County Hoop League of Eighth Graders Planned

Plans for an 8th grade county-wide basketball league are under consideration by the Douglas County Elementary School Principals' association. It was announced today. The association discussed the plans at a dinner meeting held at the Silverbrook hotel Saturday and appointed Gilbert Bloomquist, grade school principal at Drain, as chairman of organization.

It is proposed to hold elimination games by zones, similar to the plan of the county high school B league, with a final championship playoff to be held in Roseburg in conjunction with the B league.

The principals also are working on plans for an all-county grade school art exhibit and music festival to be held in Roseburg at some date during the month of April.

CHILDREN'S Frequent COLDS

✓ For relieving discomforts of chest, colds and night coughs, rub VapoRub on throat, chest, and back at bedtime. VapoRub's penetrating vapor action relieves congestion of upper air passages—eases soreness of chest and back muscles—helps the youngster relax into healing sleep.

✓ For coughing and irritated throat, caused by colds, put VapoRub on the child's tongue to relieve the irritation. Then massage VapoRub on throat and chest.

✓ For "sniffles" and misery of head colds, melt VapoRub in a bowl of boiling water. Have the child breathe in the steaming vapors. This loosens phlegm, clears air passages, makes breathing easier. Also massage VapoRub on throat and chest. Millions of families use these three time-tested treatments.
