

INCOME TAX MEETS BUDGET ESTIMATES

WASHINGTON, March 21.—(AP)—The treasury announced today it collected \$473,122,052 of income taxes in the first 29 days of March, fulfilling budget estimates. Although collections were about 20 per cent less than last year, because of the business recession, which sharply curtailed 1938 incomes on which first installment payments were due March 15—the figures appeared slightly more than necessary to fulfill the estimates in President Roosevelt's January budget message.

The treasury declined to say exactly how much money it expected to get in March, but a proportional estimating system sometimes used in the department indicated \$425,000,000 would be sufficient for budget purposes.

Since returns are due by midnight of March 15, the treasury figured that virtually all of the payments due on that date were in by March 20, and said the month's total probably would not be much higher.

In the full month last year, income tax collections amounted to \$723,000,000.

BRITAIN PROPOSES ANTI-HITLER PACT

(Continued from page 1)

ported to be moving their families out of the little Baltic district which was German before the World war and now is under Lithuanian sovereignty. A widespread belief was held Memel's return to Germany was imminent.

Dr. Neumann declared the continued association of Lithuania and Memel was "economically and culturally impossible."

In return for annexation to Germany, he said, Memel was prepared to grant Lithuania harbor rights.

Italians reported their government had called further military reserves to the colors, supplementing 60,000 men called in January.

Premier Daladier of France, warring new dictatorial powers, started a reorganization of French defenses through a series of decrees laws.

Rumania, fearful of the disappearance of Czechoslovakia, made her next on Germany's march to the east, appeared to have, at least temporarily, put a brake on the German advance by persuading Britain to buy more Rumanian products.

Rumania Not Bound

Officials meanwhile said trade discussions with Germany would not be concluded for several days. Rumania, they said, has not granted Germany any monopolistic rights, but instead will adhere to a free commercial policy.

As for Hungary, Germany's anti-comintern pact partners, authorities said Rumania's relations with that state were "as good as can be expected." However, a spokesman added Rumania was prepared to defend every inch of her territory and regarded the present frontier with Hungary as final.

Hungary had at least 200,000 troops along her eastern frontier facing Rumania, where 1,500,000 Hungarians live.

Hitler "Assures" II Duce

The source of European forebodings, Germany, looked to her own political forces. High Italian sources said Hitler had sent a personal letter to Premier Mussolini to reassure II duce concerning Germany mid-European expansion.

Some speculation has been aroused by the fact Mussolini, as far as is known, has sent Hitler no congratulatory message similar to the one he sent after the absorption of Austria, perhaps indicating the newest German advance had not pleased him.

Many observers, Italians included, said Hitler's action in Czechoslovakia had rendered satisfaction of Mussolini's colonial claims more difficult by cooling the French and British willingness for appeasement.

Leaders of the Carpatho-Ukraine in Hungary hope to become the guiding influence of all the 42,000,000 Ukrainians—including those in soviet Russia, Poland and Rumania.

"They hope to do this, Ukrainian chiefs said today, with German support and through the autonomous administration promised by Hungary.

Hungary annexed Carpatho-Ukraine last week. The former Czechoslovak district also is known as Ruthenia and as Sub-Carpathian Rumania.

HITLER WILL NEXT SEIZE POLAND, HISTORIAN SAYS

NEW YORK, March 21.—(AP)—Pauline Bigelow predicts Adolf Hitler will conquer Poland next and then "dictate the peace of Europe."

The 84-year-old historian, who returned yesterday from an annual visit to his friend, the former Kaiser Wilhelm, said "England and France have been bludgeoned" and the German Fuehrer was the only man in Europe strong enough to enforce peace.

"Hitler will get away with it as long as he lives," Bigelow said, "even though he is treading on the toes of the old roosters in Germany. Chamberlain's Munich visit did Hitler a world of good."

Scoring the possibility of an Anglo-French-Balkan bloc stopping Hitler, even with the aid of soviet Russia, Bigelow forecast the return of monarchy to the realm with the infant son of Prince Louis Ferdinand, grandson of the former Kaiser, on the throne.

RUMANIA AVERTS NAZI ECONOMIC DOMINATION

BUCHAREST, Rumania, March 21.—(AP)—By maneuvering in which Britain was persuaded to buy large quantities of Rumanian products, King Carol appeared to have put the brake on Adolf Hitler's political drive into southeastern Europe.

