DAILY DEVOTIONS

DR. CHAS. A. EDWARDS

Terrifying new inventions are being used in modern war. But it is not these Satanic mechanisms which will win the war. What will win is not something new, but something old. Faith in an ideal, a faith so high that for it whole peoples will discipline themselves, face bitter hardship, even death itself, that the ideal may triumph. Even as Christ died upon the Cross. Once and for all God has given answer to man's deepest question. It is not found in some clever modern invention. The answer is nothing less than God's eternal self made known in Jesus Christ. To shallow minded men this seems tame and outworn. But Christ is not outworn. That strange man upon His Cross is still pointing Godward and saying: "I am the way, the truth, and the life. No man cometh unto the Father but by me." The crown of love is the crown of thorns, and we who would follow Him must be willing to drink of His cup, and if we suffer with Him, we will also be glorified with Him. Then let us not tremble. Our God whom we serve is able to deliver us from all these new terrifying new inventions to destroy the world. Amen.

Quintuplets Hope Banished by Exam

MIAMI, Fla., March 22.—(AP)—Back in her humble home, Mrs. Emory Callahan, 22-year-old bride of eight months, was happy today that she would bear but one child instead of five.

Her belief that she would become the mother of quintuplets created a two-day sensation that was deflated last night when an X-ray examination showed she would give birth to only one.

The Miami Herald, which had provided her with a private hospital room and medical attention, announced the result of the medical examination.

John S. Knight, publisher, said he would continue to pay the cost of her confinement until a month after the birth of her child.

The Herald said Mrs. Callahan believed an X-ray examination had disclosed five distinct head structures, when as a matter of fact she had only submitted to examination under a fluoroscope which shows through the body but does not record a picture.

The physician said he did not recall their discussion—one of many in a single day—but had noted her unusual size at that stage of pregnancy and probably expressed a belief multiple birth was likely, the Herald's story continued. The doctor was quoted as denying he mentioned quintuplets.

Japan Court Easy On U. S. Newsman

TOKYO, March 22.—(AP)—James R. Young, International News service correspondent, was convicted on a charge of spreading false rumors and given a six-month suspended sentence today in Tokyo district court.

Judge Hotta, speaking through an interpreter, lectured Young on the "seriousness" of his offense, but said he found extenuating circumstances "in the fact that you are an American and a correspondent whose duty requires you to transmit news."

Young went back to jail, where he probably will remain until next Saturday, expiration of the seven-day period allowed both sides for appeal.

Young was arrested here Jan. 21 soon after his return from China where, a Japanese foreign office spokesman charged, he sent "extremely slanderous news reports regarding the Japanese forces."

He was charged costs of his trial, which started March 11, and warned that he would be imprisoned immediately if the asserted offense were repeated within three years. A court clerk said the question of whether Young would be deported would be decided jointly by the home and foreign offices.

Interdict Lifted By Repentence Vow

CLEVELAND, March 21.—(AP)—Holy Thursday mass today reopened Holy Redeemer Catholic church, closed by a month-old interdict that followed parishioners' rebellion against selection of a new priest.

Archbishop Joseph Schrembs lifted his interdict against 1,500 members of the Italian-American parish as they expressed repentence at a meeting arranged at their request.

Each pledged unqualified submission to lawful ecclesiastical authority and repeated after the archbishop "the act of submission or absolution."

"I come to tell you I forgive; to tell you I'm glad," the 74-year-old churchman said, tears in his eyes. "By authority of my office I absolve you from the interdict."

The outcome permits parishioners to again participate in sacraments of the church and to hold the impressive Holy week and Easter services.

Shouting men, women and children had barred the Rev. Vincent Caruso, pastor designated by Archbishop Schrembs, from the church three times. The interdict was imposed after a Feb. 18 disturbance.

Contempt Proceedings Stay Won by Gov. Rivers

NEW ORLEANS, March 20.—(AP)—The United States appellate court here today granted Governor E. D. Rivers of Georgia a writ of supersedeas staying federal contempt proceedings against him at Macon, Ga., pending the further order of this court.

