

BARNEY DISCUSSES FOOTBALL PHASES

Roseburg Minister - Coach
Offers Observations on
Players, Games.

Some interesting comments with regard to football and other competitive sports were made today by John Barney, pastor of the First Christian church of Roseburg. Mr. Barney, an experienced football player and coach, is assisting Coach Jim Watts with the Roseburg high school football team. Last year he coached the sensational seven-man team at Santa Clara, Lane county. He presents an interesting angle to judging teams in the following comment:

Success in football is measured by the performance of the individual player and the collective performance of the team, and not by the score of the game. Coaches, schools, sport fans, and the Sunday morning quarterbacks can boast of score and by their boasting skyrocket a team to great publicity and fame and miserably fail to see the true achievement of the failures of the team. Schools can add the positive points of score in one column and the negative score in another and point with pride to the positive one as the larger, and at the same time they fail to see that the team that lost was really the victor because it gave more of what they had to give.

There are several factors that are generally overlooked when entering into the evaluation of the success of a team. The first is the natural ability or capacity of the players. This includes size, speed, ability to think quickly, ability to cooperate, and the natural temperament of the individual. Many times a team with a small capacity is beaten by a team with a large capacity and the final score is the only thing taken into consideration. The truth may be that by measuring the score in proportion to the natural ability of the team that lost the game will be found to be the best ball club.

Another factor is the training. This is the work of coaches, to provide adequate training, instruction and plays for the team. Many teams with the training that they have had have played the best ball but lost the game. Again the critics look at the score board and shame the team when the criticism is undue.

Attitude Vital.
Perhaps the greatest factor that enters into success and failure in football is "attitude." An attitude is not a permanent feature which a team either has or has not. It is a spirit that can be changed, improved, or degraded. Beginning with the coach a victorious, aggressive attitude can be fostered in the team. Many teams that are beaten before they have started. The players may be made to feel like men who have fought a good fight fairly and squarely and have won, even though they have lost the game, or they may be made to feel like spineless babies.

The newspapers can give the false idea that the whole town thinks that they are a game bunch and that they are behind the team one hundred per cent, or they can portray the idea that the town thinks that they are a bunch of sloppy, halfhearted imitations. If the former is portrayed the kids will break their necks to keep from letting the home town down but if the latter is taken the boys don't give a rip and no one can blame them.

Cynical Views Harmful.
The school spirit behind the team also helps to make or break. A cynical or defeated attitude on the part of the student body is about as good as a cold towel that anyone can hand the team. Athletes formed consciousness of being scorned are determining factors in a team's playing.

Then there are the fellows who always talk the game over and are ever ready to tell how the game should have been played. These fellows' comments are either valuable or invaluable as they boost or tear down the team. Again let's

R. H. S. Indians Ready to Battle Eugeneans

Five of Roseburg high school's lucky linemen and two "pony" backfield men, pictured above, will probably see plenty of action tomorrow evening at Finlay field, when they meet University high school of Eugene. Though Coach Jim Watts' eleven has dropped their first two games of the season, they have never lost to a University team. Reading left to right are Virgil Sanders, left half; Don Perry, tackle; Richard Reynolds, guard; Cox, tackle; Larry Anderson, tackle; Wayne Albertus, tackle; and Herschel Byrd, fullback.

forget the score board and look at the natural ability of the team, their experience and training and the attitudes that have been factors in the game.

No apologies need be made for losses, but the public needs to look beyond the score board and see who really played football. Was it the big four-year letterman or was it the small fellow who has for the first time tasted of conflict? Was it the team that literally tore and strained every fiber in them or was it the team that had superior training and ability but who only half tried?

The real football lover, the one who loves the game and who loves the fellows always looks beyond the score board and sees the real successes and achievements that make the game what it is.

WESTERN STATES

SEATTLE, Oct. 19. (AP)—Washington's football "David and Goliath" will return to the "Husky" starting lineup against Oregon State here Saturday.

Coach Phelan said Bill Glasgow, the squad's 135-pound halfback, and tackle Walt Young, tall and heavy, of them all at a feet 4 inches, would return to the starting assignments they held at the season's opening.

Teammates expressed the belief that the fact both men are from Portland would give them a psychological "lift" against their home-state opponent.

SPOKANE, Oct. 19. (AP)—Ralph (Doc) Munn, quarterback, was ready for a return to action today as Gonzaga university's Bulldogs headed west for their Saturday battle with University of Oregon Webfoots at Eugene.

EUGENE, Oct. 19. (AP)—The University of Oregon's first halfback, has recovered from a heavy chest cold and will be able to start here Saturday against the Gonzaga university football team, it was reported yesterday.

Meanwhile the Webfoots studied

ways of stopping Tony Canedo, Gonzaga's halfback, ball carrier.

