Every state, county and city
official or board that handles
public money should publish at
regular intervals an accounting
of it, showing where and how
each dollar is spent. This is a
fundamental principle of democ-
ratic government.

SOON now members of the na-
tional guard and reserve corps
are going to begin leaving civilian
life for a year's tour of duty on ac-
tive service.

The uniform is going to be seen
in places where it has seldom been
seen in the past. Thousands of
families and business offices and
factories will see the vacant chair,
the cleared desk, the bench or ma-
chine on which a new hand is be-
ing "broken in."

In the past, national guard and
reserve corps service did not
mean those things. These peace-
time soldiers gave up their regular
vacation time to learning how to
defend their country. Their ab-
sences in training were brief.

But now being called up for
training means real disruption in
personal and working lives. It is
no longer enough that American
soldiers can be given brief courses
in fundamentals and called ready.
War as Europe presents it to our
eyes today means skill and team-
work comparable to that of a well-
oiled football team. This takes
time. These young men are giv-
ing it.

All honor to them! These national
guardmen and reserves are the
men who saw the need when the
rest did not see it. They are the
ones who gave evenings, and
weekends and vacations to their
country when the rest were indif-
ferent. They have had unpleas-
ant service to perform in case of
domestic disorder or natural cat-
astrophe. They have been suc-
ceeded at as "tin soldiers," and sniffed
at by the complacent.

They stuck to their organiza-
tions in the lean years when no-
body cared. Now the nation calls
them first. Now they look better
than the sneerers and sniffers.

The duty on which they will
soon embark is not theirs alone.
Those who do not go also have a
duty. It is to cooperate and help
in every possible way to minimize
the sacrifices they make.

So far as possible their jobs
should be kept ready for their re-
turn, so that in addition to a year
of their lives, they need not also
face the prospect of "beginning
over" when their training is over.
Consideration and help for their
families and obligations are in or-
der.

These young men are about to
shoulder, voluntarily, their obliga-
tions as citizens to bear arms in
defense of their country.

This does not shift the obliga-
tions for those who do not march.

of \$527,000,000 a year. He added:
"That sum, it is interesting to
note, approximates what the gov-
ernment has paid farmers to re-
duce acreage and production."

That is to say, for each dollar's
worth of farm crops we've hired
ourselves NOT TO PRODUCE
we've brought in a dollar's worth
of competing foreign farm pro-
ducts.

It sounds screwy, but appears to
be true.

Says False Spy Charge By Patman Drew Threats

WASHINGTON, Aug. 30.—(AP)—
Carl Byrd, New York publicity
man, told the Dies committee yes-
terday that daily threats of "death
or worse" had been made to him
as a result of Representative Pat-

man (D., Texas) accusing him of
being a Nazi spy and propagand-
ist—accusations Byrd denied in
 toto.

Byrd testified after Patman had
spent more than two hours pre-
sents what he said was evidence
that Byrd had been retained by
Adolf Hitler to disseminate Nazi
propaganda and, as a result, was
unfit to hold his rank of lieuten-
ant-colonel in the U. S. army re-
serve.

Byrd told the committee that in
the 50 days since Patman first
made his charges on the house
floor there was scarcely a day
that someone did not call his of-
fice and threaten him or write
letters saying "we're going to
blow you up."

He said this was directly due
to Patman's assertion that he had
no doubt that Byrd had been re-
tained by the German government
to set up the "greatest spy orga-
nization in the history of the world."

Residence Near City Destroyed by Flames

Fire of undetermined origin
Thursday afternoon destroyed the
two-story frame residence build-
ing owned by Bud Whitaker and oc-
cupied by Mrs. Alice Goff and chil-
dren. The building stood just out-
side the north limits of Roseburg
and, therefore, the fire was not
fought by the fire department. The
firemen responded to a call, how-
ever, and prevented accompanying
grass fires from spreading to prop-
erty inside the city limits.

Mrs. Goff and her three children,
who were in the living room of the
house, had a narrow escape from
the flames, which apparently started
in the basement. They lost all of
their household goods. Mrs. Goff
received minor burns in fight-
ing the flames.

Voting Right Not Lost By Military Conscripts

PORTLAND, Aug. 30.—(AP)—
Military conscripts need not worry
about losing their right to vote,
County Clerk A. A. Bailey said to-
day.

Under a state law all qualified
voters in any branch of govern-
ment service have a vote no mat-
ter where they are stationed. If
away from home or out of the state
they can vote through absentee
ballots.