Rumania seemed to have escaped German economic domination and Carol assumed the leadership of Balkan forces opposed to the Nazi political and economic penetration.

At the same time the king won another round in his long fight against the outlawed and fascist-inclined Iron Guard which had been urging political cooperation with Germany.

News London soon would send a trade mission to Bucharest overjoyed official circles, although it came after completion of a new Rumanian-German trade agreement. It was likely signing of the pact with Germany would be deferred.

However, the prospect of an Iron Guard revival, at least for the time being, vanished overnight when the government took a strong hand in suppressing a so-called renewal of subversive activities.

In Bucharest political circles it was reported part of Rumania's difficulties with Germany could be ascribed to personal differences between Hitler and Carol.

"When Carol visited the Fuehrer at Berchtesgaden last fall Hitler urged the king to accept the Iron Guard as a legal political group."

The Rumanian answer was a hard-fisted suppression of the terrorist movement.

BOHEMIA, MORAVIA, PUT UNDER GERMANY'S RULE

PRAGUE, March 21.—(AP)—Emil Hacha, last president of the vanished Czechoslovak republic, today dissolved its parliament and in its place was established a "state committee" of 12 to govern Bohemia and Moravia under direction of the Reich of Adolf Hitler.

No elections were provided for. The new German protectorate of Bohemia-Moravia will have no parliament. In its place there will be a council of 100 persons chosen to advise the state committee.

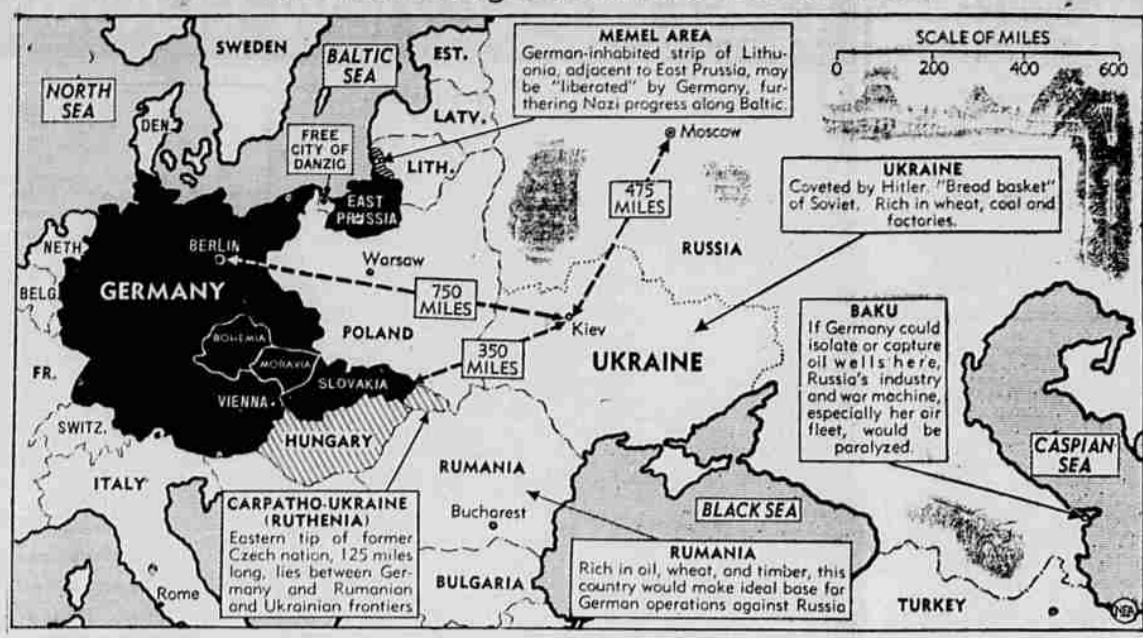

All will be under the rule of Hitler's Reich protector, Baron Konstantin von Neurath, appointed Saturday.

Czechs, who have been forced to hand over all arms, were told they could get back guns for hunting.

The anti-Semitic campaign under the German protectorate continued with confiscation of Jewish-owned automobiles and trucks in Slovakia to be used by Hlinka guards (Slovak storm troops).

Return to O. S. C.—Don Wimberly, son of Mr. and Mrs. G. V. Wimberly, and Burton Black, son of Mr. and Mrs. Harry S. Black, of this city, left yesterday for Corvallis to resume their studies at Oregon State college, following a visit here. Bob Harris, son of Mr. and Mrs. W. F. Harris, returned to O. S. C. Sunday.