COVINGTON, Oct. 19. (AP)—Students of Oregon State college said today it was still doubtful whether Ray Vandiver, regular left end who has been nursing a knee injury, would be able to start Saturday at Seattle against the University of Washington football team.

With the exception of Vandiver, the Staters will be at full strength for the Huskies.

BERKELEY, Calif., Oct. 19. (AP)—Right halfback Louis Smith of the University of California will be out of football competition for "about six weeks," Dr. William French, university hospital chief, said today.

Smith received injuries resulting in a severe "charley horse" and water on the knee in the St. Mary's game.

LOS ANGELES, Oct. 19. (AP)—Charlie Funchback, varsity back on the UCLA football team, will return to the lineup.

Funchback received a head injury in the Stanford game and was held under observation for some time afterwards, but is expected to be all right shortly, although it is doubtful he'll appear in uniform in the Bruins-Mormons encounter here this week.

TESTIMONY IN S. P. DISPUTE FINISHED

PORTLAND, Oct. 19. (AP)—Testimony was completed yesterday before Circuit Judge Alfred P. Johnson in the dispute between Southern Pacific trainmen in the Portland and Shasta divisions over seniority rights.

A declaratory judgment against the Brotherhood of Railway Trainmen and members of the Shasta division is sought by approximately 35 brotherhood members of the Portland and Eugene divisions. The judgment would give them seniority rights held by the southern division.

SENATOR BRIDGES TO VISIT OREGON

PORTLAND, Oct. 19. (AP)—Senator Nelson Bridges, of New Hampshire, republican presidential candidate, will visit Oregon sometime after the special session of congress, he notified Lowell P. Galt, Portland. Galt heads a welcoming committee for GOP candidate.

Regular meeting of Philanthropia lodge No. 8, Thursday evening, October 19. Work in the initiatory degree.

A. J. GEDDES, Secretary.

SCHOOL ENROLLMENT SETS NEW RECORD

DRAIN, Oct. 19.—The grade-school enrollment in the Drain school has reached a total of 125 students, which is a record for the school. The increase in new students has made it necessary for the school to purchase a number of new books and desks.

An informal Halloween program has been planned for Oct. 27 and is open to parents and friends. The coffee and cider are to be served following the program and the proceeds will be used for the radio fund.

A motion picture program was held at the school last week and the motion pictures, "Forest and Health" and "What the Forest Means to You," were shown in connection with Fire Prevention week. The picture, "Carry On," was also given to acquaint the students with 4-H activities.

DOUGLAS PENSION COUNCIL TO MEET

Henry Anderson, president of the county pension council, announced today that a countywide meeting will be held at the court house Saturday afternoon, Oct. 21, at 1:30 o'clock. Representatives from all sections of the county are expected to be present.

Adoption of the newly law, a report on the state conference and other business will be included in the meeting. Mr. Anderson stated that a special speaker may be secured for the occasion.

An invitation is extended to all persons interested in old-age pension or relief to attend Mr. Anderson's address.

These drops of skunk musk are sufficient to scent an area of about a square mile.

HELP KIDNEYS PASS 3 PINTS A DAY

Doctors say your kidneys excrete 10 miles of four times as often as it is able to pass the blood and keep you healthy. Doctors suggest some ways to help your kidneys work from your blood. They help most people pass about a pint a day.

When kidneys of kidneys function properly, poisons are excreted from your blood. If your kidneys are weak, the poisons stay in your blood, making you feel tired, getting up, feeling worse, passing urine, the eyes, head, and stomach. If you are weak, you pass urine with smearing and burning, sometimes there is something wrong with your kidneys or bladder.

Just wait! Ask your druggist for Doan's Pills, and especially for pills for over 10 years. They give happy relief and will help the 12 million who suffer. Tell him you want some from your druggist. Get Doan's Pills.

Regular meeting of Philanthropia lodge No. 8, Thursday evening, October 19. Work in the initiatory degree.

A. J. GEDDES, Secretary.

INJURY JINX HITS INDIANS OF R. H. S.

Three, Perhaps Four, Key
Players May Not Be in
Game Tomorrow.

Bad luck continued to stalk Coach Jim Watts' Indian football team when it appeared late today that three and perhaps four varsity backfield men and replacement might not be ready to play on the eve of the important conference game with University high school of Eugene on Finlay field tomorrow evening.

Either definitely out or doubtful starters are Virgil Sanders, left guard, triple-threat left half, who was injured in the fourth play of the game against Coquille and has been out of action since; Right Half Eddie Nordyke, also a letterman, whose injured knee has not been responding to treatment and doctors have suggested that he give the twisted ligaments a rest for another week.

