NEW AFTERNOON DRESS HAS SMART, SLENDERIZING LINES

By CAROL DAY

This lovely dress has the sophistication, the touch of formality, that makes it perfect for bridge afternoons and luncheons. Pattern 8548 is ideal for street wear and summer travels. The details that give it real elegance have been planned, very carefully, to minimize width and to stress height.

The jacket-trim is plain in the front and draped a little at the sides. Points at the shoulders make the V-neckline more flattering. The skirt panels are cut in one with the midriff section. Broad-shouldered sleeves accent the slimming lines.

Georgette, chiffon, rayon jersey and silk crepe are the prettiest materials for this design.

Pattern 8548 is designed for sizes 36, 38, 40, 42, 44, 46, 48, 50 and 52. Size 38 requires 5 1/4 yards of 39-inch material, with short sleeves; 1 1/2 yard for jacket in contrast, if desired. With long sleeves it requires 5 3/4 yards; 1 3/4 yards to trim.

The new SPRING AND SUMMER PATTERN BOOK, 33 pages of attractive designs for every size and every occasion is now ready. Photographs show dresses made from these patterns being worn; a feature you will enjoy. Let the charming designs in this new book help you in your sewing. One pattern and the new Spring and Summer Pattern Book—25 cents. Pattern or book alone—15 cents.
