Roseburg News-Review
THE DOUGLAS COUNTY DAILY

TWO SECTIONS TODAY

VOL. XLIV NO. 193 OF ROSEBURG REVIEW ROSEBURG, OREGON, TUESDAY, NOVEMBER 21, 1939. VOL. XXVIII NO. 93 OF THE EVENING NEWS

ENGLAND TO RETALIATE FOR SHIP LOSSES

In The Day's News

By FRANK JENKINS
TODAY'S (Friday's) dispatches disclose considerable cautious angling (most of it, apparently, inspired by Germany) to get Roosevelt to ask both sides for a statement of war aims. If both answered truthfully, they would say: "1. To lick the other fellow. "2. To take his shirt."

U. S. Aviation Training Site Sought Here

Roseburg's Eligibility for Course Gets Recognition, Application Now Up For Action.
Roseburg's application to become one of the 38 towns in the United States to be selected for federal training course in aviation was given official recognition yesterday, when E. W. Wright of Portland, northwest supervisor for the civil aeronautics authority, made formal inspection of facilities here. In the event the application submitted by Roseburg is given formal approval flight training will be provided by the federal government for a class of 10 students. The inspection made yesterday reveals that Roseburg can meet all requirements for such a course. Mr. Wright told the directors of the chamber of commerce last night. He highly praised the work being done by the Umpqua Flying club, which he declared is one of the largest and most active groups of its kind in the state.

"Peach" Testifies in Bund Case

Accompanied by her attorney, Mrs. Virginia Cogswell, eight-times married "Georgia Peach" arrives at New York. She was a witness before the grand jury taking testimony in the government income tax investigation of Fritz Kuhn, German-American bund leader. At Kuhn's trial for embezzlement, Mrs. Cogswell's physician testified Kuhn offered to pay his fee for attending her.

Budget to Cut U. S. Deficit Being Studied

Offset to Higher Cost of Defense With Slash in Relief Outlay Eyed at White House.
WASHINGTON, Nov. 21.—(AP)—A 1941 budget designed to cut the federal deficit for the year to around \$2,500,000,000 by offsetting higher defense costs with lower relief and other expenditures and increased tax revenues was authoritatively reported today to be under consideration at the white house. Although official figures could not be obtained—some of them have not been decided yet—Stephen Early, white house secretary, said surmises about a sharply reduced deficit were "pretty close." Harold D. Smith, budget director, also said "cuts are being made on some items." Getting the deficit down to \$2,000,000,000 was said to be the desire of some administration advisers but this figure was said reliably to be too optimistic. Items Forecast From these hints, authorities deduced the following rough estimate of what President Roosevelt might recommend in his annual budget message to congress in January for the 1941 fiscal year, beginning next July 1: Expenditures—Nearly \$9,250,000,000. Receipts—About \$6,500,000,000. Deficit—About \$2,500,000,000. The amount of next year's revenues constitutes perhaps the biggest question mark in the president's budget making. Officials say, since business is much better, tax revenues should be considerably higher, but some of the

Garner Given O. K. of Glass As Candidate

Texan Advised to Express Views Before Primaries; McNary Seeks Farm Vote for GOP.
WASHINGTON, Nov. 21.—(AP)—Senator Carter Glass disclosed today he has two choices for the 1940 democratic presidential nomination—Vice-President Garner and Senator Byrd (D., Va.). "I know of no men better qualified for the presidency than John Garner or Harry Byrd," Glass told reporters. The 51-year-old Virginian declined to discuss his views regarding a third term for President Roosevelt. Although Glass generally has been understood to oppose a third term, his friends reported he did not wish to say anything which might create party friction. It was said authoritatively, however, the senator would work to have the Virginia delegation to the democratic convention instructed for Byrd but Glass would support Garner if Byrd were unable to obtain the presidential nomination. Garner for Economy Garner's associates here predicted today that the vice-president would make a comprehensive statement of his views on national problems early next year. They said he probably would emphasize the desirability of ending federal deficits, but might uphold accomplishments of the Roosevelt administration in general terms. Campaign managers for the vice-president are planning to make an aggressive drive for delegates in the state primaries next spring. Some of them were said authoritatively to have convinced Garner that he should make known his views before the primaries in order that voters might have a clear understanding of his position. Glass, discussing democratic prospects for 1940, said that if the party is to win, the administration "ought to stop spending more money than it collects." He asserted that he would make a battle for reduced federal spending at the next session if there appeared to be any prospect of success. "But I'm too old to devote a lot of energy to a futile fight," he declared. McNary Seeks Farm Vote Meanwhile, senators interested in farm and pension programs contended that those issues would be of major importance in fixing the political drift for 1940. Senator McNary of Oregon, the

