Today's Pattern

NOVEL YOKE ON GAY HOUSEFROCK PATTERN 4324

There's a light-hearted peasant-girl look about this little house-frock, Pattern 4324. It's designed by Anne Adams for easy wearing and making. Don't you love the charming shape of the neck, that "snowed in the yoke"? A delightful effect that you may play up either by using ric-rac at the yoke, pointed sleeve bands and high, double-peaked waistline, or by making the yoke and sleeve bands in vivid contrast. The slim waist and hips are emphasized by unusual softness through the bodice and full skirt lines. Make comfortably flared sleeves if you prefer, and choose a gaily flowered print fabric for this young charmer.