How Hitler Brought Ukraine to His Front Door

With Hitler master of most of what once was Czechoslovakia, with Germany's eastern frontier identical with eastern boundary of Slovakia and adjoining Polish Ukraine, Der Fuehrer now is within striking distance of the coveted Russian Ukraine. Above map shows distances from Ukrainian capital of Kiev to Berlin, before Nazi annihilation of Czechoslovakia and distance from Slovakia to Kiev after conquest of Czech state, illustrating how, in less than a week, Hitler extended his authority almost to the Ukrainian border. Only tiny Ruthenia, now part of Hungary which is friendly to Germany, lies between Hitler and the Ukrainian and Rumanian frontiers. Black area is Germany or controlled by Germany. Lighter shading is Hungary.

"Is it valuable? I bet I've rescued this outta the trash a dozen times."

POOL YIELDS BODY OF MISSING BOY

GRANTS PASS, March 21.—(AP)—Missing for 24 hours, the body of Dickie Lee Willis, 9, was discovered yesterday by three Wonder schoolmates in a ten-foot pool three hundred yards from his home. He was a son of Mr. and Mrs. Carol Willis, who moved to the Wonder district a few months ago from the Midwest.

The note, which was disclosed today, invited comparison between protective measures taken in Singapore, a part of the British Straits settlements, and in Japanese-occupied zones, and cited several examples of Japanese "police surveillance and spy mania."

MARKET REPORTS

PRODUCE

PORTLAND, Ore., March 21.—(AP)—BUTTER—Prints, A grade, 26c lb. in parchment wrappers, 27c lb. in cartons; B grade, 25c lb. in parchment wrappers, 26c lb. in cartons.

ARRAIGNMENT OF GARDNER PUT OFF

PORTLAND, Ore., March 21.—(AP)—Federal Judge Fee delayed the arraignment of Roy Gardner, one-time mail train robber, indefinitely today. Gardner was indicted here recently on a charge of sending obscene matter through the mails.

The judge said Edwin D. Hicks, Gardner's attorney, had demanded copies of a letter the ex-robber was alleged to have written and minutes of the grand jury session. Hicks also asked time to study the case.

The United States attorney's office said it probably would turn over the letter but would resist the effort to obtain the minutes.

Gardner came here several days ago under bond. He was arrested at San Francisco.

BRITISH SAY JAPS HAVE "SPY MANIA"

LONDON, March 21.—(AP)—Great Britain has accused Japanese police authorities of being subject to a "spy mania."

Answering a Japanese protest against alleged ill treatment of Japanese nationals in Singapore, a British note handed to Japanese Ambassador Shigenaga on March 18 said Singapore police, who raided Japanese establishments, had proof Japanese intended to undertake action "prejudicial to the colony and calculated for the breach of peace."

The note, which was disclosed today, invited comparison between protective measures taken in Singapore, a part of the British Straits settlements, and in Japanese-occupied zones, and cited several examples of Japanese "police surveillance and spy mania."

DE MOLAY CHOOSES GRAND OFFICERS

LOUISVILLE, Ky., March 21.—(AP)—Allan N. Wilson, Manchester, N. Y., attorney and former legislator, today was elected grand master of the grand council, Order of DeMolay.

Cohagen, Billings, Mont. Wilson succeeds Chandler G. Other officers elected included William J. Millard, Olympia, Wash., grand junior counselor.

The youths' order, sponsored by Masons, concluded its annual meeting.

"MIRACLE" RETURN STAGED BY BIRDS

SAN JUAN CAPISTRANO, Cal., March 20.—(AP)—A swarm of swallows was nesting once again today in the adobe walls of Mission San Juan Capistrano, fulfilling what long-time residents and mission priests said was the 162nd annual "miracle" of the return of St. Joseph's day.

Special services were held here yesterday by the Rev. Fr. Arthur J. Hutchinson to commemorate the return of the graceful birds, which, according to legend, has occurred for the past 162 years, always on March 19. Father Hutchinson said they will remain until Oct. 23, San Juan's day, when they will head south.

PLAY PERMIT COVERS LAND AT SUTHERLIN

Acting upon requests from a group of Sutherlin residents, the county court today granted the privilege of use of two county-owned blocks for playground purposes. The lots will be used for a baseball diamond and other recreational purposes, the court was told. The permission given was only temporary and will not permit disposal of the property in the event a purchaser is found, the court stated.

