Today's Pattern

THIS FROCK'S SKIRT SWINGS ALONG THE PATH OF FASHION

You can see how cleverly all the detailing in Pattern 8440 is disposed to flatter! The skirt has a rhythmic, circular fullness at the hem which swings attractively as you walk. But observe how slim it is over your hips. It is cut up high to make your waist look tiny and your diaphragm flat. The full, puffed sleeves and bodice gathers give an effect of soft roundness above the waist. At narrow roll collar makes the round neckline more becoming.

Choose silk crepe, georgette, or a pretty print in pure dye silk for this design—so that the softness of the fabric will do full justice to the detailing. This is a delightfully easy dress to make and so simple. Your pattern includes a detailed size chart.

Pattern No. 8440 is designed for sizes 32, 34, 36, 38, 40, 42 and 44. Size 34 requires 51 yards of 39-inch material.

The date of the benefit will be announced later. Mrs. J. P. Moteschbacher is acting as general chairman of the affair.

POET'S CORNER

MY FRIEND'S HOUSE

By ORPHA COLLINS

She has a nice, white cottage—Really, it is grand; The view is worth a million, It takes in all the land.

No, it doesn't cost so much, No more than my three-room flat, But then she has a special way Of fixing this and that.

Ivy, hanging on her walls; Hooked rugs on her floor; Arranged by her clever hands, No one could want more.

Dainty, fresh, her housewifery is; Well arranged, her hair; Clutter-clatter, there she goes With a company air.

No expensive things are there But everything's so neat! We think hers, the sweetest place On the long, old street.

Hands that perform MAGIC in your home!

YOUR HAND flicks a switch and you change a cold, unlivable house into a haven of friendly, health-giving warmth and comfort.

Your hand turns a faucet and you have at your service an inexhaustible flow of pure, fresh water either cold or piping hot.

Your hands can perform this magic in your home because of other hands—the skilled hands of the Heating and Plumbing Contractor. His hands are backed by the years of training, study and experience necessary to assure you care-free heating comfort and health-protecting plumbing service.

For heating and plumbing are twin guardians of your family welfare. Heating safeguards your home against cold, dampness, and discomfort upon which sickness thrives. Plumbing supplies the fresh, pure water so essential to well-being and carries away the wastes so dangerous to health.

Together, heating and plumbing work hand-in-hand—to make new or old homes more enjoyable—to provide them with the comfort, cleanliness and protection that have made American homes the envy of the rest of the world.

Good heating and plumbing make an old home seem like new, a new home more inviting, comfortable and enjoyable. And every home today can

have modern heating and plumbing on convenient FHA terms.

Both heating and plumbing mean too much to the welfare of your family, to the uninterrupted enjoyment of your home and to the actual value of your property to be entrusted to any but the trained hands of the Heating and Plumbing Contractor. Our long years of experience have proved that your best interests are served when you consult your Heating and Plumbing Contractor first, on any heating or plumbing problem.
