You Cannot Afford To Be Without This Sensational New Electric Range!

### RANGE HAS EVERYTHING

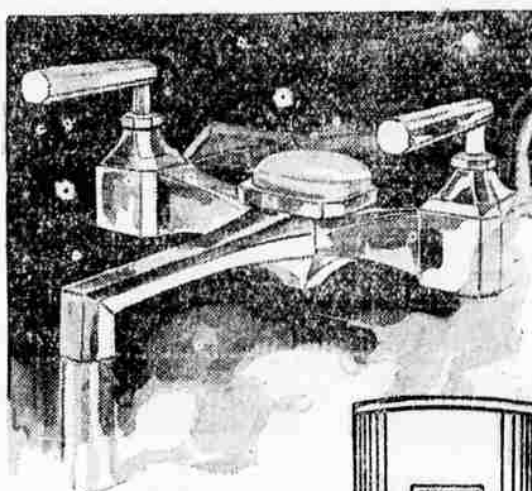

OVEN—Full size—heavily insulated with mineral wool. Width 16½". Depth 18". Height 16". Mono-Unit with baking and roasting space above and broiling space below. The racks are extra heavy, of lock-stop type, and are easily removable for thorough cleaning of the oven. Latest type broiler pan is standard equipment.

THERMOSTAT—that assures accurately controlled temperatures.

SWITCHES—Rotary type. The same switch as is used on highest priced ranges.

### BIG RANGE CAPACITY!

This compact range has the SAME CAPACITY as larger, more expensive ranges—the only difference is the reduced storage and working surface space.

### SURFACE UNITS ON THIS RANGE—

are of the speed type with black glazed bricks. Special finish in glazing these bricks is the result of years of experiment and field test and insures not only life of the unit but fresh appearance as long as it is in use. Outstanding improvement in the quality of the wire used also provides long life of the unit. These three units to provide speeds for any and all surface cooking operations.

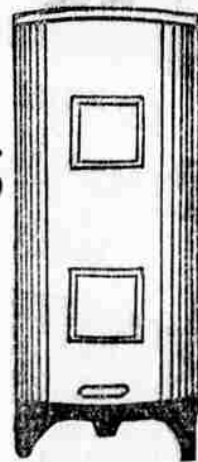

- Finish is Genuine Porcelain Enamel—Cooking Table is Acid-resistant Enamel