Wins in Stretch For Flier Course

Back cracking and head bumping her way to five feet two, Kathleen Hildebrand, above won admittance to CAA pilot instruction course. Turned down repeatedly because of her height, fell one inch short of minimum requirements, the 13-year-old Kansas City junior college girl resorted to stretching whenever she thought of it to increase her low ceiling. "Whew," Kathleen sighed when she saw the pointer at 5 feet, 2 Nov. 17. "Now I can relax." So can her fans from coast to coast.

All German Export Trade To Be Halted

'Ruthless Brutality' of Sea Warfare Denounced by Chamberlain; Three More Boats Sunk.
LONDON, Nov. 21.—(AP)—Great Britain has decided to seize exports of German ownership or origin on the high seas Prime Minister Chamberlain announced today in retaliation for what he called "ruthless brutality of international law and the ruthless brutality of German methods." During the last war Chamberlain recalled that exports of German origin or ownership were made subject to seizure on the high seas as reprisals for submarine attacks on merchant shipping. As Chamberlain made this announcement in the house of commons, attributing to German mines the heavy merchant ship losses off the British east coast of the past few days, another ship, the 11,930-ton Japanese passenger liner Terukuni Maru, was sunk off the east coast. The sinking Japanese liner, which could be seen from the shore, carried a crew of 180 and 23 passengers, one of them British. A lifeboat and other craft rushed to the rescue, and some survivors were brought to shore. Neutral Ships Involved British reprisals against Germany, extending the blockade to exports as well as imports, would mean concentration on neutral shipping, since Germany herself has practically no ships at sea now. The aim would be to halt completely all sea commerce with Germany. Chamberlain made his statement in reply to a question by Opposition Laborite Leader Clement Attlee on whether the government proposed to take any action as a result of the laying of mines which sank the Netherlands passenger ship Simon Bolivar and other vessels. (Continued on page 6)

11 MILLS CONFESS WAGE ACT EVASION

NEW YORK, Nov. 21.—(AP)—Eleven of the country's major knit apparel manufacturers and sellers acknowledged in federal court today that they had violated the wage and hour law. As a result, 19,000 home workers will receive approximately \$250,000 in wage arrears. The companies consented to the entry of a permanent injunction restraining them from any further violations of the law, either directly or by subterfuge. Those involved were: Regal Knitting, Inc.; May Knitting company; Blue Bird Knitwear, Inc.; Newport Knitting Co., Inc.; Fay Infants Wear, Inc.; Cupid Knitwear Company, Inc.; Knitting Company, Inc.; Morris Bernstein and Samuel Bernstein, doing business as Infanta Sweater mills, and Julius Berger. The government's complaint charged the defendants with evading the law by devising a purchase and sales plan from which it appeared that their former home workers had lost the status of employees and had become "independent manufacturers and producers."

SWIM POOL-PARK PLAN TO BE STUDIED

Project Gets Action From C. of C.; Talk by Mott on Roads Sought.
A committee to make a thorough study of plans for a city park and swimming pool was authorized by the directors of the Roseburg chamber of commerce at their regular meeting last night. Sentiment favoring the construction of a swimming pool is growing rapidly, the directors said, and it was the opinion that such a project should be linked as well with a city park. President Maurice Hallmark was instructed to appoint a committee to make a very thorough study of the matter and to report back to the chamber of commerce at a later date. The secretary was instructed to invite Congressman James Mott to come to Roseburg at his own convenience and to discuss the McDonald plan for federal construction of military highways. The chamber of commerce will call a luncheon meeting, open to the public, when Congressman Mott specifies the date he can visit the city. Road Jubilee Coming Plans also were discussed for a large scale celebration to be held probably about the middle of July to mark the opening of the North Umpqua road from Roseburg to Diamond Lake. It was announced that plans for the organization of a Junior chamber of commerce, to include the age group from 21 to 35 years and to operate in conjunction with the senior chamber of commerce, are near completion. An organization meeting, it was stated, has been arranged for Nov. 30. The committee on arrangements for the Christmas party, Dec. 2, reported all plans completed.

