

PROSECUTION OF BUND HEAD SOUGHT

Dies Wants Action Against Fritz Kuhn; Racketeer Charge Hits Pelley.

WASHINGTON, Aug. 28.—(AP)—Chairman Dies (D., Tex.) directed counsel for the House committee on Un-American Activities today to determine whether leaders of the German-American Bund and of the Silver Shirts can be prosecuted under the law requiring registration of foreign agents.

Dies asserted Fritz Kuhn, Bund leader, had said before the committee one of the Bund's purposes was to bring the American public to the same viewpoint as Kuhn's regarding Nazi Germany.

William Dudley Pelley, head of the Silver Shirts, then contended, prints that propaganda in his publication.

Classifying both as "foreign propagandists," the chairman instructed Rhea Whitley, committee counsel, to take up the matter with the justice department.

"Some positive, affirmative action should be taken," Dies declared.

Fund Juggling Charged

Robert H. Barker, a committee investigator, accused Pelley of "diverting" some of the assets of a stockholders publishing house, the Galahad Press, to "his own personal use." He said creditors and preferred stockholders lost between \$35,000 and \$40,000 in the firm's failure.

The Galahad Press, which Barker described as a religious publishing house, was operated at various times from New York, Washington and Asheville. It was declared bankrupt in North Carolina in 1934, the witness asserted.

Barker, saying his testimony was based on a search of bank accounts and court records, declared that Pelley, who was described as an anti-Semitic leader, diverted \$100,000 of assets to his own use and to the "foundation of Christian economics."

"And this diversion brought about the insolvency of the Galahad Press and loss to stockholders?" Chairman Dies (D., Texas) asked.

"Yes, sir," the witness replied.

Barker replied negatively when Rhea Whitley, committee counsel, asked whether Pelley was ever imprisoned for diversion.

"No wonder racketeers can thrive when they can get by with things like that," commented Dies.

The witness went to tell that Pelley was convicted in Asheville on charges of selling securities without having registered as a dealer and also was advertising the stock of Galahad Press when it was insolvent.

BANDIT SUSPECT OF PORTLAND NABBED

WASHINGTON, Aug. 29.—(AP)—The capture of Joseph Paul Greizer, accused of seven bank robberies including one at Portland, Ore., was announced last night by the federal bureau of investigation.

Two other members of what the FBI said was a notorious west coast gang of bank robbers, John Oscar Heizer and Arnold Thomas Kyle, already have been apprehended. Another, James B. Conroy, committed suicide in a Los Angeles hotel when agents sought to arrest him in 1937.

Arrested with Greizer on a charge of harboring her husband was 34-year-old May (Teddy) Greizer.

Greizer is charged with robbing the United States National bank, Union and Killingsworth avenue branch, in Portland, Jan. 31, 1935. The bank lost \$2,336.

SAY McNUTT OUT IF F. D. R. RUNS

PORTLAND, Ore., Aug. 28.—(AP)—A decision by President Roosevelt to run for a third term would automatically end the campaign of Paul V. McNutt of Indiana, his manager told an interviewer here yesterday.

The manager, Frank M. McHale, Loganport, Ind., lawyer, said: "We are of the opinion that the president will not be a candidate."

Asked if McNutt would accept the nomination for vice-president, McHale replied, "we're not running him for vice-president, we are running him for president."

GOD WILL FLIERS READY FOR NEW HOP

NUME, Alaska, Aug. 29.—(AP)—With what they hope was their worst enemy behind them, a party of eight Japanese airmen, gliding the globe with good-will, awaited only a signal from the weather man today for the takeoff on a 1,000-mile flight to Whitehorse, Yukon territory.

The twin-motored plane, the Nippon, arrived here Sunday after a 2,400-mile hop over the North Pacific and flying sea, and was held here yesterday by low clouds and being cloudy.

The pilot on the newspaper-sponsored good-will around-the-world flight is Sumitoshi Nakai, the "Lindbergh of Japan."

The biggest feat of the first lap came, said Takeda Ohara, special food-will envoy and aviation editor, when "we had to climb out above 20,000 feet. Before we could release the special oxygen tanks two of our crew had become unconscious and we thought we were goners."

Seven were in the aerial party from Japan. An eighth joined the aerial ambassadors here. The Nippon will stop at numerous of the largest United States cities, then proceed to South America, hop the Atlantic and visit most of the capitals of Europe and Asia on the 31,000-mile jaunt. The plane's cruising speed is 162 miles an hour.

BRIDGES POSES AS DEMO PARTY AIDE

SAN FRANCISCO, Aug. 28.—(AP)—Harry Bridges testified at his deportation hearing today that he is not a member of the communist party and not those of the communist party guided his actions in a 1939 waterfront labor conflict.

The west coast CIO leader took the stand as the hearing went into its eighth week after Harper Knowles, American Legion anti-radical leader, said word he could not appear until later in the day.

Australian-born Bridges, who in previous testimony denied charges he is or was a member of the communist party, brought the democratic party into the record in denying assertions of Aaron Sapiro.

Bridge, labor attorney allied with factions opposed to Bridges, testified as a government witness that communist party orders were involved in the 1938 maritime strike.

Bridges flatly denied this and said that, as a matter of fact, he had attempted to delay the strike until after the November 2 election in 1938 in democratic party interests.

He asserted that the maritime unions were aware of the employers' plan to "lockout" Sept. 30, 1938. "We were fighting the lockout, which had great political importance," he said. "It was to be used to discredit the democratic party in the November election."

NAZI TERROR TALES BRANDED AS 'LIES'

Poles Counter With Charge of Subversion; Bomb at Depot Kills Seven.

By LLOYD LEHRBAS
WARSAW, Aug. 29.—(AP)—Poles blamed Germans for a new series of subversive acts in the east-thriven country today, while the press unanimously branded as "lies" Adolf Hitler's declarations that his countrymen are the victims of terrorism in Poland.

Seven persons were reported killed in an explosion which wrecked the railroad station at Tarnow in southern Poland. Poles arrested two Germans.

Herbert Freund, Breslau, German, university student, was arrested at Katowice after allegedly confessing he left three bags containing bombs in a room at Hiala, Silesia, which later exploded.

A time bomb was found on the railroad tracks between Kiel and Krakow before it exploded.

Warsaw's newspapers devoted front pages to statements and editorial comments charging German attempts to stir up hatred of Poland among the German people and to justify German aggression.

With sea traffic out of Gdynia, Poland's only seaport, impeded and communication with other ports cut off by a German blockade of railways linking Poland with the outside world, through transportation was at a virtual standstill.

Trench digging went on with hundreds of new volunteers turning up with spades and shovels.

American Women Leave

The number of Americans remaining in Poland was reduced further last night when four American women left by the midnight train for Riga. They were Mrs. William Cramp, Mrs. C. Burke Elbrick, Mrs. M. Williams Blake and Mrs. G. Tomlin Bailey, wives of American embassy and consulate general officials.

Reports that German troops continued their "encirclement" of Poland failed today to shake the nation's determination to resist any attack upon its independence.

From official sources came reports German soldiers occupied that part of Slovakia bordering on Hungary in the night.

German armed forces were said to have been concentrated not only on the Polish northern, western and southern frontiers, but also on part of the southeastern frontier.
