Idaho and Wyoming are the greatest centers for range sheep.

### DON'T FOOL YOURSELF

Some time try and count the remarks addressed to you during an average day. That may give you an idea of how often you advertise your deafness, unless you're using a compensating aid like the Coronation Acousticon. For deafness is emphasized each time a remark goes unheard or misunderstood. People are kind. They don't tell you they notice. But they shun you—whisper about your condition. End all this! Let our specialists talk to you in confidence about an Acousticon, personally custom-fitted to your hearing needs on the Auragauge. You'll find them courteous, sympathetic, patient. Consultations and fittings at our office or your home are free—do not obligate you. Or write for brochure to Acousticon Institute.

Appointment can be made for FREE test on our wonderful new Auragauge by S. C. Mitchell of Eugene.
