Today's Pattern

NEW BASIC DRESS CAN ALTER A BASICALLY LARGE FIGURE

Pattern 8416 is a dress with exactly the well-bred, graceful simplicity you want for street wear during the late spring and summer. It's soft enough for afternoons, too. And just see how beautifully the lines of it flatter your figure.

Shoulders, bloused bodice, to give softness and fullness above the waistline! Skirt cut high and smoothly fitted, to make you look slim. Sash bows in the back make it fit smoothly and ex-actly! Deep V-neckline will be cool all summer long, and you can dress it up with many different brooches, clips or beads.

Flat crepe, silk print and serge are particularly smart materials for this lovely dress. You'll enjoy making it. Just six easy steps in the detailed sew chart that comes with your pattern.

Pattern 8416 is designed for sizes 34, 36, 38, 40, 42, 44, 46, and 48. Size 36 requires 1 3/4 yards of 29 inch material.

THE NEW SPRING AND SUMMER PATTERN BOOK, 22 pages of attractive designs for every size and every occasion is now ready. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Spring and Summer Pattern Book—25 cents. Pattern or book alone—15 cents.
