Every state, county and city official or board...

In the test tubes of the chemists a new independence is being created for the United States.

As scientists bend to their tasks of research, each day brings us closer to the time when we shall no longer have to speak of "vital interests" in the Far East or elsewhere which might have to be defended by force to keep necessary raw materials coming in.

Production has actually begun on a new synthetic "rubber" made entirely of domestic materials...

India, Thailand, and other compounds are already being produced as partial substitutes for rubber.

This development of chemistry may literally change the world. In the future, they may all be producing within themselves all vitally necessary raw materials...

There is not one single vitally important chemical that the United States cannot produce.

The plastics and resins are only beginning to show what they can do, and already airplane fuselages and wings are being "moulded" from such materials.

Like a strange modern recapture of the Children's Crusade in Canada to bring over the seas thousands of children, refugees from Great Britain, France, Holland, and other invaded or endangered countries.

That the children of that remote island in the Middle Ages went of their own volition driven by what seems to us today a frenzy of religious zeal.

It does Canada credit that she is willing to take them in. And it is good to know that in one place in the world there beautifully simple souls speak or long ago "to the farther side of Jordan" have not

been forgotten: "Suffer the little children to come unto Me, and forbid them not: for of such is the kingdom of God."

May we intrude on the all-engrossing war news for a moment to tell how a man has struck a blow for life, and not for death?

Dr. William C. White and several associates are experimenting with the results of a plan they worked out for getting radioactive phosphorus into tubercle bacilli, the germs of tuberculosis.

Surely it is not impertinent to note that among all the destruction and death, the forces of life too have made some progress.

Editorials on News

It is that no high-minded motives are lacking of it. Whatever is in the wind will be dictated by selfish interest.

LOOK for plenty of news in the next few days.

For weeks, the struggle has been localized by Germany's drive against Britain and France in the west, but Italy's well-advertised plunge into the fray has upset the delicate balance that had been precariously and temporarily established.

The nations (big and little) that have been on the sidelines at the war has stood so far will have to do some fall scrambling to get readjusted.

WHY MOTHERS GET GRAY

Brooklyn Boosts Pennant Chances

Leaders of National League Get Joe Medwick, Great Hitter, and Pitcher Curt Davis.

The Brooklyn Dodgers, who already lead everything else, now have Joe Medwick. And if they don't have the National League pennant come October it will be because there's no water in the Gowan's canal of money in the Brooklyn Trust company.

The Flushingbush are in first place and it's a fluke. They have won one of their last eleven games and never have been worse than second since the day the season opened.

No great imagination is needed to figure where a club that strong will go with the addition of the league's own grandest outfielder, who never has hit less than 200 in his five and a pitcher who won 22 games last season.

Also Get Good Hurler Curt Davis, whom the Dodgers obtained yesterday from St. Louis along with Medwick for four players and cash, may prove as great a value as Medwick. The Dodgers were on the verge of a pitching shortage and last night at St. Louis, both designated Lefty Tammels as a front-line starter.

He gave up four hits and hit one batter for three Pittsburgh runs without ever getting a triple out in his five and a pitcher who won 22 games last season.

Also Get Good Hurler Curt Davis, whom the Dodgers obtained yesterday from St. Louis along with Medwick for four players and cash, may prove as great a value as Medwick.

This victory was enough to knock Brooklyn out in front of the Cincinnati Reds, who edged out Philadelphia Phillies 2-1 in another night game.

Their triumph set a showy stage for the following series, these two teams will open in Brooklyn tomorrow.

Boston Boosts Lead After routing Philadelphia on Tuesday the Red Sox yesterday chased Southern A. Miller, the league's leading pitcher, with a six-run eighth inning that brought victory, 5-2.

The Philadelphia Athletics took a strange twist from the Chicago White Sox 2-2. The A's were held to three hits by Thonston Lee, but two of three were home runs by Johnson and Chapman.

The Washington Senators edged out the St. Louis Browns by the same score, 2-2, on the sixth pitch of the game.
