Today's Pattern

8320
DRESS GETS SOFTLY-CURVED LOOK WITH A SKIRT PANEL

By CAROL DAY
This is a perfect example of the youthful type of dress in women's sizes, which is usually hard to find.

It is beautifully designed to give you a softly curved, slim-waisted look, a purpose which is achieved by means of the skirt panel, cut to a high and pointed waistline with a slenderizing, lengthening panel in the front.

Side belts, fastened in the back, draw in the waistline to a perfect fit. Deep clusters of shoulder shirring, together with gathers at the waistline, create a nice, rounded bustline.

Here is an excellent style for your all-important basic dress. You can vary it with different jewelry, flowers, or with a lingerie collar and cuff set.

Make it of flat crepe, silk print or crepe-matin.
Pattern 8320 is designed for sizes 34, 36, 38, 40, 42, 44 and 46. With long sleeves, size 36 requires 4 5/8 yards of 39-inch material; with short sleeves, 4 1/2 yards.
