CHARMING CONCERT GIVEN BY FIFTH AND SIXTH GRADES SATURDAY

An outstanding event in the music department of the city schools was the all-city fifth and sixth grade concert at the Junior high school Saturday evening. Many expressions of desirability

of the continuation of this concert work were heard.

Miss Virginia Wright acted as accompanist for the concert. Expressions of appreciation were voiced to Superintendent W. M. Campbell, the principals of the Roseburg schools and the teachers of the fifth and sixth grades who taught the songs to their room groups.

The charming program included: Flag Salute, led by Cub Scouts Randall Young and Tommy Dillard. The Star Spangled Banner. Ensemble, Swing Low, Sweet Chariot, Negro spiritual.

CHARMING PRINCESS FROCK ADDS A FRILL FOR FLATTERY

By CAROL DAY
There's nothing like a frill to make you look pretty and spring-like. Pattern 8444 uses them lavishly—around the sleeves and neck, over the shoulders, and all down the front. It's the easiest possible way to keep a day frock looking always new and fresh.

A double row of small buttons makes the front frill doubly smart. This frock has unusually charming sleeves, puffed and draped at the shoulder, snug to the arm below. It's cut on a beautiful princess line, youthful and very flattering to the figure.

Make the dress of silk print, flat crepe or taffeta. You'll find it amazingly easy to make, with the step-by-step sew chart that comes with your pattern.
Pattern No. 8444 is designed for sizes 12, 14, 16, 18, 20 and 40. Size 14 requires 4 1/2 yards of 39-inch material, with short sleeves; 4 1/2 yards for long sleeves; 5 yards of pleating or ruffling.
Send your order to the News-Review, Pattern Department, Roseburg, Oregon.

Amazing.. people say.. how
Triton changes PING to PURR!

TRITON MOTOR OIL

Try this 100% Pure Paraffin-base oil that stops carbon knocks... saves you money

TRITON has ended the "carbon ping" problem for you. Because it is Propane-solvent refined—100% PURE lubricant—it gives your motor the finest type of lubrication money can buy.

And, in addition, Triton actually cleans out carbon as you drive—forms so little new carbon that your motor burns out carbon deposited by other oils.

Thousands of independent dealers and all Union service stations have Triton for you. Try it today!

UNION OIL COMPANY
Owned and Operated for Over 48 Years by Pacific Coast People

"During the last 3 years I have owned a Packard, a Willys, and an Oldsmobile. In all three I used Triton oil. The Olds has gone 35,000 miles and thanks to Triton it hasn't developed a carbon 'ping' since the day I bought it."
A. NEIL HUTZMANN, Los Angeles

"I have a Buick Coupe purchased in 1935. It has run 101,975 miles with Triton, and still has the original rings and does not yet burn any oil in the 1000 mile period."
H. J. BRIGGS, Seattle

"We use a Ford Station wagon that has 45,264 miles on it. Six months ago we switched to Triton. Oil consumption has been reduced about 42%. Carbon ping has disappeared and we are getting better gas mileage."
PAUL GRANARD, Beverly Hills