CITY-OWNED LOTS ATTRACT OFFERS

Council Authorizes Sales of 3 Tracts; Alley Job Ordinance Passed.
Increasing interest in being shown in city-owned lots, Councilman Percy Craft, chairman of the committee in charge of the property, reported to the council at its regular meeting last night. He reported offers for purchase of three lots, and stated that other deals were being negotiated. The council approved a proposal to sell two lots in North Roseburg to Harry Hatfield and George Ware. The two lots, each with 25-foot frontage, are located between the residences of the prospective purchasers. The sale price was fixed at \$100 for each lot. Approval also was given the committee's proposal to sell one-half of the lot at Bowden avenue and Riverside drive in Laurelwood to Harry Goodell for \$250. Mr. Goodell previously has purchased city-owned property in Laurelwood and has constructed attractive homes on the land. He informed the committee, Councilman Craft said, that he desires to purchase one-half of the corner lot and plans later to buy the other half if conditions remain favorable. Inquiry also has been made, Mr. Craft stated, for a lot at Madrone and Riverside streets in Laurelwood and the council fixed a price of \$250 on the property. An ordinance providing for the payment of the alleyway extending from Lane to Mosher streets, between Rose and Stephens streets, was passed after third reading. The improvement is expected to cost in the neighborhood of \$1,500. Six applications for annual renewal of beer licenses were approved.

D. - C. LAND MONEY PAID TO DOUGLAS

Douglas county today received a check for \$28,236.97, the second payment to be received within a month from the federal government covering money due on D. and C. grant land payments in lieu of taxes. The county recently received \$51,236.11, which represents 50 per cent of forestry revenue for the first half of the current year. These receipts go into the general county fund instead of being distributed to various taxing districts. The payments were made in compliance with the act of 1937. The second payment represents 25 per cent of collections to be applied on the amount of delinquency for the year 1936. This sum is being divided between the county and the taxing districts.

BOY STILL SOUGHT IN KLAMATH FREEZE

BLAINE, Wash., Nov. 21.—(AP)—Orville Alger, 32, city attorney of Blaine, and his bride of six weeks, the former Dorothy Hanson, 24, of Blaine, lost their lives early this morning when fire destroyed their cabin at the Green Gables auto camp here. Origin of the fire was undetermined but firemen said it might have started from a cigarette. Alger and his bride had been living at the court since their return from a brief honeymoon trip five weeks ago. The city attorney formerly lived in Seattle and was graduated from the University of Washington law school.

Sally Rand, Expert With Girl Figures, Proves Failure With Business Type

SAN FRANCISCO, Nov. 21.—(AP)—Herald Gould Beck, better known as Sally Rand, fan dancer, definitely has withdrawn all claim to the title of smart business woman. She is just a very broke little girl, who would rather not bother her head with dull figures, especially ones written in red. She told a group of loan-faced creditors in bankruptcy court yesterday her finances were, well, frankly, "a mess." True, she took in \$74,830 from various enterprises at the Golden Gate exposition, sometimes vulgarly called skin shows, and many thousands more from night club performances at the same time in San Francisco. But she didn't own them—she only got part of the take—and when everybody else got through taking cuts and the current bills were met, the debts just seemed to pile up faster than the money came in.

HOME PRACTICALLY STRIPPED BY YEGGS

McMINNVILLE, Ore., Nov. 21.—(AP)—Marion Schindler of Grand Island told Sheriff Manning yesterday that he could put up with a little conservative burglary but the yeggs who frisked his place during the family absence last week-end went too far. They even took the drawers out of the kitchen built-ins, to say nothing of the globes out of the light sockets. They took the refrigerator, washing machine, heater, davenport, chairs, cushions, silverware, dishes, cooking utensils and a general household inventory.

TWO-GUN WOMAN HELD FOR MURDER

DALLAS, Tex., Nov. 21.—(AP)—Corinne Maddox, whose blazing guns killed Brooks C. Coffman, 49-year-old criminal lawyer in five under \$7,500 bond. Coffman was facing trial on charges he stabbed Miss Maddox, 26, with an ice pick because she refused to go to California with him. He was married and had three children. He fell to the sidewalk on a busy main street, screaming "don't kill me, Corinne!" as Miss Maddox drew two guns from under her coat and fired yesterday. She was charged with murder.

