Today's Pattern

QUAINT, ADORABLE IS THIS DRESS FOR YOUNGSTERS

By CAROL DAY
The little dress in Pattern 8445 has just the touch of difference to make it especially charming, and there's an air of quaintness about it that round little girls always find very becoming. It's high at the waist, puffed at sleeve, and shirred over the tummy, with a suggestion of bolero in the cut. And just wait till you get the effect of those saucy bows under the chin!

Make this up in dimity, batiste, lawn or dotted Swiss, with dainty lace or embroidery at sleeves and neckline, and see if it doesn't become your small daughter's favorite dress for special occasions! In fact, she's pretty sure to want more than one frock made like this.

Pattern No. 8445 is designed for sizes 2, 3, 4, 5 and 6 years. Size 3 takes two yards of 35-inch material and one yard of lace or embroidery; 3/4 yard of ribbon for bows.

The new SPRING AND SUMMER PATTERN BOOK, 32 pages of attractive designs for every size and every occasion is now ready. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Spring and Summer Pattern Book—25 cents. Send your order to the News-Review, Pattern Department, Roseburg, Oregon.