Ted Thompson, experienced reserve who can play in either half position, is also on the hospital list with a bad knee and an injured hip. Thompson was the lad who replaced Sanders in the Coquille scrimmage and shot several nice punts before his knee began acting up. The last one of the quartet of disabled backs is Edwood McLaughlin, inexperienced, but who showed a world of promise in practice. McLaughlin twisted a knee in scrimmage after the Red sports game and is still hobbling around and will definitely not see action against the Golden Tide.

Revamping Task Hard.
The loss of these key men has forced Watts to try almost every position on the squad in a backfield position in an effort to discover some embryo backfield men which can fill the bill against the Eugene team. Only two expected speed men are available. Paul Cacy, half and quarter, and Herschel Byrd, the 149-pound fullback, who has shifted Cacy to left half. Byrd at full, and promoted Wayne Albertus, 160-pound letterman factor, to blocking quarterback, and though inexperienced, looks like a natural in that spot. He's big, fast and rugged. Watts is hoping that Thompson will be ready for

duty by game time to fill in the other half spot, leaving no reserves.

This shift of men has necessitated the moving of Larry Anderson, guard, to tackle, with either Garheart or Bob Norton, moving into the vacated spot. Barker and Reynolds are battling it out for the other guard position and DeBernard is giving Bert Shoemaker, letterman, a real battle for the call at center. With Letterman Puckett and Lovell Baker at ends, the line shapes up very well with several good replacements in Cox, Shirley McLaughlin, Burt and Davis available.

BOXING CARD SET AT ARMORY OCT. 26

Headliner Pitts Mendolia
Against Jackie Carter;
Fine Bouts Assured.

Smaller-sized top notchers of western prizefighting circles will be featured on Roseburg's next boxing card, to be held at the armory October 26 under the auspices of Umpqua fans of the American Legion. The ten-round main event, Matchmaker "Pat" Padelford announces, states Joe Mendolia, Filipino featherweight, against Jackie Carter of Butler, Mont. In the six-round semifinal, Young National, aka the Second, another featherweight, will swap punches with "Pinky" Pinkston of Portland. A special event of four rounds will again see Babe Fenton, the 130-pound Sutherland flash, in action before local fans. His opponent will be a Portland lad, Mickey Poloff. All three battles will have rounds of three minutes' duration.

The card, Padelford states, will also include two four-round preliminaries and a curtain raiser. Principals of these bouts will be announced later.

Mendolia, one of the headliners, is heralded as the champion of his class in Europe, and the winner of 18 straight bouts in California by knockout. "The greatest puncher of his class ever to show in Roseburg," is the expert recommendation given him. The record of his opponent, Carter, is impressive enough to assure a stubborn, whirlwind battle.

The scheduled semi-finalists also

come to Roseburg with records of victories over classy opponents. And Babe Fenton, on the basis of past performances, is sure to give a good account of himself in the special event, regardless of how good his Portland rival proves to be.

SWEATER COLORS CHOSEN BY CLASS

Members of the senior class of Roseburg high school selected colors for their class sweaters at a meeting Wednesday.

The colors were changed from black and white to rust and gold, and the sweaters will be rust with a gold numeral. The members also decided on the make and type of sweater for both the boys and girls.

Jack Craig, circulation manager of the 1940 Umpqua, announced that the date for the Umpqua sale has been set for Oct. 27. He urged all students to buy tickets to support the annual.

New Under-arm Cream Deodorant safely Stops Perspiration

1. Does not rot dresses—does not irritate skin.
2. No waiting to dry. Can be used right after shaving.
3. Instantly stops perspiration for 1 to 3 days. Removes odor from perspiration.
4. A pure white, greaseless, stainless vanishing cream.
5. Arid has been awarded the Approval Seal of the American Institute of Laundering, for being harmless to fabrics.

15 MILLION jars of Arid have been sold. Try a jar today!

"Sure I'll eat soup when SNOW FLAKES are around"

There's a satisfying "edge" given to appetites when SNOW FLAKES are a part of the meal. They're fresher, flakier, and daintier than ordinary crackers. They make other foods taste better.

The moment you open the carton and break a SNOW FLAKE cracker, you can see for yourself why they outsell all other crackers in the West.

UNMATCHED QUALITY—Skilled N. B. C. bakers use only the choicest ingredients. They know how to get flakiness, even texture and tenderness in SNOW FLAKES.

ALWAYS FRESH—Speedy National Biscuit Company delivery service brings the familiar red triple-wrapped cartons with that delightful oven aroma intact.

Three convenient-sized packages to suit every purse.

SUGGESTION OF THE WEEK
Use crumbled SNOW FLAKE Crackers, dotted with butter, as a tasty, delicious topping for casserole dishes.
