Every state, county and city official or board that handles public money should publish at regular intervals an accounting of it, showing where and how each dollar is spent. This is a fundamental principle of democratic government.

JUNIOR baseball time is here again!

A bunch of ambitious youngsters are working industriously to perfect themselves in America's greatest sport, and at the same time to bring credit to Douglas county. These youngsters and their sponsors are deserving of community support.

Few people realize the magnitude of sponsorship of an American Legion Junior baseball team. It means a lot of work and a lot of money. It costs from $400 to $500 to equip a team with uniforms, baseballs, bats and other paraphenalia, in addition to transportation to and from practice fields—where, as is the case in Douglas county, players are recruited from all sections—and to handle traveling expenses in connection with games.

Umpqua post of the American Legion has been for many years outstanding in the state of Oregon in baseball sponsorship. Not only does the post maintain a summer schedule for its Junior team, but at the same time is training a large group of boys from 9 to 15 years of age as future material. This activity is carried on, not solely because the American Legion members like baseball, but primarily as a part of the Legion's program in citizenship.

* * *

A youth who learns true sportsmanship on a baseball diamond, who turns out regularly for practice and competition and submits himself voluntarily to the discipline required for team play, is certain to be a good citizen.

Members of Umpqua post, particularly the team manager and members of the baseball committee, give a great deal of time and energy, without remuneration of any kind, to the baseball activity. In recent years the committee members have had to dig into their own pockets to help finance the costs. That condition is not right. The Legion post is putting on the baseball program to produce better citizens for Douglas county. The community should be willing to at least cooperate to a sufficient extent that there should be no cost to the post.

* * *

The Douglas county team meets a similar team from Eugene at Finlay field Sunday. During the next few weeks there will be several exhibition games, and three games played locally in district competition. These games merit your paid attendance. You are assured a good game, at least you will see a hustling baseball team of youngsters doing the best they can to win in a clean, sportsmanlike manner. They may do some ragged playing—that is only to be expected from such an age group—but the team is worth supporting and rooting for.

The facilities of the field are not to be commended. While the school board has built a good diamond, the accommodations for spectators are not of the best. Only a limited number of bleacher seats are available. Fans will have to bear some discomforts, but regardless of this fact should give the Legion Juniors their full support and should attend the games if for no other reason than to help this worth-while activity along.

Today's major league team rosters are filled with players who made their start in American Legion Junior baseball. Some of the boys who recently played for the Douglas county team are headed for baseball fame, particularly Glenn (Lefty) Elliott, of Myrtle Creek, whose sensational pitching as a Legion Junior and for Oregon State college has assured him a place in professional baseball whenever he desires. Perhaps in next Sunday's game you will see a performance by some youngster who within a few years will be the country's noted player, and then you can say, "I was there!"

they were headed for the Panama canal. Both the White House and state department tell questioners they "have no news" of the fleet.

THERE was much talk of "isolation" these days while the Republicans were making their platform in Philadelphia.

"Isolationist" is about as hard to define as "liberal." It all depends on who is making the definition and what he wants to convey.

"ISOLATIONIST" has become a smear-word, like "stand-patter" or "reactionary." It is used widely by politicians who want to put an opponent in a bad light.

This writer defines himself as an isolationist in the sense of believing that the western hemisphere has a way of living that is peculiarly its own and that is WORTH DEFENDING. The way to preserve our way of living is: (1.) To defend it against all attackers. (2.) To refrain from meddling in the affairs of hatred-ridden Europe.

No sensible person ANYWHERE believes that this or ANY OTHER country can build a wall around itself and live alone.

## "Jerry" Goodman Heads Local Goodyear Store

G. C. (Jerry) Goodman, former resident of Roseburg, has returned to this city to serve as manager of the local Goodyear store. He succeeds Herman Anholt who is to engage in a private venture, and who left last night for Portland to spend a few days making arrangements for his future activities.

Mr. Goodman was employed in Roseburg from 1933 to 1936 in the service of the Shell Oil company and has since been employed with the Goodyear company at Baker and Astoria. His family will join him here in about two weeks.

## New Methodist Pastor Arrives in Roseburg

The Rev. Melville T. Wire, former Methodist pastor at Ashland, has arrived in Roseburg to occupy the pulpit at the local Methodist church to which he was assigned at a recent meeting of the church conference held at Portland. He will preach at the regular services Sunday. The Rev. Mr. Wire succeeds Dr. Louis Magin who has resigned from the active ministry and will establish residence in New York City.

## Tax Increases to Commence July 1

**List Includes Liquor, Gasoline, Cigarets, Automobiles and Theater Admissions.**

PORTLAND, June 28.—(AP)—Liquor, cigaret, automobile, gasoline and admission taxes are—brace yourself—going up July 1.

Some other taxes will be increased, too, but they affect fewer persons. Here's the dope, presented by J. W. Maloney, collector of internal revenue:

Cigaret taxes will climb one half cent a package, payable on floor stocks held by wholesalers and retailers July 1 as well as on new supplies. However, indications are that manufacturers will increase their sales prices, making cigarettes 15 cents a package straight to consumers.

All dealers must inventory stocks on hand at the close of business June 30, notify the collector and wait for printed tax return forms. As soon as the printed floor-tax returns are received from the bureau at Washington, they will be mailed to dealers, with instructions as to preparation, computation of tax, etc.

This floor tax would be due from all proprietors of hotels, restaurants, confectioneries, grocery stores, lunch counters, pool halls, cigar stores, news stands, retail liquor dealers, retail dealers in beer, and any other person or firm selling cigarettes.

