SHIRTWAISTER HAS GORED SKIRT
PATTERN 4309

by Anne Adams

If you were asked what is the youngest, smartest, most becoming type of dress, there'd be just one answer: The shirtwaister! And Anne Adams' Pattern 4309 is full of exciting news. First see the unusual skirt interest. There are no less than ten gores, with two gores at both front and back on the bias. The nice bloused bodice fullness is held in slimly above the waistline with darts. You'll love the crisp cut of the collar with its "dandy" revers so effective in white. Use a white leather belt or a gay ribbon sash with a matching ribbon bow at the neck. You might like to make a bodice and skirt boldly contrasting.

Pattern 4309 is available in misses' and women's sizes 14, 16, 18, 20, 22, 24, 26, 28, 30, 32 and 34. Size 16 takes 3 1/2 yards 54 inch fabric and 3 3/4 yard contrast.

FAITH, HOPE, AND LOVE

By G. M. Leeper.

If I have
Just one friend,
Or if I have three;
If you are one,
And you are one,
One be.

If I have
Just one path,
Or if I have three;
If one is here,
And one is there,
Where can the other
One be.

If I have
Just one wish,
Or if I have three;
If one is for faith,
And one for hope,
What can the other
One be.