FLIGHT SAVES LIFE OF AILING WOMAN

HAMILTON, Calif., Nov. 21.—(AP)—An emergency flight last night to Red Bluff, where the mother of Private Charles Knox lay critically ill, probably saved the woman's life, army authorities disclosed here today. Private Knox received word at 11 p. m. his mother needed an immediate blood transfusion to save her life. A twin-motored bomber was immediately wheeled out, and with Captain Walter C. White as pilot, Lieut. C. L. Hamilton, co-pilot and Privates Knox and Jack V. Smith aboard, took off for the northern California city. Tests disclosed Knox's blood was the right type, the transfusion was given and doctors said the soldier's mother showed immediate improvement.

PAROLE DENIED TO TOM PENDERGAST

WASHINGTON, Nov. 21.—(AP)—Tom Pendergast, one-time big boss of the Kansas City democratic machine, was denied a parole today from the federal penitentiary at Leavenworth, Kas. The federal board of parole announced it was "constrained to the strong conviction" a parole "would be unjustifiable and incompatible with the public interest."

THREE NATIONS BUY SCRAP IRON OF U. S.

NEW YORK, Nov. 21.—(AP)—A record order for 500,000 tons of scrap iron has been placed in the United States for shipment to England's war-burdened steel mills, it was learned today in trade circles. In addition, it was said, Italy has bought around 150,000 tons and Japan about 100,000. At the current price of about \$21 a ton for heavy melting scrap in the Pittsburgh area, the tonnage would be valued at approximately \$22,000,000.

PROBES WRECKAGE, FINDS HIS FATHER

ABBEVILLE, S. C., Nov. 21.—(AP)—T. Dale Ferguson, Jr., came upon an overturned automobile beside a highway. After notifying police, he dug into the wreckage and extricated the injured driver. It was his father, Deputy Sheriff T. Dale Ferguson, who died a few hours later in a hospital. "I don't deserve to live. I am a bad boy."

MOVIE CRAFTSMEN STRIKE AVERTED

HOLLYWOOD, Nov. 21.—(AP)—A walkout of 25,000 A.F.L. studio craftsmen, scheduled for this morning, was postponed at least temporarily pending further conferences between producers and unionists. The delay was announced last night at conclusion of an emergency conference on the federation's demand for 10 per cent wage boosts. President Joseph M. Schenck of the Association of Motion Picture Producers declared: "We have made considerable progress and it appears as if all our differences will be taken care of."

GRAND COULEE DAM HAS NEW TRAGEDY

GRAND COULEE, Wash., Nov. 21.—(AP)—One man was killed and two others seriously injured today when an empty concrete bucket hooked the end of a Grand Coulee dam construction catwalk and hauled them to a concrete block 25 feet below. Virgil L. (Boulder) Smith, 33, concrete foreman and widely known western construction worker, died in a hospital three hours after the accident. His skull was fractured. The injured were R. A. Rankin, 30-year-old bureau of reclamation inspector who has a fractured pelvis, fractured elbow, broken arm and sundry other injuries, and Ed Nannova, 27, Neapelem Indian concrete worker, who suffered a fractured pelvis and three broken ribs. Smith's death brought the toll since Grand Coulee construction started in 1932 to 45.

JAIL AWAITS DOG OWNER SANS PERMIT

Lacking money to pay a fine of \$10 imposed in the justice court, W. W. Hammond of Roseburg was committed by Judge R. W. Marsters to five days in the county jail. Hammond pleaded guilty to possession of an unlicensed dog, being one of the defendants named by the county dog control board in its campaign to force compliance with the dog license law. Two other defendants, Elmer Thompson, Yoncalla, and J. L. Shaw, Lookingglass, against whom complaints were filed yesterday, have not yet appeared for arraignment, Hammond, who pleaded that he had unfinished work at his home property, was permitted to return home this morning but was instructed by Judge Marsters to present himself to the sheriff this evening to begin his five-day sentence.

BEER PARLOR HEAD ACCUSED OF MURDER

LA GRANDE, Nov. 21.—(AP)—The Union county grand jury indicted Walter Gover, 58, North Powder beer parlor proprietor, yesterday on a charge of second degree murder in connection with the death of Virgil Jett, 28, in October. Gover was accused of shooting Jett for insisting upon playing a nickel-in-the-slot music machine after midnight.

DIES AT SIGHT OF WIFE IN BANDAGES

ASTORIA, Ore., Nov. 21.—(AP)—Unhurt in an automobile accident on the Oregon Coast highway, Harvey Willis of Gearhart dropped dead today when he saw his handaged wife at a Seaside hospital. Mrs. Willis suffered only minor scalp and leg cuts.
