### DAILY DEVOTIONS

DR. CHAS. A. EDWARDS

A great scientist, the discoverer of chloroform, and one of the most eminent scholars of his generation, was once asked by a friend to name the most wonderful discovery he had ever made to which he replied: "The greatest discovery I ever made was the discovery I had a Saviour." That answer is no oozy Saccharine sentiment. It is the essence of life's greatest experience. A college graduate of some years past recently stated: "I have traveled all over the world and have yet to find out what life is all about." That is tragic, but always true of those who do not know Christ. Do we know Him? Not as a vague deity, but as a personal Saviour? If you do, there arises a dissatisfaction with your devotion to His church and His kingdom. At the same time you gain power to do His will. If you have not discovered His wisdom, then make up your mind now to give your heart's best devotion and loyalty to His adventure. I will recognize the needs of others and minister there in the spirit of Christ, who loved me enough to share His all that I might enjoy His riches in glory throughout an endless eternity. Amen.
