Today's Pattern

8408

HERE'S PRETTY WAY TO MAKE YOUR NEW EASTER PRINT

By CAROL DAY This is not only an unusually smart design, but Pattern 8408 is also exceptionally good for a glowing, colorful print, because it has no fussy detailing, no trimming, no contrast—just the beauty of soft, very feminine lines.

The bodice is shirred on the shoulders and gathered above the waistline, to give just enough bust fullness. The high-shouldered sleeves help out that effect, and they're so gay and young-looking.

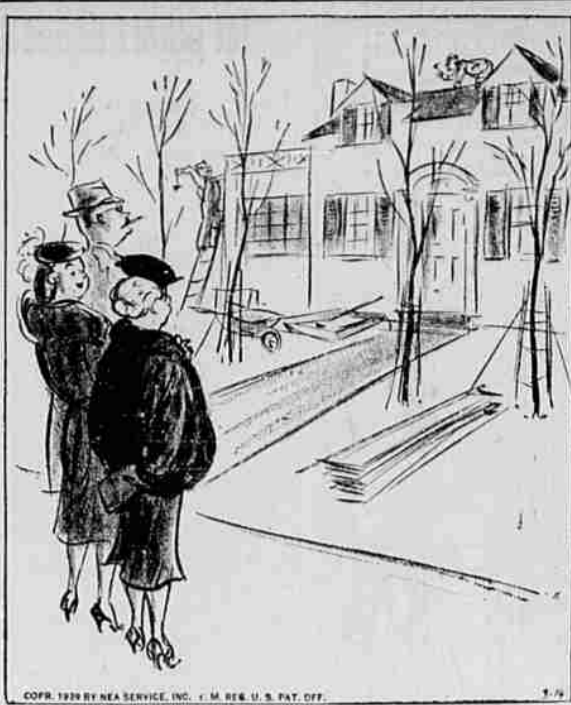

The skirt, cut to a high waistline, flows slimly over the hips to slight fullness at the hem; it's very slenderizing. If you take a woman's size you'll find this design especially youthful and flattering. It will be pretty in flat crepe or thin wool, as well as silk print.

Pattern No. 8408 is designed for sizes 32, 34, 36, 38, 40, 42, 44 and 46. With long sleeves, size 34 requires 4 7/8 yards of 39-inch material; with short sleeves, 4 5/8 yards.

Send your order to the News-Review, Pattern Department, Roseburg, Oregon.
