

Cuts Estimated in Corn, Wheat Crops

WASHINGTON, July 10.—(AP)—The agriculture department today estimated the 1940 corn crop at 2,115,298,000 bushels and total wheat production at 728,644,900 bushels, on the basis of July 1 crop conditions.

Corn production was 2,619,137,000 bushels last year and in the 10 years, 1929-38, average 2,299,342,000 bushels.

The country's wheat crop totaled 754,971,900 bushels last year and averaged 754,685,000 bushels during the ten years.

Winter wheat production was put at 523,900,000 bushels, compared with 488,588,000 bushels estimated a month ago. 563,431,000 bushels produced last year and 571,967,000 bushels, the ten-year average.

Today's first estimate of spring wheat was 204,654,900 bushels. Production was 191,540,000 bushels last year and the 10-year average was 183,619,000 bushels.

Barley, included in spring wheat, was forecast to yield 34,954,000 bushels, compared with 34,569,000 bushels last year, and a ten-year average of 29,619,000 bushels.

Indicated production of other important crops, based on their July 1 condition, was estimated as follows: (With comparative figures for last year and the 10-year average.)

Sugar beets: 10,619,000 tons, against 10,773,000 and 8,937,000.

Hops: 29,868,000 pounds, against 23,359,000 and 24,310,000.

Peaches: 52,436,000 bushels, against 60,822,000 and 52,723,000.

Pears: 31,340,000 bushels, against 31,370,000 and 26,333,000.

Congressmen Who Stay at Desks Win

OKLAHOMA CITY, July 10.—(AP)—Oklahoma's nine congressmen, who stuck to their jobs in Washington and let campaigning back home take care of itself, apparently were rewarded today with renomination by the state's democrats.

Balloting was much lighter than in the 1938 elections, when 600,000 votes were cast.

Fastest runner of all was Will Rogers, congressman-at-large. He trampled the hopes of former Gov. William H. "Alfalfa Bill" Murray and 15 other opponents. Murray, in the twilight of a long and turbulent career in Oklahoma politics, sought to get back the position he held when the state still was in its infancy.

Joining him on the sidelines was another former governor, E. W. Marland, who ran behind Representative Phil Ferguson, Woodward banker-rancher.

Unofficial returns from 2,461 of 3,613 precincts showed Rogers had piled up 100,692 votes to 70,135 for Murray. Not another candidate in the race had a vote in five figures.

In the eighth district Ferguson polled 19,868 votes to 4,473 for Orville M. Savage of Perry and

Nazi Agent Faces U. S. Indictment

LOS ANGELES, July 10.—(AP)—Dr. Herbert Hoehne, 29-year-old German, was indicted by a federal grand jury today on two counts—failure to register as the agent of a foreign government and failure to notify the secretary of state of his presence in this country.

The indictment was returned shortly after William Fleet Palmer, acting United States attorney here, had presented the case to the grand jury.

After telephone conversations with Washington state department officials, Palmer said he would not proceed against Consul General Fritz Wiedemann and Chancellor Herman Loeper of the San Francisco German consulate. Hoehne visited them recently at San Francisco en route from Yokohama to Central and South America, and picked up some diplomatic mail packages to be delivered to south-

ern German consulates. In San Francisco, Wiedemann contended Hoehne could serve as a diplomatic courier without violating the registration law.

Slightly ungrammatical, maybe, but every time Adolf opens his mouth he puts his feet in it.

Oregon's Own and Only Sugar Salutes

... Klamath Falls

and her Timber and Potatoes

Timber is Klamath county's most important industry, but agricultural income ranks a close second with \$11,000,000 per year. Potatoes account for nearly half of that. Klamath potato farms yield 300 to 500 bushels an acre, and the quality is unequalled in America.

Klamath county is also proud of its new industry—the growing of sugar beet seed. You of Klamath Falls realize, as few others do, the value of the beet sugar industry to Oregon, and its possibilities of expansion. We take the pledge with you, for a greater Oregon sugar industry... and guarantee the maintenance of the same high quality in our sugar.

FACTS ABOUT KLAMATH FALLS

Value of timber cut in 1936, \$13,142,073. Agriculture income 1936, \$16,800,000. Area under irrigation, 27,484 acres. Manufacturing plants, 28. Number men employed in sawmills, 6,150. Approximate population, 40,000. A hunter's and fisherman's paradise with many mountain lakes, including famous Crater Lake.
