

Yule Tree Shippers Must Have Ownership Proof

All persons hauling Christmas trees into California should have with them a notarized statement showing that they are in rightful ownership of the trees, according to V. V. Harpham, supervisor of

the Umpqua national forest. Mr. Harpham reports his office has received word that all shipments will be halted and a check made of credentials. A California law requires proof of ownership of all trees transported for sale. While the law does not apply to trees cut outside the state of California, the hauler will

Umpqua Archery Club Plans for a Busy Season

UMPQUA, Oct. 21.—The Umpqua Archery club opened its fall season with a business meeting and annual election of officers at the clubhouse Sunday, October 27. The afternoon was spent making improvements and repairs about the building in preparation for indoor target shooting during the winter. Later the ladies of the club served a potluck supper. At the business meeting presided over by President Kenneth Clayton, the following new officers were elected: President, A. R. Hill; first vice-president, Gail Winniford; second vice-president, Cal Henry; secretary-treasurer, Gertrude Hebard; reporter, Lois Mode. The Umpqua club, organized last year by a small group of enthusiastic archers has grown to an active club of more than thirty members at the present time. Facilities have been constantly improved and enlarged until there are now five targets available at anytime. The team entered by the club in the tournament conducted last year by the Olympic Bowman league placed tenth in a field of thirty-seven teams entered from all parts of the United States. This year there will be two men's teams and a ladies' team entered and from all indications the Umpqua group will be able to better their former score by a considerable margin.

Bishop Ousted As Salem Club Boss

SALEM, Ore., Oct. 31.—(AP)—Albert "Biddy" Bishop said yesterday that he had been discharged as general manager of the Salem Senators of the Western International Baseball league. Mrs. George E. Waters, widow of the late owner, verified the announcement and said she desired to eliminate the "burden" of the business manager's salary, which was on an annual basis. "It will be a few days yet before I go into the matter of the baseball club at all," Mrs. Waters continued. "I haven't the slightest idea at this time what I am going to do." Bishop was employed as manager at the time Waters, who died Oct. 19, purchased the Bellingham franchise in 1939 and moved the club here. As manager, Bishop personally supervised construction of the \$60,000 Waters baseball park here.
