Today's Pattern

Lovely Princess Frock Has a Charming Figure Line

By CAROL DAY
Though it looks so young and naive, this cool frock, Pattern 8545, is extremely clever about flatter the figure.

Cut or basic princess lines, it has gathered softness at the front of the bodice and on each side of the princess panel, to give a nice curve to the bosom.

The skirt flows slimly and smoothly over the hips, to a graceful flare at the foot. The dress has an unusually becoming version of the square neckline, too. This is easier to wear than the wide kind.

Pattern 8545 will be very cool and pretty in flower-printed, batiste or silk print, or in dotted Swiss, linen or voile.

Trim the neckline and sleeves with lace or embroidery. It's very easy to make.

Pattern 8545 is designed for sizes 12, 14, 16, 18, 20 and 40. Size 14 requires 4 1/2 yards of 35-inch material with short sleeves; 1 1/2 yards of lace or embroidery.

The new SPRING AND SUMMER PATTERN BOOK, 32 pages of attractive designs for every size and every occasion is now ready. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Spring and Summer Pattern Book—25 cents. Pattern or book alone—15 cents. Send your order to the News-Review, Pattern Department, Roseburg, Oregon.
