

### Weather May Halt Baseball Openers

#### Rain Threatens Every Major League Club; Yankee Stars Jinxed by Injuries.

By JUDSON BAILEY  
NEW YORK, April 16.—(AP)—Menacing clouds east the getaway of baseball's 16 major league clubs into gloom and uncertainty today, but all were chafing for the chance to spring into action.

The weather, fair and cold throughout the east and midwest over the week-end, turned traitorous on the eve of the opening and not a single game was safe from the threat of the elements as the flag-raising time approached.

From every one of the inaugural sites came the same report—cold, cloudy and showers threatened. Whether any of the games were to be played depended largely on when the showers started—early or late—in the respective cities.

The schedule called for these eight openers:

- National League: Chicago at Cincinnati, Pittsburgh at St. Louis, Philadelphia at New York, Brooklyn at Boston.
- American League: New York at Philadelphia, Boston at Washington, Cleveland at Chicago, St. Louis at Detroit.

**Injuries Hit Yanks**  
Naturally the debut of last year's champions was the chief spectacle in each league.

The four times American league and world champion New York Yankees went to Philadelphia without Joe DiMaggio and handicapped by other injuries. It was the fourth time in five years the great outfielder had been absent from an opening, so the fact that he was in New York nursing a twisted knee could hardly be considered vital.

However, Red Ruffing was hit by a batted ball in practice yesterday making his start also doubtful; Joe Gordon has been out of the lineup for two weeks with a Charley horse and Reserve Outfielder Jake Powell is convalescing from a brain concussion.

Manager Joe McCarthy planned to use Monte Pearson if Ruffing was unable to play today and Connie Mack countered with Lefty Chubbly Dean.

At Cincinnati the Cincinnati Reds were ready to start the defense of their National league title in a game with the Chicago Cubs that was sure of a capacity crowd of approximately 35,000.

Two of the finest hurlers in the senior circuit, Paul Herringer of the Reds and Bill Lee of the Cubs were the mound choices.

Dunham's Transferrers won the championship of the City Bowling League by taking three straight games from the Veterans Facility last night as the City league completed its season's schedule. Roseburg Alleys finished in second place although beaten two out of three games by the Umpqua Cleaners.

The Eagles lodge took three games from Roy's Men's Store and Copco No. 1 took two out of three from the Elks lodge. George Barr rolled high game and high series scores, 216 and 619.

Scores:

### RHS Tennis Team Loses to G-Pass

Roseburg high school's potential strong tennis team suffered an unexpected reverse Saturday night when it dropped a 5-to-2 decision to the Grants Pass high school racketeers on the latter's floodlighted courts.

Coach Homer Gros's proteges had previously defeated the Cave-men here, 6 to 1. It was the first defeat of the season for the local whose victory list also include a shut-out triumph over Coos River, 7-0.

The Indians were somewhat lucky to emerge on top with their two matches as Brentmeyer, Grants Pass player, was forced to default his match to Clyde Carstens, Jr., when he was unable to continue play because of a leg cramp. Carstens, however, was leading at the time, 6-4, 4-6, 5-1. Casey and Carstens teamed for Roseburg's remaining victory when they defeated Wright and Treadgold, 6-4, 6-3.

The next opponent for the locals will be University high school of Eugene, here, Saturday, April 20.

Results of the matches were: Treadgold, G. P., defeated Casey, R., 6-1, 6-4; Carstens, R., defeated Brentmeyer, G. P., 6-4, 5-4; Stoll, G. P., defeated McLoughlin, R., 6-4, 6-4; Wright, G. P., defeated Ness, R., 7-5, 5-7; Hayward, G. P., defeated Campbell, R., 7-9, 6-4, 6-3; Stoll and Hayward, G. P., defeated Ness and McLoughlin, R., 6-2, 6-3; Casey and Carstens, R., defeated Wright and Treadgold, G. P., 6-4, 6-3.

### Grading Delays Shipping of Fruits, Vegetables

A total of 1,641 horticultural inspections were made in March by the plant division of the Oregon state department of agriculture and grades and standards violations were reported on 43 million pounds of fruits and vegetables. Most of the violations were due to failure to mark grades on commodities, and the produce was released as soon as grades were furnished. A comparatively small quantity failed to make the grade claimed in the labels.

Six hundred and fifty more carloads of fruits and vegetables were certified by the federal-state shipping point service during March than in the previous month. Reports the state department of agriculture. The major shipments included 131 cars of apples, 185 cars pears, 1,125 cars potatoes, and 294 cars of onions.

### Factory Clerk Seventh to Bowl Perfect 300 Score

DETROIT, April 16.—(AP)—While champions and near-champions have fallen by the wayside, a respected factory clerk has become the hero of the American bowling congress.