The contempt case grew out of the governor's use of militia to oust W. L. Miller as state highway commission chairman in defiance of state and federal courts, whose jurisdiction ws attacked today in Rivers' appeal.

Circuit Judge Samuel H. Sibley held that the question "really at issue" depended on state law and said it appeared that the state courts were "about to decide the case."

"That seriously challenges jurisdiction of the federal court," he added.

Triumvirate Marriage Broken by One Divorce

SEATTLE, March 21.—(AP)—A marriage triumvirate in which three brothers of one family married three sisters of another was broken up here yesterday when Superior Judge Hugh C. Todd granted an interlocutory divorce decree to both Martin F. Buske and Mrs. Myrtle Buske. They married in 1917.

Testimony revealed that at their wedding Martin Buske's two brothers, Joseph and Charles, met Mrs. Buske's two sisters. Joseph and Charles each married one of the sisters and the two families now reside in a duplex building here.

Buske charged his wife with cruelty; Mrs. Buske complained her husband was indifferent.

Mrs. Joseph Buske and Mrs. Charles Buske appeared as witnesses for their brother-in-law. The Martin Buske's daughter, Helen, 21, testified for her mother.

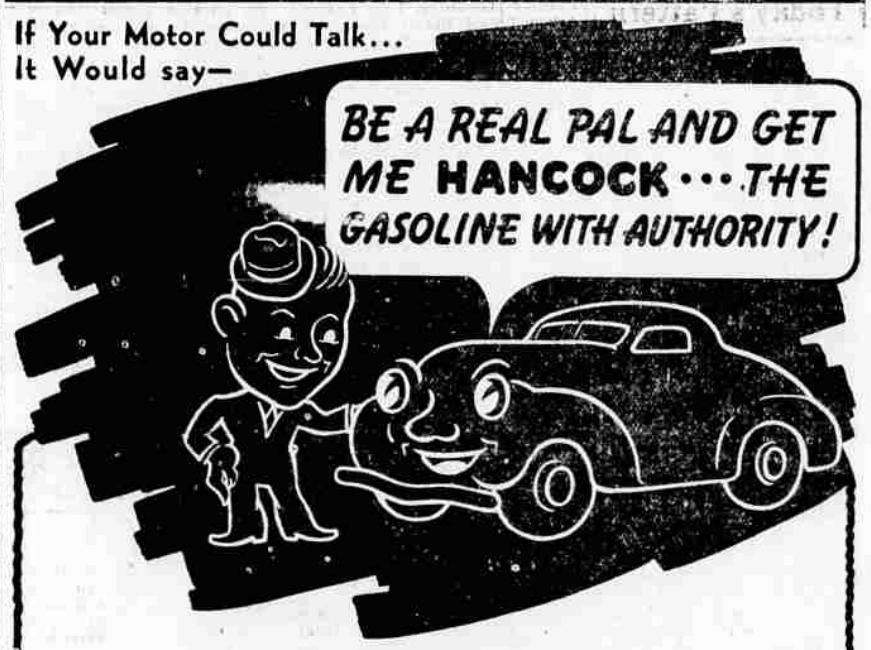
If Your Motor Could Talk... It Would say—
BE A REAL PAL AND GET ME HANCOCK ... THE GASOLINE WITH AUTHORITY!



No foolin', the "weak-sister" gasoline you have been feeding me "gets me down." I just can't "do my stuff" with it.

Put me on a steady diet of HANCOCK and I'll show you what I can really do. You'll notice the improvement in my all 'round conduct...and how much better you'll enjoy the trips we take, whether just around the corner or "over the hills to far away."

You see, HANCOCK is the result of nearly two decades of scientific study, research and experiment. HANCOCK has refined hundreds of millions of gallons of gasoline in its gigantic refinery, and believe me, we motors appreciate the *authority* that is in HANCOCK.

How about it, Pal? Give us both a treat. Let's start *NOW* to enjoy the *authority* of...