SANITARY TOILETS

L. W. METZGER CO. Roseburg

SALVATION ARMY FUND APPEAL HIT BY MAYOR YOUNG

(Continued from page 1)

council, naturally, can do as it pleases in this matter. I am not dictating the council's action, but I do not believe this allowance is justified."

Says Court Also Skeptical

Mayor Young reported also that he had conferred with the county court, and that he had been informed the court was not satisfied and might reduce or completely eliminate its support for the organization.

Councilman E. R. Metzger said he understood that one of the reasons for an increased appropriation last year was to aid in plans to secure permanent quarters. He was advised that this plan still is under consideration and that negotiations for a suitable location are nearing completion.

The council decided to withhold action until the next regular meeting to be held April 5.

Club Proposal Studied

The council also decided to give further study to the application of L. W. Ruhl for a license to conduct a social club in the Kohlhagen building.

He reported that the place, to be known as the Mohawk club, would be provided for recreation for members; that facilities would include a lounge, reading room, game tables and dance floor.

Attorney R. L. Eddy informed the council that while the city has an ordinance providing for operation of such clubs, that the recent legislature had passed a law which the city's procedure might be in conflict. He asked additional time in which to study the legal phase. He also decided that such clubs in many places are simply a substitute for cocktail bars. Members, he said, may rent locker space where liquor may be kept, and because of lack of strict inspection, there is little regulation of the dispensing of the liquor.

The matter was referred to the police committee for a recommendation.

Sewer Permit Asked

The council authorized the mayor and recorder to sign an application, directed to the Southern Pacific company, for a license to cross the North Roseburg sewer track with the intercepting sewer system. The railroad company submitted the form for application, and has given assurance it will cooperate with the city.

S. S. Botsinger appeared with reference to vacation of lots located in Hamilton addition. The city recently vacated five lots in block 10, and he reported that in those proceedings the vacation of four adjoining lots in block 11 was overlooked. He was instructed to bring in an application for vacation and that the council would act favorably unless objections were received.

Approval was given applications by Lucy A. Kent and Carl T. Black for renewal of licenses to sell beer.

MOTION IN LABOR LAW BATTLE HIT

PORTLAND, March 21.—(AP)—D. E. Nickerson, secretary of the Oregon state federation of labor did not approve today a motion filed yesterday for the Associated Farmers of Oregon to intervene in labor's court fight against the state's labor control law.

Nickerson demanded the law firm acting for the Associated Farmers "produce and prove authority" an attempt to invoke a little-used state law.

Nickerson charged the Associated Farmers was "in no sense an organization of Oregon farmers, but in truth and in fact an organization, promoted, financed and organized by large, bitterly anti-union, corporate employers and industrialists."

He charged the name was being used to "perpetrate a fraud" on the people of Oregon.

FIGHT OVER WPA MONEY CONTINUES

(Continued from page 1)

WPA officials said orders to cut the rolls would have to go out this week unless congress votes sufficient money. A majority of the subcommittee seemed to think \$100,000,000 would be enough.

Even strong economy advocates on the subcommittee conceded WPA had made out a case for more funds. They contended if the agency had been run properly in the past, it could have scraped by on the \$725,000,000 congress provided earlier this year.

A meeting of southern relief workers followed the slapping of an alliance representative yesterday by Rep. Cox (D., Ga.). Witnesses said the alliance member, a white man whose name was not learned, called Cox from the house chamber and pointed to two negroes with him as constituents of Cox who wanted him to support the WPA fund.

After Cox said he himself would determine how to vote, the alliance member declared, "that isn't satisfactory and we'll remember it at the next election." Cox slapped the man's face, saying, "remember that, too."

The alliance issued a statement characterizing the action as "unprovoked."

Other happenings in the capital: Senator Wagner (D., N. Y.) reported a senate banking subcommittee had agreed to a \$1,000,000,000 increase in the mortgage insurance limit of the federal housing administration.

Facing a cross fire of criticism of government spending and monetary policies, Chairman Marriner S. Eccles of the federal reserve board told the senate silver committee the principle impediment to recovery was the inability of private enterprise to obtain profits.

Secretary of Agriculture Wallace told the house agriculture committee the present farm program must