Rolling with fellow kesters looking on, 40-year-old George Pallage, of Akron, Ohio, yesterday became the seventh person in the history of the A. B. C. to roll a perfect 300 game.

In the 40 years since the A. B. C. came into being, only six bowlers had accomplished the perfect game in the annual tournaments. In that time more than 200,000 bowlers have rolled 2,100,000 games.

### News of 4-H CLUBS

The "Stitch and Chat" club held its weekly meeting Friday at the home of Mrs. J. M. Bartley. Refreshments of chocolate and cookies were served before the business session.

The girls had received in time for this meeting some interesting patterns for doll clothes presented to them by McCall Pattern company. These patterns are made as carefully and accurately as the regular patterns. They include undergarments, dress and sunhat.

During instruction period Mrs. Bartley taught the girls who had missed quilting how to "ind their quilts." So the books came in for a large share of discussions, as the girls tried different ways of arranging samples of the stitches used in their sewing this year. The rest of the meeting was taken up in playing games.

On April 12 the "Tree Helpers" had a test on identifying woods at their meeting. Plans were also made for the trip to Hinkle creek on Saturday. Ice cream and cake were served.

At 11 a. m. Saturday we piled into the pickup and started off for Hinkle creek. A fine luncheon was eaten, consisting of a large fryng pan heaped up twice with cold baked beans, enough hotdogs for twice the usual amount of people and the various lunches of the members.

After a futile attempt at fishing at Hinkle creek, we went again on the road. We next went to the logging camp on Hinkle creek and examined a donkey engine. Then we watched the loading of a logging truck. After getting samples of most of our necessary trees, we went to the west side, where we got some samples from a recently fallen ponderosa pine. All members agreed we had a swell dinner and trip.

(By Josephine Wright)  
The Woodcrafters of Days Creek,

since it is so near exhibit time, spent most of their last meeting working on exhibits. Many of the members have material to be saved and this was worked out. Other girls talked and planned to make each member is planning to make a course of study to accompany their exhibit boards. This will contain material regarding the exhibit and will help to explain the purpose of the exhibit.

An interesting meeting of the Junior Foresters was held at the school Thursday. Plans were checked for exhibits at the Spring fair. It was found that each member is progressing nicely.

Mrs. Fritz Snyder organized a Rose and Flower Gardening club at the Days Creek school Monday. Margie Wright was elected president, Violet Goin vice-president, and Maxine Welch secretary. Other members are Hazel Welch, Alice Mae Welch, Mildred Sjore and Josephine Wright. This club plans to carry on their work during the summer months.

The Master Marketeers of Days Creek and the club of Canyonville greatly enjoyed Marketing day Saturday in Roseburg, sponsored by the Roseburg chamber of commerce. They were transported to Roseburg by Ray Wright, local bus driver. Those attending from the local school were: Marshal Matthews, Norval Ferguson, Clifford Wooster, Janet Chenoweth, Milna Davis and Zelma Ayres. It was also high school play day and a group of girls from both schools attended this enjoyable event.

**Cecil Pierce Winner of R.H.S. Speaking Contest**

Cecil Pierce, representing the senior class, won the extemporaneous speaking contest held Friday at the Roseburg senior high school auditorium. There was one participant from each class, and each contestant was given one hour in which to prepare a talk on an assigned subject. Second place was won by Florence Hamilton, representing the junior class, and Anita Young won third place for the sophomores. The seniors now lead with 22 points in rivalry for the interclass cup, with the sophomores holding 21 points and the juniors 18.

**CLUB MEETING DATED**  
CAMAS VALLEY, April 15.—The April meeting of the Camas Valley Parent-Teacher club will be held at the schoolhouse at 8 p. m. Wednesday, April 17. Attendance of all members is urged as plans for a swim school are to be discussed and a nominating committee will be named to propose club officers for the coming year.

"Live Forever." C. A. Brand's on the highway.—(Adv.)

**The AMERICAN ACADEMY OF ACCOUNTANCY**  
is please to announce the appointment of **Lloyd L. Lowell** as Consultant-Instructor for Roseburg and vicinity.

### ASK THIS QUESTION WHEN YOU BUY A TRACTOR

Q—How long will it last?

A—The first "Caterpillar" Diesel Tractor ever built is still working on regular schedule logging in the Sierra Nevada mountains. The first "Caterpillar" Diesel sold for farming is likewise carrying on its regular duties for Schuder Bros., near Woodland, California.

From the standpoint of hours many "Caterpillar" Diesel owners report their tractors have worked 15, 20, and even 30 thousand hours and are still going strong.

Drop in and we'll answer this question more fully.

\*This is the fifth in a series discussing important points to remember when selecting a tractor.