Liquor prices will go up 75 cents per proof gallon, amounting to approximately 15 cents a pint and 25 to 30 cents a quart.

Retail dealers of fermented malt liquors—beer and ale—must pay $1 a barrel on floor stocks stored outside the place of business. Beer and ale supplies on the premises at the time the increased tax becomes effective will pay no additional tax. There is no floor tax on wines.

**Gas, Theatre Taxes Upped**

Gasoline taxes will be increased one half cent per gallon. There is no tax on stocks held at the close of business June 30.

The admissions tax increase lowers the exemption level from 40 cents to 20 cents. In other words, admissions formerly were taxable at 41 cents or more. On July 1 they will be taxable if 21 cents or more. The tax is roughly 10 per cent of the admission price.

The taxes on trucks, automobiles and automobile parts are being increased, but don't get panicky and buy a new car today.

The tax on trucks has been 2 per cent of the manufacturer's sale price—not the retail price. It will be increased to 2½ per cent.

**Cars Also Affected**

On passenger cars the tax has been 3 per cent, also of the manufacturer's price. It will be 3½ per cent.

"This means," said S. F. Lamb, chief of the miscellaneous tax division, "that an automobile selling here for $1000 probably pays $150 freight charges. Knock that off. Deduct the dealer's profit, which probably is $150 to $250. That leaves the manufacturer's sale price of $600 to $700. On $700, the old tax was $21. Another one-half per cent makes it $3.50 more—$24.50. That's all."

Collector Maloney said there was no tax on automobile floor stocks and that "salesmen who are pressing sales on the grounds the prices of automobiles are going up materially could be prosecuted for misrepresentation."

PORTLAND, June 27.—(AP)—Former Governor Charles H. Martin declared yesterday that "we should keep our . . . mouths shut and not go around insulting people who are armed while we are not."

He told a civic meeting that wars are the natural state of man and warned that young men must adjust their lives "to the thunderstorm that is upon us."

## DAILY DEVOTIONS
DR. CHAS. A. EDWARDS

The early Christian church lacked what we today consider most important and imperative, viz., buildings, a fixed organization, an ecclestical order, a dogmatic system of theology, stereotyped traditions, standards of orthodoxy, a special vocabulary, a Canon of Scripture. But it had some things we often lack—an experience of release and freedom, an urge and sense of mission, a certainty that something infinitely valuable was at stake. And so the church rode on full tilt into a world as full as ours of strange expressions of human nature and proved that Spirit, not matter, must prevail, invincible goodwill, and not political power will transform society. We must at all cost recover the experimental mood of the early church, get its sense of being able to do the impossible things about to take place, again incarnate in our lives the sense of release, or we shall sink once more into darkness, and chaos will engulf us. We may be the gates of God through which new life may break into the day we are now living and restore the spiritual refreshings so prominent in the early church's experience. Amen.

"The Best Fellowship in the World" is the sermon topic at 11 a. m.

## ODDITIES

By the Associated Press

### Lightning Doubleplay

MARIETTA, O.—A bolt of lightning shot into Mrs. Pete Silvus' kitchen, knocked a skillet from her hand, jumped to a nearby field and knocked a pitchfork from her husband's grasp.

The husband escaped injury, but Mrs. Silvus was burned severely.

### Grounds for Divorce

PITTSBURGH—A husband told the judge his wife was nice to him only a day or two before paydays.

On other days, the husband said, she refused to cook, threw bricks and clocks at him, bought expensive furs he couldn't pay for, punctured his automobile tires with an ice pick, threw his clothes out the window and entertained other men.

The husband had no trouble getting a divorce.

### Tip Goes Wrong

LINCOLN, Neb.—Harry Swallow decided to take the last ten numbers on the mileage speedometer of the taxicab that bore him to Ak-Sarben race track, then play those numbers in the daily double.

If the cab had rolled 1-10 of a mile farther he would have played 60. He played 69, and 60 paid $535.80 when horses 6 and 10 came in.

### Slow Pay

CHICAGO — Hardin Halthope, who is 35, has reason to look forward to the day when he will be 74—on that birthday he will have paid up the $2,000 separate maintenance arrearage to his wife.

Judge Rudolph Desort, in ordering him to make the payments at the rate of $1 a week, figured that 38 years and 24 weeks would be required.

**NOTICE ODD FELLOWS**

All Odd Fellows are requested to meet at I. O. O. F. hall Saturday, 2:00 p. m. to attend funeral of Brother Charles Verrell. By order of Noble Grand.
(Adv.) A. J. Geddes, Secretary.

More than 12,000 rat tails were turned in to the county agent in a drive to rid Scotland county, Missouri, of rats. The merchants offered a bounty of one cent a tail, estimating that each rodent would do damage of $1 a year.

"SWEET HOUR OF PRAYER"
*Rev. Wm. W. Walford

"Sweet hour of pray'r! sweet hour of pray'r!
That calls me from a world of care,
And bids me at my Father's throne,
Make all my wants and wishes known!
In seasons of distress and grief,
My soul has often found relief,
And oft escaped the tempter's snare,
By thy return, sweet hour of prayer."

*This hymn, considered the most popular prayer hymn of the 19th century, was written by the Rev. Wm. W. Walford, a blind minister, in England in 1842. Although handicapped by lack of sight, he possessed a keen mind and in his preaching quoted the Bible accurately, including the references, thus gaining the reputation of knowing the Scriptures by heart.
