

Data On Roseburg Accidents Given

Sixty-one per cent of the drivers involved in traffic accidents in Roseburg reported to the secretary of state's office for the month of October had six years or more experience in driving, according to a report from the traffic safety division at Salem today.

Thirteen drivers were involved in the seven crashes reported for the month, eight of the drivers having the six years or more experience. One person was injured during the month.

Three of the seven accidents were in the business district of the city while the other four were in the residential areas. The one injury resulted from one of the accidents in the residential areas, in line with the general trend in the state which shows accidents in the residential areas are more likely to be serious than crashes in business districts, according to Earl Snell, secretary of state, who keeps a close watch on accident statistics as a part of his statewide traffic safety campaign.

Four of the accidents were at intersections, two while cars involved were proceeding straight ahead and one at a railroad crossing. Five were on dry pavement while the other two were on wet streets. Six were in daylight and one at night. By days, the accidents were Mondays, two; Wednesdays, three; Thursdays, one; Saturdays, two.

Driver actions were listed as follows: excessive speed, two; no right-of-way, three; passing at intersection, one; giving wrong signal, one; following too closely, one. Actions of the other five drivers were not listed in the reports sent the secretary of state.

Roseburg was in seventh place in Division III of the 1939 cities traffic safety contest for the month of October. Ratings are based on the percentage of improvement in the number of accidents, injuries and deaths.

Says Japan Would Seize Philippines

MANILA, Dec. 7.—(AP)—Placid Mapa, one of the leading sugar men in the Philippines, told a group of college students today that Japan stands ready to take over the islands if they are granted complete independence from the United States in 1946.

Mapa, president of the Philippine Sugar association, pointed to Japanese seizure of Formosa, Manchuria, Korea, northern China and small islands near the Philippines, and asked:

"These were successively engulfed with the relentlessness of a rising tide. Can there be any clearer indication as to the designs and the course of Japanese imperialism?"

If the Philippines are to be placed again under the sovereignty of another nation after 1946, he declared, "we should by all means remain under the United States flag which to us during the past 11 years meant benevolence, peace, order, security, prosperity, liberty, opportunity and a host of other advantages."

Tacoma Yields In 'Mt. Rainier' Feud

TACOMA, Wash., Dec. 7.—(AP)—The state of Washington's most ludicrous feud ended today when the Tacoma chamber of commerce agreed to call Mount Rainier Mount Rainier.

For scores of years Tacomans have doggedly stuck to their contention the massive mountain's name was Mount Tacoma. Tacoma's 100,000-old citizens shouted the name every chance they got. The rest of the state chuckled.

The feud got so bitter United States Senator Dill submitted a congressional resolution that would have officially christened the 11,408-foot peak Mount Tacoma. The resolution was buried in a committee. Tacoma chafed.

But the feud was kept alive. Whenever Mount Rainier was mentioned in a press association story, Tacoma newspaper editors redoubtly penciled out Rainier and wrote Tacoma. The Caspar Milquetoasts who didn't want to get in to a violent argument simply called it "the mountain."

All that ended today. The chamber's directors, acting on suggestions by several civic organizations, approved a resolution that in the future Tacoma's famous mountain will be known as Mount Rainier. The resolution "urged newspapers, civic bodies and individuals throughout the city to do likewise."

German Consulate Aide Slain In N. Y.

NEW YORK, Dec. 7.—(AP)—Walter Engelberg, 42, a doctor of law and a secretary at the German consulate here, was found slain this afternoon in his home in Brooklyn. He had been struck in the head with a heavy weight.

Assistant Medical Examiner Manuel E. Martin said Engelberg was killed in his sleep and had been dead about 24 hours.

District Attorney William F. X. Geoghan asked the police to broadcast an alarm for an unidentified man of small build who had been living with Engelberg.

The secretary's body was discovered by Fred Doell, an employee of the consulate, who called to find out why he had not reported for work yesterday. Engelberg, police said, was last seen alive about 4:30 p. m. Monday.

He had been in this country about a year and for four months had worked at the German consulate in Chicago.

When one bird dies, another is placed in its stead immediately.
