HIGHWAY HAZARD CANCELS HOOP GAME.

Coach Jim Watts of the Roseburg high school Indians this morning announced cancellation of a basketball game scheduled for tonight at Grants Pass. Because of hazardous conditions on the highway between Canyonville and Grants Pass, Coach Watts stated that he did not care to risk a motor trip. It is expected that the game will be rescheduled for a date when conditions are more favorable, Watts stated.

FUNDS CUT FORCES WPA ROLLS PRUNING

CHICAGO, Feb. 6.—(AP)—Col. Francis P. Harrington, WPA administrator, said today the WPA was considering two plans to prune its rolls in accord with the reduction appropriation voted it by congress.

There are now approximately 2,000,000 WPA workers, Harrington said. Congress has voted \$725,000,000 to carry the WPA program to July 1, with a provision no reduction can be made in the rolls during the winter months.

"One alternative we have is to make a reduction of 1,000,000 men on April 1," Harrington stated at a press conference called after he met with his 48 state administrators.

"The other alternative is a more gradual reduction after April 1, but involving about 1,750,000 men. We have not yet decided the method to be followed."

Asked by a reporter what he thought would be the consequences of the layoff, Harrington said: "I think the layoff will bring a widespread protest. I think there will be a great deal of want, too."

WILLAMETTE HAS FACULTY CHANGES

PORTLAND, Feb. 6.—(AP)—Dr. Roy M. Lockenour, acting dean of Willamette university law school since 1932, tendered his resignation to the board of trustees at their meeting today in First Methodist church here.

The board voted to accept the resignation as of next June 15.

Dr. Lockenour will return to his former position as a professor of law.

The trustees voted to increase tuition \$5 a semester for the next four terms starting in September.

Dr. Lockenour asserted in his resignation that he desired to "just teach." A new dean will be named prior to the opening of the fall term next September. It was announced by Dr. Bruce R. Haxtor, president.

Dr. Lockenour joined the Willamette faculty in 1928. Chief accomplishments during his seven-year tenure as acting dean were standardization of the law school and erection of the new law building, which will be occupied in about two weeks.

Miss Helen Arthur, instructor in law, was transferred to Librarian of the law school and instructor in the social sciences. Harry Mosher, A. B. of Willamette, and M. S. at Oregon State college in 1929, was elected an assistant professor in chemistry succeeding Carl Carpenter, who returns to graduate study. Ivan B. Rhodes of New York and a former associate of John R. Mott and now on the national Y. M. C. A. council, was elected director of all campus Y. M. C. A. activities.

ORIGIN OF CRATER LAKE BEING PROBED

Soundings of Crater Lake, found to be 1956 feet deep by a U. S. geologic survey in 1886, were started last year to determine its topography. The reports on the 1937 work and renewed soundings contemplated this year as soon as weather permits will be pieced together to answer the question "What happened to Mount Mazama?"

Only a crater, with 4,000-foot jagged walls embracing the lake, now remains.

The sounding work is to complement a three-year research of Dr. E. Howell Williams, University of California scientist, under auspices of the Carnegie Foundation. The sounding has been carried on under the direction of John E. Bourr, Jr., park naturalist.

Lake Bakali in Siberia is listed as the deepest in the world.

GOLD BEACH, Feb. 7.—(AP)—Petitions were circulated by the Curry county power league today to form a power district comprising all the area in the county outside forest reserves. Four small companies serve the territory.