OUT OUR WAY

GUIDANCE TO RECREATION

Fishing prospects, highway and forest condi-
tions summarized in week-end bulletin
of the Umpqua National Forest.

Steelhead Fishing

Steelhead fishing is somewhat
improved over last week, although
not as good as it was earlier in
the season. From Idleby park the
report comes that several of the
great game fish are being taken
each day, best flies being golden
demon, royal coachman, and parma-
belle. At Steamboat a fisherman
took two nice ones in front of the
ranger station Wednesday evening.

Without question, there has been
a much larger run of steelhead this
year than for several years past,
and the pools throughout the steel-
head waters are well filled with
fish.

In the North Umpqua, the stretch
of river recognized as steelhead
water extends from Rock creek
seven miles above Glide, to the
Mott bridge just above Steamboat.
Of course, occasional fish are taken
above and below these points,
but these are the generally recog-
nized bounds. Many fish spawn in
the river as far up as Copeland
creek and even farther up. Trout
falls, but they are seldom caught this far
up. The theory is that it is the
traveling fish that strikes. After
reaching the spawning waters, the
fish become less active and spend
the months of waiting in a state of
inactivity, during which it is al-
most impossible to take them with
hook and line.

Trout Fishing

Trout fishing is good in the
streams of the Diamond lake sec-
tion, especially in those waters not
readily accessible. At Diamond
lake, both fly fishing and trolling
are reported to be fair. Limit
catches are being taken on trout
streams and on fishers. In the
North Umpqua, a run of large cut-
throats is reported from Idleby
park. A number of fish from one-
half to two and one-half pounds
have been taken on steelhead flies.
Salmon eggs and crawfish tails
are also yielding good results on
these large trout, both in the lower
river and in the Steamboat area.
From the South Umpqua and Bo-
hemian sections, the fishing is re-
ported to be poor.

Game

Forest rangers report that the
deer and game birds are more plen-
tiful this year than for many years
past. It is probable that the extra

Rotarians View Movie Of Industries, Scenery

Members of the Roseburg Ro-
tary club and their guests yester-
day were given the opportunity to
view some forty minutes of
movie film which will be shown
hourly in the Douglas county
booth at the Oregon state fair.
The film was taken by E. A. Brit-
ton, who exhibited the film and
supplied a descriptive talk with
it. Views of Douglas county farms,
stock, homes and beauty spots are
included, as well as considerable
footage showing Douglas county
from the air.

Accepting the invitation of the
Marshall-North Bend Rotary club,
six members of the Roseburg
club attended a potluck supper in
Marshall last evening. The meet-
ing was held in the newly con-
structed community house in
Marshall's 60-acre park. Roseburg
Rotary club members who made
the trip to Marshall were Don
Radabaugh, Bruce Melles,
Story Iles, Vic Mielil, Bill Adair
and Harris Ellsworth.

Movie Stars Olivier, Vivien Leigh Married

SANTA BARBARA, Calif., Aug.
30.—(AP)—Laurence Olivier and
Vivien Leigh, movie stars recently
divorced by their respective
spouses, became husband and wife
today and set out at once on a mo-
toring honeymoon. Driving up from
Hollywood last night, they picked
up Municipal Judge Fred Harsh
and the clerk of his court, Jack
Lewis, and drove to the home of
socialite friends in suburban Mon-
teito.

There, just a minute after mid-
night on expiration of the three-
day waiting period required by
state law, they were married by
Judge Harsh.

Sunday at the Churches

DAILY DEVOTIONS DR. CHAS. A. EDWARDS

A good deal is said on plat-
form and in pamphlet about loy-
alty in life. The psalmist speaks
of God's loyalty to man. This is
loyalty from a different angle
than the usual. With his genius
for understanding our human
moods, especially for interpret-
ing man's religious experience.
He puts this into song. What a
beautiful refrain it is: "I praise
thee for loyalty to me, my God."
It was a very intimate,
personal thing for him to say
and might easily have become
a gush of sentiment. But it has
the ring of reality and every
evidence of being sincere. Life
had not always been easy-going
with him. He had known the
depths of sorrow and often had
he failed to be true to his vows,
but there was a deep longing in
his heart to have fellowship
with God, and there was a loy-
alty that proved true in his keen-
est needs. Man needs for ade-
quate living more than knowl-
edge and obedience to physical
stock, homes and beauty spots are
included, as well as considerable
footage showing Douglas county
from the air.
