Fort Lewis "War"

To Draw 40,000

PORT LEWIS, May 22.—(AP)—Details of intensive summer maneuvers that will concentrate 40,000 troops here during August were revealed today.

The troops, including regular army, national guardsmen and reserve officers from throughout the west, will train in the Fort Lewis-Centralia-Chehalis-Grand Mound area of southwest Washington.

A four-day mock war, involving war planes, light tanks and other hit-and-run military weapons, will be held August 14-17 in the heavily wooded, river-cut prairie region south of Fort Lewis.

The concentration, heaviest at Fort Lewis since the first world war, is being held under the president's "limited emergency" decree. It will bring together virtually all mobile units of the ninth corps area, composed of California, Oregon, Washington, Idaho, Montana, Utah, Wyoming, Nevada and Alaska.

The fingers and eyes of professional soldiers of mobilization have to be so sensitive they can divide batches of goat's hair into 37 classifications that vary only 30 ten-thousandths of an inch.
